

Municipality of Mississippi Mills

SPECIAL COMMITTEE OF THE WHOLE AGENDA

Tuesday, November 24, 2020

1:00 p.m.

Council Chambers, Municipal Office

3131 Old Perth Road

Pages

A. CALL TO ORDER

B. DISCLOSURE OF PECUNIARY INTEREST AND GENERAL NATURE THEREOF

C. APPROVAL OF AGENDA

Recommended Motion:

THAT the agenda be approved as presented.

D. SPECIAL REPORTS

Finance and Administration

D.1. 2021 Budget 3 - 193

Recommended Motion:

THAT Committee of the Whole recommends Council approve the 2021 Budget as amended.

D.2. Budget Survey Results 194 - 221

Recommended Motion:

THAT Committee of the Whole recommends Council accept the 2021 Budget Survey results as information.

D.3. Funding for Ramsay Recreational Halls 222 - 257

Recommended Motion:

THAT Committee of the Whole recommends that Council approve three year annual funding (2021-2023) for Union Hall at \$5,500;

THAT Committee of the Whole recommends that Council approve three year annual funding (2021-2023) for Clayton Hall at \$14,500;

AND FURTHERMORE, THAT Ramsay Recreation Facility Funding be conditional upon entering into formal funding agreements between the Municipality of Mississippi Mills and the respective organizations outlining financial contributions and precluding organizations from making additional funding requests for the duration of the funding agreement (end of 2023).

D.4. 2021 Funding for Mississippi Mills Museums

258 - 305

Recommended Motion:

THAT Committee of the Whole recommends that Council approve a loan for the North Lanark Regional Museum (NLRM) in the amount of \$13,500, repayable over 3 years;

AND FURTHERMORE THAT if annual loan payments are not made funds be withheld from the North Lanark Historic Society's annual municipal grant until such time as the loan has been repaid in full;

THAT Committee of the Whole recommends that Council approve funding for the North Lanark Regional Museum (NLRM) the Mississippi Valley Textile Museum (MVTM) and the Mill of Kintail Museums (JNM & RTMM) at current budgeted amounts for 2021, which was formulated based on their 2020 allotment plus a 2% CPI Increase;

AND FURTHERMORE THAT NLRM funding past 2021 be considered after a review of strategic changes made by the North Lanark Historic Society board demonstrating consideration of recommendations from the Towards Sustainability for Mississippi Mills Museum report as well as information from other municipalities that currently share a staffing;

AND FURTHERMORE THAT Municipal funding for all Mississippi Mills Museums be reconsidered once the Conservation Authority's working group has developed and announced future plans for the Museum operations;

AND FURTHERMORE THAT all 2021 museum funding be conditional upon entering into formal funding agreements between the Municipality of Mississippi Mills and the respective museums outlining financial contributions and in-kind services from the Municipality and identifying specific objectives and performance measures required of the museums, including annual reporting on visitors.

D.5. County of Lanark Report re: Last Mile Broadband Internet

306 - 308

Recommended Motion:

THAT Committee of the Whole accept the report from County of Lanark re: Last Mile Broadband Internet, as information.

E. OTHER/NEW BUSINESS

None

F. ADJOURNMENT

Recommended Motion:

THAT the meeting be adjourned at X:XX p.m.

Introduction

The Municipality of Mississippi Mills is a growing community with a mix of both urban and rural areas. The population according to the 2016 census is 13,163.

The Municipality provides multiple services that are detailed in the 2021 budget document. These services are managed by many departments that employ over 100 staff as full time, part time, seasonal , casual and students to provide the quality programs and services that the community enjoys, enabling Mississippi Mills to maintain its unique charm and excellent quality of life.

Council's responsibility is to provide wise stewardship of all municipally owned assets; human, financial and physical. Financial decisions will be required to meet the needs of the community while still providing quality services. It is Council's responsibility to make the best use of public funds to ensure that the residents are getting the most out of the taxes and user fees they pay.

Council also needs to ensure that their decisions are in keeping with legislation, Municipal by-laws, policies and Federal and Provincial regulations. The key legislation that may impact items included in the budget are as follows:

- ▶ *Municipal Act*
- ▶ *Occupational Health & Safety Act*
- ▶ *Ontario Building Code*
- ▶ *Fire Protection and Prevention Act*
- ▶ *Ontario Planning Act*
- ▶ *Development Charges Act*
- ▶ *Education Act*
- ▶ *Drainage Act*
- ▶ *Tile Drainage Act*
- ▶ *Environmental Assessment Act*
- ▶ *Highway Traffic Act*
- ▶ *Public Libraries Act*
- ▶ *Employment Standards Act*
- ▶ *Safe Drinking Water Act*
- ▶ *Clean Water Act*
- ▶ *Ontario Water Resources Act*
- ▶ *Wastewater Systems Effluent Regulation (Federal)*

2021 Budget Assumptions & Challenges

The 2021 municipal budget is not balanced and presently has a funding shortfall of \$3,487,445; \$612,091 is for the Water and Sewer budget and \$2,875,354 is for the overall municipal budget.

Mississippi Mills 2021 Budget

Description	Dollars
Municipal Operations & Capital (Total Expenditures)	\$41,465,567
Funding for Municipal Operations & Capital	
■ Municipal Tax Revenue	\$11,498,045
■ Long Term Financing	\$8,470,400
■ Reserves/Development Charges	\$5,014,261
■ User Fees & Other Revenues	\$9,162,928
■ Federal, Provincial, County Grants	\$3,832,488
Total Revenue	\$37,978,122
Current Shortfall	\$3,487,445

To balance the budget as presented, it would require an additional Water and Sewer rate increase of approximately 17.37% and an additional tax revenue increase of 26.51%.

Mississippi Mills 2021 Budget

Description	Dollars
Municipal Operations & Capital (Total Expenditures)	
Remuneration, Salaries and Benefits	\$7,844,148
Travel and Training	\$220,071
Materials and Contracts	\$7,225,378
General Operating Expenses	\$978,845
Community Grants	\$329,225
Fuel & Oil	\$191,373
Maintenance & Repairs (facilities, fleet)	\$485,949
Utilities (heat, hydro, water)	\$439,023
Grant in lieu of taxes	\$80,200
Insurance	\$155,950
Cost Sharing	\$154,330
Transfer to Reserves	\$826,376
Debt repayments	\$2,134,177
Capital	\$20,400,522
Total Expenditures	\$41,465,567

This chart depicts a more detailed breakdown of proposed 2021 expenditures:

MUNICIPALITY OF MISSISSIPPI MILLS										
2021 Operating & Net Capital Budget Summary										

The draft budget includes the following assumptions and changes over the 2020 budget:

Staffing:

- ▶ The Fire Department budget includes a full year for the Deputy Fire Chief position approved in 2020 per Council resolution 229-20. This position was approved after the 2020 budget was finalized.
- ▶ The Service Delivery Review (SDR) identifies new positions. At the special meeting held with Council on the SDR on October 27, 2020 certain positions were identified for inclusion in the draft budget. At this time the only position that has been added to the 2021 budget is for a Communications Officer for \$77,570 including salary and benefits in

the administration budget. Refer to the section on SDR/Strat Plan for further details on options and budget/tax implications.

- ▶ Salaries are calculated using 2020 benefit rates as 2021 rates are not yet available. A cost of living increase has also been applied.

General Operating:

- ▶ **Some of the departmental 2021 proposed expenditure increases are due to Covid 19 related costs such as cleaning, PPE and signage. The total estimated increase in expenses to the draft budget due to Covid 19 is \$63,300.**
- ▶ **Comparing 2021 budgeted expenditures with 2020 actuals to date may be difficult due to Covid 19, which delayed or reduced spending in several budget areas in 2020.**
- ▶ Wild Parsnip spraying remains at the same funding level as 2020 at \$60,000 but has been separated into its own budget line within the transportation area of the budget. Budget line 67.
- ▶ The OPP contract increase is \$10,436 for 2021.
- ▶ Cost Sharing with Carleton Place is estimated at a 3% increase at this time, the actual amounts have not yet been received. Cost sharing has been moved to its own section within the budget document. Council is considering the future of this agreement and additional changes may be required in this area.
- ▶ The insurance premium increase is estimated at 4% over 2020 rates.

Revenues:

- ▶ **Due to Covid 19, comparative information for some 2020 actual revenue results are lower than anticipated. In addition, some budgeted revenues for 2021 are lower than historical trends.**
- ▶ **Covid 19 funding received in 2020 is carried into 2021 in the amount of \$63,300 to help offset increased costs in the budget for such items as PPE, signage, and additional cleaning.**
- ▶ The tax revenue increase is 3% or \$325,310. It is unknown what the growth projection is for 2021 at this time. **A 1% tax revenue increase is \$108,440.** Refer to the taxation section of this document for additional information.
- ▶ Revenues are projected for 2021 based on historical trend data, where applicable. Revenues also incorporate 2021 proposed increases in fees and charges.
- ▶ The Ontario Municipal Partnership Funding (OMPF) for 2021 is an increase of \$6,400 over 2020.
- ▶ The Ontario Community Infrastructure Fund (OCIF) is under review. For now, this funding has been included in capital program at the same level as 2020 in the amount of \$254,705.

- ▶ Grant funding has been approved for the Levi Bridge. This project has been carried over from 2020 into 2021.
- ▶ It is unknown at this time if dividends will be received for 2021 from Mississippi River Power Corporation (MRPC) to further offset the capital program.
- ▶ Hydro revenue is shared between the municipal budget and the water and sewer budget in accordance with By-law 15-128. For 2021 the allocation is 51% water and sewer and 49% municipal.
- ▶ Water and Sewer rate increases are consistent with the rate study.
- ▶ Gas tax funding is allocated to the capital program consistent with previous years.
- ▶ The remaining modernization funding of \$499,116 has been included to offset any modernization related projects coming out of the strategic plan or the service delivery review although the specific projects have not yet been identified.

Capital/Reserves/Debt:

- ▶ Reserves are being used to fund capital and operating items where appropriate. Refer to the details on reserves included in this document.
- ▶ **In 2020, several capital projects were delayed or postponed as a result of Covid 19 closures and restrictions. Funding for these projects will be placed into reserves at the end of 2020 and used in 2021. Some projects identified in the capital budget as being carried forward from 2020 may be finalized before the 2020 year end and will therefore be removed from the 2021 budget.**
- ▶ The 2021 proposed capital program is significantly higher than the 2020 budget. The amount funded from taxation and water and sewer rates in 2020 was \$2,040,061 and the draft of the 2021 budget is requesting \$5,289,191 or an increase of \$3,249,130.
- ▶ New debt for the servicing of the Business Park is included in both the transportation and water and sewer areas of the 2021 budget for a total of \$1,301,390. This project was approved by Council in 2020. For now, this loan is included at the full cost of the work less any applicable reserves for the business park. The amount to be long term financed may be reduced if some sales of lots in the business park occur before the loan is finalized. It is hoped that loan repayments in the future will be offset by net proceeds from the sale of land in the business park. Repayments on the loan are expected to start in 2022.
- ▶ Debt for the water storage reservoir has not yet been secured and the project is being carried forward into the 2021 budget as the contract for construction was only approved in September 2020. It is assumed that loan repayments would commence in 2022.
- ▶ The capital budgets for transportation and water & sewer contains a line item for the Almonte Downtown Renewal project to be debt financed as there are no available reserves or development charges to apply to this work. **This project is included for Council's consideration at this time and the combined total is estimated at \$4,751,760.** This estimate of costs was provided to the Municipality in March 2020 and may require updating. If this work is approved, annual debt repayments are estimated to be

\$316,240; the water and sewer share would be \$102,780 or an estimated rate increase of 2.91% and the municipal share would be \$213,460 or a tax increase of approximately 1.96%. If approved, these debt repayments would not start until 2022 or later and are therefore not included in the 2021 draft budget.

Municipality of Mississippi Mills					
2021 Draft Budget Changes					
Shortfall 1st draft September 29, 2020				3,671,068	
Shortfall 2nd draft October 15, 2020				3,487,445	
Total 2021 draft budget changes				183,623	
Explanation of Changes:					
Department	Description	1st Draft Total	2nd Draft Total	Difference	Explanation of Change
Operating Budget					
Revenue	Grant-County Road Maintenance	27,780	28,365	585	Based on confirmation of amount from the County of Lanark
	Reserve for Policing	30,000	10,436	(19,564)	Confirmation of contract from OPP
	Ontario Municipal Partnership Funding	890,600	897,000	6,400	Confirmation from Province of Ontario
Police	Contract	1,971,365	1,943,149	28,216	Confirmation of contract from OPP
Rec & Curling	Changes to Curling Club net Operations	22,357	17,171	5,186	Estimate based on operation in fall of 2021 only
Fire	Add maintenance for fire vehicles	28,500	30,500	(2,000)	Estimate of increased costs
Protection	MVCA Levy	88,950	87,150	1,800	2021 estimate provided by MVCA
	Total Operating Changes			20,623	
Capital Budget					
Transporation	Gale St.	-	120,000	120,000	From 2020 budget
	Gale St. Reserve Funding	-	120,000	(120,000)	Assume from reserves
	Water Reservoir	4,000,000	3,300,000	(700,000)	Reduce based on tender results
	Water Reservoir-Development Charges	1,070,000	882,750	187,250	Reduce based on tender results
	Water Reservoir-Financing	2,930,000	2,417,250	512,750	Reduce based on tender results
	One Ton Truck	35,000	-	35,000	Not a budget priority
Fire	Remove Tow Vehicle	90,000	-	90,000	Not a budget priority
	Training Centre Ground Work	10,000	-	10,000	Not a budget priority
	Block Wall Station 2	5,145	-	5,145	Combined with another capital project in the 2021 budget
	Block Wall Station 2-Reserves	(5,145)	-	(5,145)	Reduce allocation from reserves
	Windows Station 2	4,075	-	4,075	Remove project
	Windows Station 2-Reserves	(4,075)	-	(4,075)	Reduce allocation from reserves
	Door repairs	4,000	-	4,000	Remove project to be completed in 2020
	Door repairs-reserves	(4,000)	-	(4,000)	Reduce allocation from reserves
Waste Management	Garage for Loader	60,000	-	60,000	Remove project
	Garage for Loader-Reserves	(60,000)	-	(60,000)	Reduce allocation from reserves
Parks & Recreation	Municipal Dog Park	20,000	-	20,000	Not a budget priority
C&EDC	Funding for flower baskets	-	8,000	8,000	Increase for sale of baskets
	Electronic Sign	50,000	-	50,000	To be completed in 2020
	Electronic Sign-Reserves	(50,000)	-	(50,000)	To be completed in 2020
	Total Capital Budget Changes			163,000	
	Total 2021 Draft Budget Changes			183,623	

The list of suggested changes to balance the 2021 budget is found on the next few pages. The list requires further discussion by Council. At this time, it **does not** include service delivery review and strategic plan items but follows the direction of Council provided at the October 15, 2020 budget meeting. The list of changes keeps the tax revenue increase at 3% including growth, makes amendments to both the capital and operating budgets, and places funds into reserves for future capital replacement.

2021 Possible Budget Changes (for discussion)			
Total shortfall after October 15, 2020 budget meeting including water and sewer=\$3,487,445			
(Does not include Service Delivery Review or Strategic Plan items from October 27, 2020 Council meeting)			
Summary of Proposed Change including water and sewer:			
Operating budget changes-all departments	160,074.00		
Capital budget changes-all departments	3,750,680.00		
Allocations to reserves for future capital	(423,309.00)	If add 1% tax increase, new transfer would be \$531,749	
Total suggested changes to balance before considering a 1% tax increase to allocate more funding to reserves	3,487,445.00		
** Note, these changes, if approved, are the maximum that can be made without jeopardizing service levels or making further cutbacks to the capital program			
Water and Sewer Budget			
Shortfall after Oct 15, 2020 budget meeting	612,091.00		
Remove King St. water and sewer work	(842,000.00)	Acting Director of Public Works indicates this work can be delayed unless there are water breaks that occur in the interim that affect the school	
Increase reserves for King St. or other future W&S Infrastructure projects	229,909.00	1/5 of King St (\$168,400) plus the additional funds available by removing this project (\$61,509)	
Revised W&S budget Shortfall if suggested revisions are made	-	The 2021 water and sewer budget would be balanced with a rate increase of 3.04%	

Municipal Budget		
Shortfall after Oct 15, 2020 budget meeting	2,875,354.00	
Remove King Street road, storm and sidewalk work	(717,000.00)	Acting Director of Public Works indicates this work can be delayed unless there are water breaks that occur in the interim that affect the school
Increase reserves for King St. or other future road/storm/sidewalk work	143,400.00	1/5 of King St.
Remove Brush Truck	(220,000.00)	Remove and replace in the future OR long term finance as interest rates are very low (1.25-1.5%)
Reduce scope of work Pakenham Fire Hall Repairs	(37,850.00)	Per discussion with Fire Chief
Use of Development Charges to Fund Community Services Plan	(72,000.00)	Review of the development charges background study indicates funding is available for this work
Operational changes for all departments	(160,074.00)	Changes to align spending with trend data, 2020 actual spending to date, plus forecasted spending to the end of 2020
Remove Hugh Campbell Bridge	(338,000.00)	Defer spending to 2022 or later
Increase reserves for future bridge and culvert work	50,000.00	Plan for future work
Fund 2021 culvert work from reserves	(140,000.00)	To be repaid back to reserves over time
Grader	(410,000.00)	Remove and replace in the future OR long term finance as interest rates are very low (1.25-1.5%) and there is a plow truck loan being repaid in 2022. The debt payments on the grader would replace the debt payments on the plow truck in the 2022 budget
Reduce scope of work on Ramsay Garage renovations	(4,500.00)	Per Acting Director of Public Works
Fund Daycare Kitchen balance of work from reserves	(15,000.00)	Use Daycare capital reserves
LED lighting	(49,500.00)	Not a budget priority
Remove Ramsay Ward Soccer	(10,000.00)	Per Recreation Manager
Remove Cenotaph Fence	(7,000.00)	Per Recreation Manager
Fund Wall Repair-Pakenham Arena from reserves	(100,000.00)	To be repaid back to reserves over time. The last wall repair a few years ago was completed by funding from reserves and repaying back to reserves over time
Fund Concrete work at the Almonte Old Town Hall from reserves	(55,000.00)	To be repaid back to reserves over time

Reduce Facility maintenance and reserve allocation for library	(4,330.00)	Per Chief Librarian
Reduce road work on Clayton road to 1/2	(282,500.00)	Remaining 1/2 to be completed in 2022
Reduce scope of surface treatment road work	(395,000.00)	Remaining road work to be completed in 2022
Add amount for general sidewalk repairs	75,000.00	Historical funding included in the capital budget is for sidewalk segment replacements to increase the overall condition of sidewalks. The operating budget is for general panel repairs and panel repairs where bays have to be reached for water breaks
Remove Gemmill Park Basketball Court	(18,000.00)	Per Recreation Manager
Fund Almonte Arena Work from reserves	(78,000.00)	To be repaid back to reserves over time
Reduce spending on Christmas Décor	(5,000.00)	Per Community Cultural Co-ordinator
Remove OPA 22	(25,000.00)	To be completed in 2020
Revised Municipal Budget Shortfall if suggested revisions are made	-	The 2021 Municipal budget would be balanced with a tax increase of 3% including growth
Consider another 1% tax increase to add additional funding to capital reserves	108,440.00	Total tax increase would be 4% including growth
Consider another 2% tax increase to add additional funding for road work	216,880.00	Total tax increase would be 6% including growth

Other Considerations:							
1)Service Delivery Review and Strategic Plan projects/Staffing (see separate analysis). <u>If a further tax increase is approved over the 3% included in the draft budget should these items take priority over the capital program/reserves? Council needs to establish appropriate tax increase and spending priorities</u>							
2)Downtown Renewal-Is this project proceeding in 2021 and if so, will it be long term financed?							
3) Funding requests for the North Lanark Regional Museum-not included in draft budget. If approved would be an additional tax increase (see report)							
4)Contribution towards the County of Lanark's "Last Mile Broadband Internet" Project is not included in the draft 2021 budget. It is unknown at this time what the amount would be. (See report)							
If allocation of costs based on taxation then Mississippi Mills' share would be 21.7% or \$27,125 (\$125,000 X 21.7%)							
Recommendations:							
1) THAT Committee of the Whole directs the Treasurer to include in the draft 2021 budget all of the suggested budget changes totalling \$3,487,445.							
2)THAT Committee of the Whole directs the Treasurer to include in the 2021 draft budget an additional 1% tax revenue increase of \$108,400 to increase the transfer to reserves for future capital replacement							
3) THAT Committee of the Whole directs the Treasurer to include in the 2021 draft budget an additional 2% tax revenue increase of \$216,880 to improve the capital budget for road work							

Prior to making any decisions with regard to the list of budget changes, Council should consider the impacts to both the capital and operating budgets.

Spending from taxation and user fees for capital has been on the decline since 2019 with a corresponding increase in operations meaning that capital items are being deferred to another budget year. The suggested list of changes will further reduce spending on capital as follows:

Municipality of Mississippi Mills							
Historical Budget Funding from Taxation or User Fees for Capital							
2016-2021 (proposed)							
Department	2016	2017	2018	2019	2020	Proposed 2021	After Suggested Changes(not incl SDR/STRAT plan 2021

The following is the revised summary of revenues and expenses if all of the above changes are made:

Mississippi Mills 2021 Budget

Description	Dollars
Municipal Operations & Capital (Total Expenditures)	\$38,298,122
Funding for Municipal Operations & Capital	
■ Municipal Tax Revenue	\$11,498,045
■ Long Term Financing	\$8,470,400
■ Reserves/Development Charges	\$5,334,261
■ User Fees & Other Revenues	\$9,162,928
■ Federal, Provincial, County Grants	\$3,832,488
Total Revenue	\$38,298,122
Current Shortfall	\$0

The tax implications/options of the service delivery review and strategic plan items discussed with Council on October 27, 2020 for consideration in the 2021 draft budget can be found on the next few pages (note these items are not included in the draft budget at this time).

2021 Possible Budget Changes (for discussion)
Service Delivery Review and Strategic Plan
Projects/Staffing

(From the Council meeting held on October 27, 2020)

**** Most Items are not included in the 2021 draft budget**

Strategic Plan Items:	Amount	Notes/Options/Other Considerations	Further Impacts to 2021 budget/taxation
Information Technology Plan	\$50,000	This project is already included in the 2021 draft budget to be funded from Provincial Modernization funding. This project is the top priority of the Municipality to improve corporate wide technology with the goal of making service delivery more efficient and effective.	None-The technology requirements that will be recommended once the plan is complete may have financial implications in the future depending on the level of modernization funding available.
Transportation Master Plan (TMP)	\$50,000	<p>The last TMP was included in the development charges background study and by-law and as a result was funded 69% from development charges. The Municipality is going to amend the current development charges background study and by-law in Q4/2020 or Q1/2021 so this project may be eligible for inclusion in the amendment.</p> <p>Option 1) Complete in 2021 using an external consultant</p> <p>Option 2) Include in the 2021 budget with partial funding anticipated to come from development charges. If it ineligible for inclusion in the amendment, then Staff would not proceed until a further decision is made by Council</p> <p>Option 3) Defer to 2022 or a later</p>	<p>Option 1) \$50,000 or .46% tax increase</p> <p>Option 2) \$15,500 assuming 69% funding from development charges or .14% tax increase</p> <p>Option 3) None</p>
Environment/Climate Action Plan	\$40,000	<p>Option 1) Complete in 2021 using an external consultant</p> <p>Option 2) Complete in house by reviewing plans of other Municipalities</p> <p>Option 3) Defer to 2022 or later</p>	<p>Option 1) \$40,000 or .36% tax increase</p> <p>Option 2) None</p> <p>Option 3) None</p>
Economic Development and Branding Plan	\$35,000	<p>Option 1) Complete in 2021 using an external consultant</p> <p>Option 2) Defer to 2022 or later</p>	<p>Option 1) \$35,000 or .32% tax increase</p> <p>Option 2) None</p>
Total	\$175,000		Depends on option chosen. Range is zero to \$125,000 (zero to .1.15% tax increase)

Service Delivery Review Items:	Amount	Notes/Options/Other Considerations	Further Impacts to 2021 budget/taxation
Information Technology Staff- Assume Step 3 on band 401-450 of payscale. Assume 40 hours per week. Includes estimate for benefits	\$82,900	<p>Information Technology is a priority for the Municipality. The technology plan, if completed, will identify the IT needs of the Municipality into the future which this Staff person will implement. There is the possibility that at some point, the current IT arrangement with the County of Lanark for IT services can be reduced to help offset the salary. At this time the amount/timing is unknown.</p> <p>Under the newly approved organizational structure this position is intended to report to the Treasurer adding to the responsibilities of that position. A job description and job evaluation needs to be completed to confirm the payscale. Pay equity, internal equity also needs to be maintained and may further increase the salaries of other positions.</p> <p>Training, office furniture, phones, computer and office space, etc. will add additional costs not included in the salary estimate.</p> <p>Option 1) Include in the 2021 budget with a start date of January 1, 2021. Depending on when the budget is approved this may not be feasible.</p> <p>Option 2) Defer the start time to June 1, 2021 or later allowing the Treasurer to receive training/transition time for the new reporting relationship and to save staffing costs</p> <p>Option 3) Defer the start time until the IT plan is complete and an implementation schedule for IT needs is developed</p> <p>Option 4) Defer until 2022 or 2023</p> <p>Option 5) Contract employee effective January 1- full time to save benefits</p> <p>Option 6) Contract employee effective June 1-full time to save salary and benefits</p> <p>Option 7) Contract employee effective January 1-part time to save salary and benefits</p> <p>Option 8) Contract employee effective June 1-part time to save salary and benefits</p> <p>Option 9) Shared service agreement with another Municipality to share an IT Employee</p> <p>Option 10) Contract for additional IT support when needed to save on full time employee costs for the long term.</p>	<p>Option 1) \$82,900 or .76% tax increase</p> <p>Option 2) \$41,450 or .38% tax increase</p> <p>Option 3) Unknown. Depends on start date</p> <p>Option 4) None</p> <p>Option 5) \$66,375 or .61% tax increase</p> <p>Option 6) \$33,190 or .30% tax increase</p> <p>Option 7) Assume ½ time. Same as option 6</p> <p>Option 8) \$16,595 or .15% tax increase</p> <p>Option 9) See option 2</p> <p>Option 10) Unknown. Depends on when services are needed</p>

<p>Human Resources Staff-Assume Step 4 on band 451-500 of payscale. Assume 40 hours per week. Includes estimate for benefits</p>	<p>\$90,850</p>	<p>Human resources is presently dealt with by all Senior Staff of the Municipality where other comparator municipalities have a dedicated Staff person in this role. The transition to electronic timesheets may provide some capacity within the current staffing structure (Accounting Clerk) to take on some additional human resource related duties.</p> <p>Under the newly approved organizational structure this position is intended to report to the Treasurer adding to the responsibilities of that position. A job description and job evaluation needs to be completed to confirm the payscale. Pay equity, internal equity also needs to be maintained and may further increase the salaries of other positions.</p> <p>Training, office furniture, phones, computer and office space, etc. will add additional costs not included in the salary estimate.</p> <p>Option 1) Include in the 2021 budget with a start date of January 1, 2021. Depending on when the budget is approved this may not be feasible.</p> <p>Option 2) Defer the start time to June 1, 2021 or later allowing the Treasurer to receive training/transition time for the new reporting relationship and to save staffing costs</p> <p>Option 3) Defer until 2022 or 2023</p> <p>Option 4) Contract employee effective January 1- full time to save benefits</p> <p>Option 5) Contract employee effective June 1-full time to save salary and benefits</p> <p>Option 6) Contract employee effective January 1-part time to save salary and benefits</p> <p>Option 7) Contract employee effective June 1-part time to save salary and benefits</p> <p>Option 8) Contract HR expertise when required to save of full time employee costs over the long term</p>	<p>Option 1) \$90,850 or .83% tax increase</p> <p>Option 2) \$45,425 or .41% tax increase</p> <p>Option 3) None</p> <p>Option 4) \$73,085 or .67% tax increase</p> <p>Option 5) \$36,545 or .33% tax increase</p> <p>Option 6) Assume ½ time. Same as option 5</p> <p>Option 7) \$18,275 or .16% tax increase</p> <p>Option 8) Unknown. Depends on when services are needed</p>
--	-----------------	---	---

Executive Assistant- Assume Step 3 on band 221-260 of payscale. Assume 35 hours per week. Includes estimate for benefits	\$51,960	<p>The Executive Assistant will provide administrative support to the Clerk, Deputy Clerk, CAO and Mayor and is a position that is commonly found in other Municipalities.</p> <p>Under the newly approved organizational structure this position is intended to report to the Deputy Clerk adding to the workload and responsibilities of that position. A job description and job evaluation needs to be completed to confirm the payscale. Pay equity, internal equity also needs to be maintained and may further increase the salaries of other positions.</p> <p>Training, office furniture, phones, computer and office space, etc. will add additional costs not included in the salary estimate.</p> <p>Option 1) Include in the 2021 budget with a start date of January 1, 2021. Depending on when the budget is approved this may not be feasible.</p> <p>Option 2) Defer the start time to June 1, 2021 or later to save staffing costs</p> <p>Option 3) Defer until 2022 or 2023</p> <p>Option 4) Contract employee effective January 1- full time to save benefits</p> <p>Option 5) Contract employee effective June 1-full time to save salary and benefits</p> <p>Option 6) Contract employee effective January 1-part time to save salary and benefits</p> <p>Option 7) Contract employee effective June 1-part time to save salary and benefits</p>	<p>Option 1) \$51,960 or .47% tax increase</p> <p>Option 2) \$25,980 or .23% tax increase</p> <p>Option 3) None</p> <p>Option 4) \$40,700 or .37% tax increase</p> <p>Option 5) \$20,350 or .18% tax increase</p> <p>Option 6) Assume ½ time. Same as option 5</p> <p>Option 7) \$10,175 or .09% tax increase</p>
Senior Planner Assume Step 3 on band 551-600 of payscale. Assume 40 hours per week. Includes estimate for benefits	\$89,565	<p>This position is already included in the draft budget as the salary for the former Director of Planning. Cost savings will be realized based on the difference between this salary and the Director's salary once contract support for the planning department is no longer required. Depending on when the budget is approved, a start date may not occur on January 1, 2021. For the time being, the salary for the department included in the 2021 draft budget has not been amended so that a budget allocation for contract support would be available.</p> <p>A job description and job evaluation needs to be completed to confirm the payscale.</p>	No further tax implications

Deputy Chief Building Official- Assume Step 3 on band 451-500 of payscale. Assume 40 hours per week. Includes estimate for benefits	\$73,370	<p>This position is new and would be fully funded from the Building Department's revenues/reserves as this department is self-funding.</p> <p>The position is required for succession planning and to provide a backup support to the Chief Building Official.</p> <p>A job description and job evaluation needs to be completed to confirm the payscale.</p> <p>Training, office furniture, phones, computer and office space, etc. may add additional costs not included in the salary estimate.</p> <p>A vehicle may also be required. This will require further analysis.</p>	None
Communications Officer-Assume Step 1 on band 401-450 of payscale. Assume 40 hours per week. Includes estimate of benefits	\$77,570	<p>Communications is presently dealt with by all Senior Staff of the Municipality. This position would centralize and improve all forms of municipal communications such as social media, website, print media, etc.</p> <p>Under the newly approved organizational structure this position is intended to report to the Clerk adding to the responsibilities of that position. A job description and job evaluation needs to be completed to confirm the payscale. Pay equity, internal equity also needs to be maintained and may further increase the salaries of other positions.</p> <p>Training, office furniture, phones, computer and office space, etc. will add additional costs not included in the salary estimate.</p> <p>Option 1) <u>This position is already Included in the 2021 budget</u> with a start date of January 1, 2021. Depending on when the budget is approved this may not be feasible.</p> <p>Option 2) Defer the start time to June 1, 2021 or later allowing transition time for the new Staff and to save staffing costs</p> <p>Option 3) Defer until 2022 or 2023</p> <p>Option 4) Contract support effective January 1</p> <p>Option 5) Complete a communications plan in 2021 instead of hiring a Communications Officer</p>	<p>Option 1) No further tax implications</p> <p>Option 2) \$38,785 savings in draft budget or .35% tax decrease</p> <p>Option 3) \$77,570 savings to draft budget a .71% tax decrease</p> <p>Option 4) Estimate \$30,000 or \$47,570 savings to draft budget a .43% tax decrease</p> <p>Option 5) Estimate \$45,000 or \$32,570 savings to draft budget a .30% tax decrease</p>

Office space modifications	Unknown		Unknown
Office furniture and equipment (desk, chair, phone (s), computer, etc.)	Estimate \$5,000 per employee	Each new employee will require office items to do their job effectively with the exception of the Senior Planner as the office for this position is already established.	Depends on the number of new employees zero to \$25,000 or zero to .23% tax increase
Training	unknown	Training may be required for the new hires (Health and Safety, job related). In addition, training may be required for the Managers that the new Staff will be reporting to if the new roles are outside of their areas of expertise or experience levels	unknown
Salary evaluations	Unknown	Each new job description once completed will need to be evaluated for placement on the payscale. The salaries used are estimates at this time based on responsibility and reporting relationships	unknown
Salary implications to maintain pay equity/internal equity	unknown	Council has committed to maintaining internal equity and pay equity therefore existing positions may need salary adjustments once new areas of responsibility are added and based on the salary evaluations that result from any new hires	unknown
Space Needs Analysis	unknown	The organization is experiencing space needs across many departments. Council may wish to review the issue as a whole prior to making alterations to existing space as this may not satisfy all of the space needs for the next few years as the Municipality continues to transition to the new organizational structure.	unknown

**New Staff placement on the payscale is generally not at Step 1. New hires typically require a certain level of experience/expertise especially if they are in a supervisory role that would place them on a step above step 1.

The final tax implications for 2021 will depend on the options chosen. If Option 1 is chosen for all items (plans and staffing) the estimated total is \$350,710 or an additional tax increase of 3.23% plus funds for office equipment, space modifications, salary evaluations, internal equity/pay equity implications and training- the value/tax implications all of these items is unknown.

Recommendations:

THAT Committee of the Whole directs Staff as follows:

- 1) Proceed with hiring a Senior Planner prior to 2021 budget approval as this position is a replacement for the former Director of Planning and there are no further tax implications in 2021
- 2) Proceed with hiring a Deputy CBO in 2021. This position is required for succession planning and it is self-funded therefore there are no tax implications
- 3) Proceed with hiring a Communications Officer in 2021 effective June 1. This position has been included in several previous budgets and is already included in the draft 2021 budget
- 4) Amend the 2021 budget to include Staff positions for IT, HR and an Executive Assistant to commence June 1, 2021
- 5) Proceed with the IT plan in 2021 as there are no further tax implications
- 6) Include the Transportation Master Plan in the Development Charges amendment and then include in the 2022 budget.
- 7) Include the climate action plan and the economic development and branding plan in the 2022 budget.
- 8) Include in the draft 2021 budget an estimate for office space, office equipment, training and salary adjustments for pay equity and internal equity, etc.

Total tax implications of the above recommendations is \$74,070 or .68% tax increase plus an allocation for office space, office equipment, training, salary adjustments, etc.

Executive Summary

Municipalities are prevented from having budgets that do not balance per Section 290 (2) (b) of the *Municipal Act*. Unlike Federal and Provincial budgets that can be approved with a deficit, a Municipality's annual revenues and expenses must be equal. Expenses and revenues must also be kept separate and not netted against each other. This is an important concept in understanding and following the budget document.

WHY BUDGET?

- A legislated requirement under the Municipal Act (estimated revenues equal estimated expenses)
- Fiscal Accountability (manage and optimize human, financial and physical resources)
- To implement the strategic direction of Council
- To implement the recommendations of other studies and plans (Master Plans, Asset Management plans, etc.)
- To provide an annual work plan (operating and capital) to deliver services to residents
- For internal control purposes (measures actual results against planned results)

Cost Drivers

There are many factors that influence the budget such as growth requirements, the property tax assessment base, long term contracts, economic trends, the strategic plan, new programming to deliver services, debt levels, staffing needs, planning for future capital through reserve allocations, pressure from external sources and legislative changes, along with the day to day operating needs of the Municipality. Some of the cost drivers are outside of the control of the Municipality.

Council also considers different sources of funding to balance the budget annually:

SOURCES OF FUNDING

- Grants (Provincial, Federal, County)
- User Fees for specific services such as Water and Sewer charges
- Development Charges to address growth related needs
- Reserves (funds set aside in a previous budget)
- Long term financing for assets with long lives
- Special levies or charges to raise funds for a specific purpose
- Taxation

The 2021 budget is broken into two parts; operating and capital.

The operating budget includes the day to day expenses of the Municipality to provide programs and services to residents and includes such items as salaries and benefits, supplies, materials, contracts, etc.

The capital budget includes asset replacement and rehabilitation needs for roads, bridges, facilities, water, sewer, etc. along with the required studies to support the capital program.

The total operating and capital needs of the Municipality allocated by department are depicted as follows:

2021 Operating and Capital Budgets

This chart represents the total expenses of the Municipality as proposed for 2021 less any known revenues. The net amount of \$14,656,440 would be the required amount to balance the 2021 budget and would need to be funded from taxation and water and sewer rates.

Municipality of Mississippi Mills 2021 Budget Summary					
	A	B	C	D=B + C	E= C/B
		2020	2021	2021	% 2021

Total Revenues	12,253,872	11,897,111	(199,315)	11,697,796	-1.68%
Net Levy	10,158,773	10,412,742	4,243,698	14,656,440	40.75%

The net amount is further broken down as follows:

Tax revenue already included in the draft 2021 budget including a 3% increase over 2020	\$11,168,995
Shortfall-Water and Sewer Budget	\$612,091
Shortfall-Municipal Budget	\$2,875,354
Net amount	\$14,656,440

The capital budget is depicted by department in the following chart:

Please refer to the detailed capital budget. The amounts shown in the immediate right hand column represent the amounts that need to be paid from taxation, user fees and general operating revenues after all other capital revenue sources (grants, development charges, reserves, etc.) have been considered. The numbers in the right hand column are then included in the operating budgets for each department under the line entitled "Capital Expenditure".

**Explanatory notes on Capital requested at October 13 and October 15,
2020 Budget Meetings**

Fire Department:

APPARATUS REPLACEMENT

BUSH FIRE TRUCK \$220,000.00

- 581 is a 2000 Chev ½ ton truck with a regular cab long box. The vehicle was scheduled for replacement in 2020 but was not approved in the 2020 budget.
- Most municipal support vehicles have a 10-year life span to match the manufacturer's warranty period for parts replacement. This pick up is more than twice the average age for a support vehicle and the replacement schedule far exceeds other comparable municipalities.
- 581 responds to brush, rubbish and small fires including burning complaints. It also transports additional firefighters to incidents for additional help.
- The apparatus contains a 125-gallon water tank in the rear of the truck box and carries the brush fire equipment. There are no hook ups to fill the tank and all operations are completed manually.
- Recommend replacing the bush truck in Pakenham with a proper firefighting platform. A crew-cab to support the transport of firefighters, a tank system that has the proper filling valves (400-gallon tank), increased firefighting capabilities (water and foam) with optimal water distribution will improve service delivery. The apparatus platform will increase the replacement schedule to 15 years and increase long-term value of the asset.
- The cost estimate is from an American manufacturer because a Canadian cost estimate is not available.
- The replacement will increase firefighting capabilities for small fires, increases manpower response with a 4-door cab and improve water supply operations for quicker response.
- Seeking advance approval on the replacement so that Canadian manufacturers can be identified, and the vehicle be available by April 2021.

Recommendation: Replace Unit 581 with a response apparatus that improves operational efficiencies and adds versatility to emergency response.

HEALTH AND SAFETY

7 GARAGE DOOR PANELS - STATION 1 21,500.00

- The original glass panels in the apparatus bay doors require replacement. The design of the windowpanes was poor and the flex in the raised doors causes the window frame to crack. The flex in the door will crack the windows and may permit the windows to fall out of the frame. Falling windows poses a health and safety concern.
- Silicone was applied to temporarily secure the windows into frame. However, continued flex from door operation may cause the silicone to crack and the windows to dislodge from the frames. Replacement of the entire panels to a modern design is the only way to fix the window issues.

Recommendation: Change the door panels with a modern window design to ensure that there are no injuries to staff or damage to apparatus.

STATION REPAIRS (OFFICE, WALL REMOVAL, INSPECTION, REPAIRS) 94,000.00

Station 2 currently has a block wall that separates the apparatus bay from the rest of the building. When the apparatus is parked in the garage space, there is roughly a couple of inches from the front of the apparatus to the garage door at the front and roughly two inches at the rear of the vehicle between the rear tailboard and the block wall. The placement of the apparatus in the current parking position creates a pinch point that would cause serious injury to an employee if caught between the wall and the truck.

The removal of the wall will require the training room to have a fire separation to the apparatus bay. The wall(s) are not currently a fire rated separation. A Building Code permit for the scope of work is required.

The cistern under the floor may be leaking and the extent of the leak is not known. Firefighters have been topping up the tank with domestic well water which has caused other concerns.

The cistern at station 2 serves as a quick water supply to fight a fire in the downtown core of Pakenham. The tank is approx. the equivalent of four tanker loads and firefighters could relay pump from the station. The tank may help with insurance rates as there is no pressurized water supply in Pakenham to protect the buildings in the core.

The floor system and supports should also be studied by the engineer when they are in the cistern as they are under the apparatus bay. The last inspection and maintenance for the tank occurred when the renovation was completed in 2001.

Recommendation: Initiate an engineering review and take immediate action to remedy the concerns.

FALL ARREST EQUIPMENT 3,500.00

- Legislation requires workers that work at heights to use a proper fall restraint system.
- Existing equipment on aerial is not compliant with legislation.

Recommendation: Purchase three fall restraints so that firefighters can work on the aerial in a safely.

WATER RESCUE SUITS 3,000.00

- Current suits need repair or replacement due to leaks and age.
- Require inspections on two suits to determine if they require repair or replacement.
- Suits are required to meet the minimum safety standards for water entry rescue.
There are no spare suits.

OPERATIONS

MEDICAL EQUIPMENT 25,000.00

- MMFD lacks basic medical equipment to meet minimum response protocols including medical bags, proper oxygen therapy equipment, basic medical supplies.
- Excerpt from FPPA and By-law 19-59:

The FPPA requires municipalities to establish and regulate their fire services. Services are listed in the Bylaw and must be funded and delivered by the Municipality.

Municipal responsibilities

2 (1) Every municipality shall,

- (a) establish a program in the municipality which must include public education with respect to fire safety and certain components of fire prevention; and
- (b) provide such other fire protection services as it determines may be necessary in accordance with its needs and circumstances.

BY-LAW NO. 19-59 lists the services as follows;

A.1.1 Tiered Medical Assistance Services:

- Service shall be provided in accordance with the Emergency Medical Tiered Response Agreement between the County of Lanark Emergency Medical Services and the Municipality of Mississippi Mills.

A.1.2 Ambulance Assistance Services:

- Service shall be provided to assist Emergency Medical Services with emergency and non-emergency situations with respect to providing access and/or the provision of care to patients.

Recommendation: Fund medical equipment so MMFD can provide medical response to firefighters and the public.

AIR COMPRESSOR-APPARATUS AIR BRAKES 3,500.00

Pakenham requires a new air compressor to ensure the air brakes on response apparatus have the required air pressure.

Onboard air compressors are too expensive to replace and a new air compressor ensures department maintenance and operations are always ready.

Recommendation: Purchase an air compressor to ensure trucks are operationally ready for emergency response.

COMMAND CENTRE TRAILER 2,000.00

- Minor changes are being made to the trailer to support a Decon / Operational center.
- The trailer has been used at all of the recent major events to support operations.

Recommendation: Utilize the trailer for decon operations. Decon operations are required at all fire and HAZMAT incidents.

HOSE AND APPLIANCE**25,000.00**

- There is currently not enough hose in reserve to reload trucks after a major incident.
- The past month we have completed water shuttle practice and have identified equipment needs for basic water supply operations and controls for apparatus.
- Recent major incidents highlights the need to add versatility to existing apparatus.
- The list that is required is below. Note the amount required is more than the budget request

floating Doc strainer x 2	1750
Low level strainer	875
Nozzles	5400
Fire Dynamics nozzle	1600
6" valve controller - water supply	3500
dry hydrant backflush adapter	1000
Ground monitor	3500
Hose 20 * 1 3/4	5800
Hose forestry	2325
3-1/2 to 2-1/2 adapter – aerial with 2-1/2 variable nozzle	3500
total	\$29,250

Recommendation: Purchase equipment to ensure trucks are operationally ready and have the minimum capabilities for effective water supply.

Structural Firefighting Protective Equipment (PPE) Increase from \$20,000 to \$36,000

- Structural Firefighting protective equipment has increased in cost as health and safety requirements have also increased. NFPA standards sets minimum protective requirements and lifespan for structural firefighting gear. Coats, pants and helmets have a 10 year requirement where other protective equipment wears out more frequently depending on use.
- Over the past 5 years, MMFD has purchased 15 sets of bunker gear (coats and pants). 10 of those sets were from older in-stock supplies and have a reduced life expectancy.
- There are 3 spare sets in Pakenham and 4 spare sets in Almonte. MMFD has no additional bunker gear available for the 42 staff.
- The fire department has not been purchasing bunker gear annually to ensure spare gear is available. The expiry of the gear and the rate of purchasing of new gear has depleted the stock to the point where there are few sets available.
- Increasing structural firefighting equipment from the current 4 firefighters to 7 firefighters will ensure MMFD has spare gear readily available for any incidents beyond an initial response. This will ensure the average use is 7 years and over time will build out spare equipment until 10 year replacement. This method will save the municipality

from purchasing a second set of gear for each firefighter and provide a sustainable supply system.

- There is not enough spare gear of cleaning capacity to support any additional emergency calls.
- Current cleaning capacity is only 4 sets every 6 hours.

Recommendation: Increase PPE purchases annually to ensure a depth of response capabilities by firefighters.

RECRUIT SAFETY EQUIPMENT 24,800.00

- MMFD currently has 8 vacant positions in 2020 due to retirements and resignations. There are currently 43 firefighters, 24 in Almonte and 19 in Pakenham.
- MMFD initiated a recruitment to hire firefighters in September. 38 applications were received, 16 interviews have occurred and 10 candidates with various skill levels are ready to join the fire department. We are requesting to hire 10 new firefighters in 2021, starting basic training at the end of January 2021. An additional 2 volunteers will take our full compliment to 50 firefighters which will help ensure response through some COVID restrictions.
- MMFD does not have enough protective equipment to outfit the new hires. Four sets of protective equipment from retired members have expired and will not be available for new members. Any use of the current spare gear causes further reductions in response capabilities.
- This purchase will be in addition to the operating budget for 2020 and the 2021 increase request and will start the process to prepare for future operational readiness and outfit the new firefighters.

Recommendation: Fund additional PPE so that the department can hire new firefighters to get to a normal roster without depleting any of the limited spare equipment.

THERMAL IMAGING CAMERAS (2) 15,000.00

- Current technology is more than 10 years old – exceeds life expectancy of any rescue tools.
- Thermal cameras let people see what their eyes can't: invisible heat radiation emitted or reflected by all objects, regardless of lighting conditions.
- Cameras locate fires, identify hot spots where fire has been extinguished and ensure fire are extinguished prior to firefighters leaving a incident. They also offer value in search and rescue and have been used to locate patients after motor vehicle accidents.
- Cameras reduce the chance of fire ignition after being extinguished and protect the municipality from liability issues of a rekindled fire loss.

Building Department:

- The current inspection vehicle, a 2014 Ford 150 Pickup Truck which was recently involved in an accident but has been repaired. This vehicle could be traded in towards the cost of the replacement vehicle or transferred to another department that would be better serviced by a ½ ton truck.
- Ideally, the new vehicle would be a medium size All-Wheel SUV like the current second inspection vehicle. This type of vehicle is more efficient for the building inspectors than a truck. It could carry all the required resource materials, computers, safety equipment and seasonal equipment needed for inspections. The replacement vehicle purchased could be a low kilometre used vehicle and does not have to be new. The option of an electric vehicle will also be explored.
- The 2005 Blazer that is off the road at the present time will be sold.

Transportation:

- **Radar Speed Sign**
 - Not included in current budget
 - Unit Cost plus mounting kit and installation \$7,000.00 per unit
 - 2-3 have been requested

Recommendation: Include \$7,000.00 in 2021 Budget and add a second unit in 2022 if proven to be successful

- **King St. Renewal**
 - Design Completed
 - ECA set to expire in 2 years
 - Requires renewal of ECA
 - Renewal of ECA if expired has small fee involved (\$3,000.00 - \$4,000.00 engineering and applications fees)
 - Some sanitary sewer condition issues
 - History of water breaks the latest being in January of 2018. Most notably 3 waterbreaks occurred in 2012, one of which caused Naismith School to be shut down without notice. This was a key contributing factor to advancing works for replacement.
 - Works include looping of water system for a safety net
 - Some Drainage issues to be corrected as part of the works.
 - This project would be a candidate for grant applications

- The water system is at risk of another break, but is functioning, should the project be delayed there is a risk of disruption to the school, however, with the exception of 1 break, all others have been able to be scheduled to avoid disruption to the school.

Recommendation: Council could consider deferring the project, however, if deferred, it should be considered for future grant applications.

- **Clayton Road Micro-Surfacing**

- Currently Scheduled for Micro-Surfacing from County Road 29 to Tatlock Road at a length of 9.464 km.
- The timing of these works are to extend the life of this roadway.
- It would be anticipated that deferral of a portion by 1 year would not preclude the next section from being completed the following year, however, this cannot be guaranteed.
- The roadway could be broken into 2 segments of 4.232 km
- Deferral of a portion of the road this year, will likely result in a deferral of a different segment of road elsewhere in 2022.

Recommendation: Proceed with this project to keep the segments of road in good condition, with cheaper improvement costs. Should costs need to be cut Removal of Concession 8 Wolf Grove to Clayton Road should be considered. The road is beyond preservation, if we carry \$25,000.00 for patching or other mitigation measures, that project could be delayed without losing return on investment.

- **Concession 8 Clayton Road to Mill of Kintail**

- Based on the existing strategy, the timing for Concession 8 from Mill of Kintail to Clayton Road is 2024.

Recommendation: This segment be reviewed annually to see if advancement in the schedule is required.

- **Camelon Culvert**

- Repairs required to soffit and sides of the culvert, Guide Rail is deficient
- Minor Repairs and improvements to the sideslopes were made in 2017 using internal forces.
- Additional Minor repairs (\$10-\$15,000.00 work would remain after repairs) could allow the works for the culvert to be differed, however, the deficient guide rail presents some risk. Some repairs to the exiting guiderail should be completed if deferred, it would be estimated about \$3,000.00 - \$5,000.00 of repair would need to be completed, but would be throw away costs.

- These works should be scheduled to be completed at the same time as the works on Concession 8 between Wolf Grove and Clayton road to avoid throw away costs of temporary pavement.

Recommendation: if Council defers Concession 8 from Clayton Road to Wolf Grove road, this works should be deferred as well, with \$15,000-18,000 being allocated for minor repairs.

- **Hugh Graham Bridge**

- Hugh Graham Bridge is a structure located on Concession 8 North Pakenham over the Waba Creek originally constructed in 1952. Little if any repairs have been completed on this bridge to date.
- The structure was covered with gravel several years ago. In 2018 the gravel was removed and a structural review of the bridge completed.
- The deck requires some partial depth repairs and resurfacing, the steel girders require repair/reinforcement, the soffit and abutments require some repairs as well. The current guiderail is deficient and requires replacement.
- It should also be noted that the structure is currently load posted, and while repairs may improve the load posting, the load posting cannot be fully removed. However, after the replacement of the Levi Bridge all 4 other structures crossing the waba creek will not have load postings.
- The repairs will extend the life of the structure, and the new railings will be compliant with current standards.
- The existing width of 6.1m is consistent with the existing road width on the approaches and allows for two way traffic.

Recommendation: If required, this project could be delayed for a one year period in it's current condition. Should Council wish to delay this project for the period of 1 year, some risk is present that additional damage may occur, and risk is present due to the deficient guiderail, however, this risk already exists.

- **Works Planned for Ramsay Garage**

- Limited information can be found on this subject at this time
- A water softener was recommended for installation (Estimated Cost \$8,500)
- Life Safety Costs \$1,000
- Replacement of Man Door approximately \$2,500.00
- Repairs to Gate \$2,000.00
- Repair to Sand Shed Roof/Cover \$1,500.00

- **Replacement of Grader**

- 1996 Champion Grader
- 13,000 hours, Rebuild time is approximately 10,000 hours
- Included based Life Cycle Expectancy
- Currently Runs Well, Needs about \$15-\$20,000 in repairs (mostly front end work)
- Has been well maintained, the turning circle and transmission have been rebuilt
- Is older and could have unexpected breakdowns

Recommendation: This grader could have a life extension of 2-4 years if front end is replaced. Deferring the replacement would require an investment in 2021 budget of \$20,000.00.

TAXATION

The Municipality must bill and collect taxes on behalf of the County of Lanark and the School Boards. These taxes are then paid to those entities regardless of whether the taxpayer has paid them to the Municipality or not. If not, they form part of the tax arrears of the Municipality. The Municipality is permitted to keep any penalties and interest on those tax arrears.

BREAKDOWN OF TAX BILL

The Provincial reassessment scheduled to take effect for the years 2021-2024 has been postponed due to Covid 19. Assessment information for 2021 will be the same as 2020 as follows:

Municipality of Mississippi Mills								
2021 Assessment by Ward

% change	11.58%	2.56%	9.97%

A comparison of the Municipality's tax rate with other lower tier municipalities in the County of Lanark is completed each year. Mississippi Mills is not the highest or the lowest as depicted in this chart for 2020:

For comparative purposes, the 2020 Municipal rates at the local level (excluding County and Schools) are:

Municipality	2020 Residential Tax Rate
Beckwith	.297824%
Drummond North Elmsley	.387367%
Tay Valley	.447819%
Mississippi Mills	.516497%
Lanark Highlands	.610214%
Carleton Place	.681753%
Montague	.720745%
Perth	.841407%

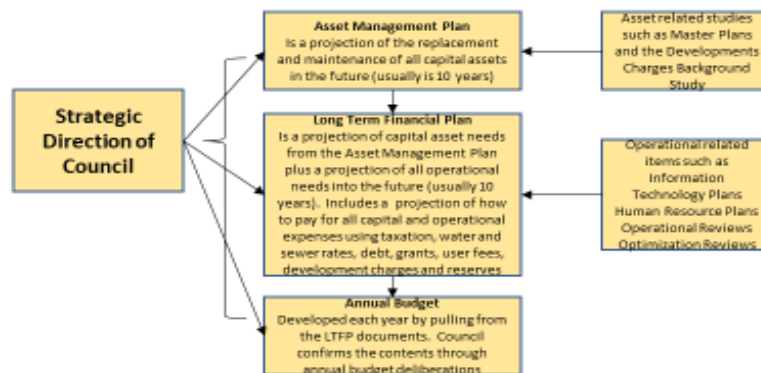

Long Term Financial Planning

In 2017, a new Asset Management Regulation was passed by the Province of Ontario requiring municipalities to complete asset management policies and plans by specified dates and with prescribed contents. As a result the current Asset Management Plan will require updating.

(<https://www.ontario.ca/laws/regulation/170588?search=asset+management+regulation>)

In 2019, Council approved a Strategic Asset Management Policy to meet legislated requirements. <https://www.mississippimills.ca/en/townhall/resources/Strategic-Asset-Management-Policy-approved-by-Council-June-4-2019.pdf>.

An approved **Asset Management Plan** provides Council with detailed information on the condition of municipal assets so that informed resource allocation decisions can be made. Staff can then plan in advance for asset replacement and rehabilitation and communicate this to residents along with annual progress updates as to improvements in this area. The replacement needs identified within the asset management plan can then be included in the long term financial plan and the annual budget.

The Municipality's current Asset Management Plan and Long Term Financial Plan can be found at <https://www.mississippimills.ca/en/townhall/financialstatements.asp>. An up to date Asset Management Plan is required in order to obtain any infrastructure grant funding from the Province and is a requirement of the Federal Gas Tax Program.

For the years 2013-2019, the Municipality had been following the long term financial plan for tax supported projects which outlines target expenditure and revenue totals, as well as target reserve, debt and capital needs. **The long term financial plan requires updating. Due to Covid 19 delays in the development of other plans and studies needed to complete the Long Term Financial Plan, it has been postponed.**

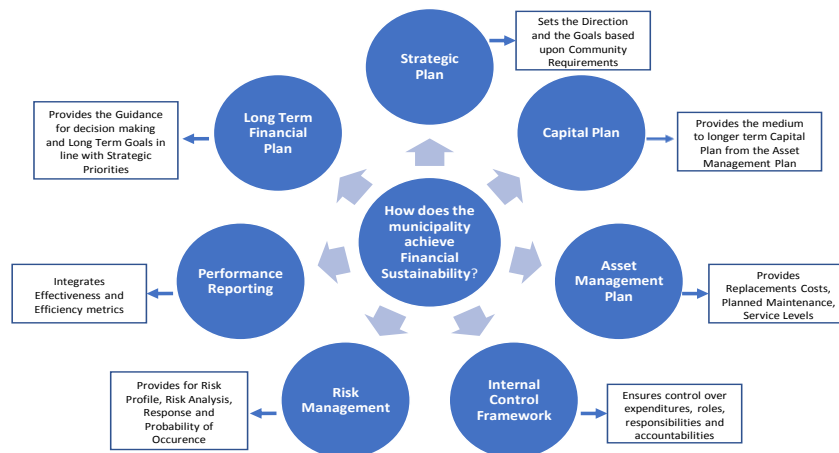

Water and Sewer also has a rate study that provides Council with plan for capital replacement along with operational needs. Included in the plan is the estimated rate increases needed to support the annual budget. Refer to the Water and Sewer section of this document for information on proposed rates for 2021.

The Municipality maintains and funds from the tax base, user fees and other general revenues assets such as:

- 2 Libraries (Almonte and Pakenham)
- 2 Fire Stations (Almonte and Pakenham)
- 2 Arenas with ice surfaces and upper halls (Almonte and Pakenham)
- 1 Curling Rink
- 1 Child Care Centre It also runs programs in schools within Almonte and an expanded program at the Catholic School through a lease arrangement
- 15 Bridges
- 11 Large culverts
- 97 km of surface treated roads
- 96 km of paved roads
- 186 km of gravel roads
- 1 splash pad
- 2 skateboard parks (Almonte and Pakenham)
- 19 parks, 10 with amenities
- 144 acres of parkland/green space
- 3 public works garages
- 1 Municipal Office
- The Almonte Old Town Hall
- The Almonte Old Registry office

12 Fire Vehicles
 31 Public Works vehicles/ equipment
 10 Recreation vehicles/ equipment
 2 Building Department Vehicles
 2 Beautification Vehicles
 Streetlights
 36 km of sidewalks and curbs
 Signage
 Other Equipment
 36.5 km of watermain
 34 km of sanitary sewers
 1 Wastewater treatment plant
 1 Water tower
 8 sewage pumping stations
 5 wells
 SCADA equipment
 3 water system vehicles
 Catchbasins, storm sewers, manholes, water meters, instrumentation and controls

What are the Elements of Financial Sustainability?

To be sustainable the Municipality must ensure that it is spending/investing appropriately on asset and other capital improvements and preparing and planning for future capital including growth related needs, technological improvements or changes required as a result of climate change along with all the operational needs of the Municipality.

Once the full implications of the new asset planning regulation are determined, an updated long term financial plan will be required to address the financial needs included in the asset management plan.

Over the last few years, Council made a commitment to provide funding through the long term financial plans, the annual budget and the asset management plan for asset replacement. As a result, improvements have been made as represented in the following charts:

ASSET MANAGEMENT PLAN RESULTS

Figure 1 - Bridges and Large Structures

Bridges		
	2018	2019
Total Number of Bridges	15 (2,519m ²)	15 (2,519m ²)

Total	1250	410	1250	655	

In 2018, Council approved a new development charges study and by-law to provide an additional funding source for capital needs as a result of growth. Information on development charges can be found at

(<https://www.mississippimills.ca/en/townhall/developmentcharges.asp>)

DEBT AND RESERVES

When determining how to pay for asset replacement, the Municipality considers the following options:

- 1) Out of the current budget (pay as you go). This means that the residents of today pay the full cost.
- 2) By a long term financing arrangement (debt). This means that future residents pay the majority of the cost as they are also the ones who benefit from assets with long lives.
- 3) Out of reserves. This means that those residents in the past paid for the asset through a previous allocation to reserves.
- 4) By an internal financing arrangement. This means that funds are taken out of reserves in the current year and repaid over time. Again, this means that future residents pay the cost of the asset but it also protects the reserve from being depleted.
- 5) By other revenue sources such as the fundraising, Federal, Provincial and County grants, development charges, etc.

Which option is chosen depends on the funding source outlined in the long term financial plan and other planning documents, the availability of reserves, grants and other revenues or as approved by Council.

DEBT

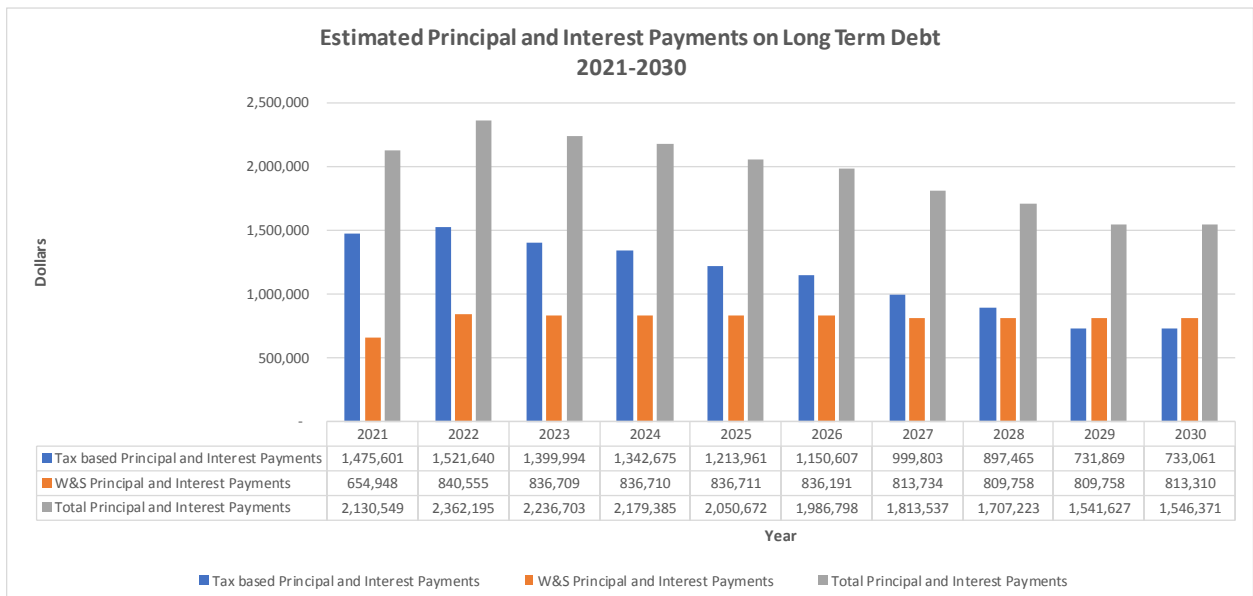

The Municipality has taken advantage of lower interest rates over the last few years to address the backlog of capital replacement. Debt is considered for assets with expected lives in excess of 10 years with terms not to exceed 20 years. The exception is the waste water treatment plant that has a term of 30 years.

Debt allows for the cost of an asset to be repaid over the life of the asset and not paid all at once. It also means that tax rates and user fees are smoothed out and prevents large spikes in years where major capital replacement is required. Annual debt repayments included in the budget are also considered an investment in capital. Over time, as debt is repaid, the principal and interest payments already included in the budget can be reallocated to replacement needs in that year or be reallocated to reserves for future replacement to minimize tax and user fee increases.

Principal on existing and proposed municipal debt **including water and sewer for 2021-2030** is depicted as follows:

Principal and interest repayments for 2021-2030 are also estimated as follows:

The next chart is a further breakdown of loans and repayments for 2021:

Municipality of Mississippi Mills

Tile Drainage	11,529.00	3,628.00	Paid by property owners	
Total	24,163,159.00	2,134,177.00		

RESERVES:

Reserve balances fluctuate annually depending on the availability of funds in the annual budget to build up the reserve and then conversely the use of reserves annually for projects that funds were set aside for.

In 2020, several projects were delayed or postponed as a result of Covid 19 closures and restrictions. Funding for these projects will be placed into reserves at the end of 2020 and used in 2021.

Reserves are used to plan for future capital replacement needs to try and smooth out tax rate and user fee changes so that large spikes do not occur in years where large capital improvements or replacements are required. A common practice of the Municipality is to “borrow” funds from reserves to complete a project that is larger in value to avoid external debt financing and as a mechanism to protect the reserve balance in the long term because the amount will be repaid back to reserves over a number of years.

If reserves are depleted in any budget year, then there will be limited funds available in another year to complete required work. This would then equate to a very large increase in taxation or user fees.

Reserves are also needed to address emergency situations that may arise from time to time. 2015-2021 reserves **including water and sewer** are depicted as follows:

The next chart includes additions to and the use of reserves for internally financed projects as follows:

Municipality of Mississippi Mills								
Internally financed projects from Reserves								
Included in 2021 budget:								
						Prjoected		
	Original Amount	# of years	1st year	last year	2021 Total	Bal at Dec 31/21

Total	2,905,992				351,046	1,391,457		

The 2021 budget also proposes “borrowing” from reserves for capital projects that will start to be repaid back to reserves in 2022:

Projects included in 2021 Budget for internal financing					
Tax Based:	Original Amount	# of years	1st year	last year	2022 Total
Plow Truck	178,250	10	2022	2031	17,825
Electronic Sign	50,000	5	2022	2026	10,000
Total	228,250				27,825
Water and Sewer:					
Sanitary Sewer Repairs	230,976	10	2022	2031	23,097
WWTP Turbo Blower 3 Replacement	120,000	10	2022	2031	12,000
	350,976				35,097
Total	579,226				62,922

Municipal reserves are made up of multiple departmental reserves, some of which are restricted in their use. For example, contributions from the waste management budgets, the building department, water and sewer and septage come from user fees and not taxes and therefore should not be used to pay for items that would normally be funded from taxation. Similarly, policing reserves should only be used for policing matters to help address changes to the annual contract and winter control reserves are meant to be used in years where winter control is over budget because of a bad winter season.

The reserve balances at December 31, 2019 is \$11,719,067 and 2021 is estimated at \$9,899,872

Due to Covid 19, many capital projects were not able to proceed in 2020 or were incomplete at year end so funding is estimated to transfer to reserves for completion in 2021.

Summary										
Working Capital			1,100,000.00	Reserve is restricted to offset tax arrears						
Capital			3,036,964.69	Reserve is further restricted to projects noted above						
Programs in Operating budget			26,193.01	Reserve is for Heritage and Facility Manager/H&S						
Contingency			337,726.83	Reserve is for emergencies						
Police			166,994.59	Reserve is used to offset increases in contract						
Waste Management			1,177,049.35	Reserve is from user fees to offset waste management needs						
Septage			245,633.07	Reserve is from Septage fees to offset septage needs						
Winter Control			55,820.00	Reserve is to offset deficits in winter control area of budget						
Ramsay			2,640.40	Reserve is for museums capital projects						
Pakenham			266.72	Reserve is for recreation in Pakenham ward						
Business Park			-	Reserve is to offset debt on park and to plan for next phase						
Ticket Surcharge			13,840.45	Reserve is to offset auditorium improvements at Almonte Old Town Hall						
Cash in Lieu-Parkland			85,779.50	Reserve is to be used for parkland/recreation trail development						
Parking			55,737.83	Reserve is available to address parking related matters						
Election			50,000.00	Reserve is being built up to offset the 2022 election						
Records Management			37,500.00	Reserve is to offset electronic storage of records						
Building Dept			661,059.71	Reserve is from building department revenues and can only be applied to building						
Light Up the Night			5,717.42	Reserve is used to offset this event						
Water and Sewer			2,840,948.51	Reserve is from water & sewer rates for capital projects						
			9,899,872.08							

With an estimated capital reserve balance at the end of 2021 of \$3 million and a future replacement cost of all municipal infrastructure conservatively estimated at \$170 million, the Municipality is projected to have 1.8% of the cost of capital up front by the end of 2021. This means that when capital replacement is needed in the future, some other funding source will be required and will likely depend on tax and user fee increases. It is important that the Municipality consider increasing the reserve balance in anticipation of future capital needs.

REVENUE

The Municipality has a number of revenue sources in addition to taxation that helps pay for the cost of programs and services. For example, the waste management charge covers the full cost of providing waste management services. Likewise, water and sewer, and septage fees pay the full cost of the service and building permit fees cover the full costs of the department and are not paid for through the tax levy.

Development charges help pay for expenditures required as a result of growth and grants and other user fees are available in addition to general licenses and permits. The Municipality also collects interest on its investments and penalties and interest on overdue water and taxes.

Revenues are typically shown in the budget document with a negative sign in front of the figure.

COUNCIL

The Municipality is governed by an elected Council comprised of 7 members; Mayor, Deputy Mayor, and 5 Councillors (2 Almonte Ward, 2 Ramsay Ward and 1 Pakenham Ward). Each Council term is four (4) years.

All members of Council meet twice a month at Committee of the Whole and Council meetings. Committee of the Whole meetings are intended to be a less formal forum for discussion and analysis of issues. Committee of the Whole does not have the authority to authorize final actions and decisions, instead it reviews and gathers information and formulates a recommendation that is then provided to Council for a decision. Both Committee of the Whole and Council meetings are open to the public and attendance is welcome.

ADMINISTRATION

The **Administration** Department provide corporate, information and administrative services that support other departments in the on-going operations of the Municipality. The Administration Department consists of the office of the Chief Administrative Officer (CAO), the office of the Clerk and Finance including the costs of operating and maintaining administrative facilities; the Municipal Office, The Almonte Old Town Hall and the Old Almonte Registry Office.

The **CAO** reports directly to Council and is the senior staff person who provides organizational leadership to the municipal Staff and chairs the Senior Management team meetings. This position is responsible for the administration and coordination of the delivery of services to residents and businesses in a manner that ensures the efficient utilization of the Corporation's human, financial and physical resources and is consistent with the service standards approved within the annual budget and other planning documents. The CAO acts as an advisor to Council in the development of public policies ensuring that Council is provided with all relevant information necessary to make informed decisions. The CAO is also responsible for developing collaborative relationships within the community, other Municipalities and all levels of government.

The **Clerk** is responsible for a number of legislated duties including recording the minutes of all Committee of the Whole and Council meetings, drafting by-laws, acting as a local Registrar for births and deaths, acting a Returning Officer for municipal elections and various other duties as specified in legislation, including the *Municipal Freedom of Information and Protection of Privacy Act*.

The **Finance** department is responsible for long term financial planning, annual budget development, investment management, municipal insurance, development charges, general accounting, treasury and cash management and all statutory reports. The department also levies and calculates property taxes, generates utility billings, collects all monies owed to the Municipality, processes payments for all departments of the Municipality and manages the payroll system for the Municipality's 100+ employees.

EMERGENCY AND PROTECTIVE SERVICES

Emergency and Protective services is made up of the Fire Department, Police, and other general protection such as by-law and animal control.

The **Fire Department** is comprised of a Fire Chief, District Chiefs, an Inspection Officer, Administrative Support and approximately 46 volunteer firefighters that operate out of two stations.

The Municipality is serviced by the Ontario Provincial **Police** (OPP) through a contract arrangement. Council has an oversight committee called the Community Policing Advisory Committee or CPAC.

Other Protection services are offered primarily by contract and include by-law services for such items as parking and animal control, facility management and health and safety.

ROADS AND PUBLIC WORKS

The **Roads and Public Works Department** is responsible for providing some of the basic services that affect the daily lives of those who live and work in Mississippi Mills. The department oversees approximately 379 km of maintained public roads of which 193 km are hard surfaced and 186 km are gravel. Maintenance activities of roads include grading, dust control, sign installation, street sweeping and winter control activities such as plowing, sanding, salting and snow removal.

Roads and Public Works 2021 Budget

ROAD ADMINISTRATION

SALARIES, WAGES AND BENEFITS	\$602,360.00
SALARIES AND BENEFITS ASSOCIATED WITH ADMINISTRATION OF THE DEPARTMENT.	
OFFICE SUPPLIES	\$14,500.00
OFFICE SUPPLIES FOR THE DEPARTMENT	
POSTAGE AND COURIER	\$2,000.00
AS REQUIRED	
TELEPHONE	\$1,500.00
CELL PHONES	
LEGAL FEES	\$1,100.00
FOR LEGAL MATTERS THAT MAY ARISE DURING THE YEAR	
ENGINEERING/OTHER PROFESSIONAL FEES	\$6,600.00
FEES FOR INFORMATION/STUDIES, ETC.	
ADVERTISING	\$500.00
TRAVELLING EXPENSE	\$2,400.00
MILEAGE FOR STAFF	
ASOCIATION AND CONVENTION	\$4,300.00
ONTARIO GOOD ROADS, ROAD SCHOOL, ETC	
SEMINARS	\$650.00
INSURANCE	\$28,905.00
LIABILITY NSURANCE	
OTHER SERVICES AND RENTS	\$4,000.00
MISCELLANEOUS ITEMS THAT CANNOT BE PLACED ELSEWHERE	

PERSONNEL (CLOTHING, ETC.) \$14,000.00

CLOTHING ALLOWANCE PER BY-LAW AND THE UNION AGREEMENT (WORKBOOTS, SUMMER AND WINTER APPAREL)

COMMUNICATIONS \$15,000.00

CELL PHONES FOR MECHANIC, OPERATIONS MANAGER, CET AND EMERGENCY PURPOSES, PAGER COSTS, VHF SITE RENTAL COSTS AND RADIO LICENSES

TECHNICAL COURSES \$23,300.00

MANDATED SAFETY AND PROFESSIONAL TRAINING REQUIREMENTS TO MEET ONTARIO HEALTH AND SAFETY ACT

PERSONNEL (COURSES/MEMBERSHIPS, ETC.) \$2,600.00

MEMBERSHIPS FOR PROFESSIONAL ENGINEER, OPERATIONS MANAGER, CET-TRANSPORTATION ASSOCIATION OF CANADA, ONTARIO GOOD ROADS ASSOCIATION, MEDICALS FOR DRIVER'S LICENSES, ETC.

MACHINE RENTAL (TOWN) (\$415,475.00)

OFFSETS VEHICLE USEAGE ALLOCATED TO FUNCTIONAL AREAS WITHIN THE BUDGET-NET OF ALL IS ZERO.

LONG TERM DEBT PAYMENTS \$540,202.00

DEBT PAYMENTS FOR ROADS, BRIDGES AND FACILITIES

CAPITAL EXPENDITURES \$2,816,171.00

TO RESERVES \$111,755.00

PUBLIC WORKS FACILITIES

ALMONTE WARD GARAGE \$1,430.00

OTTAWA RIVER POWER CORPORATION RENTS BAYS IN THE GARAGE. THE LEASE REQUIRES THE PAYMENT OF A GRANT IN LIEU OF TAXES, MAINTENANCE OF THE GROUNDS AND BUILDING AND THE HYDRO.

PAKENHAM WARD GARAGE \$21,780.00.

UTILITIES, TELEPHONE, INSURANCE, MAINTENANCE AND REPAIRS

RAMSAY WARD GARAGE \$90,695.00

UTILITIES, TELEPHONE, INSURANCE, MAINTENANCE AND REPAIRS

ROADSIDE MAINTENANCE

STREET LIGHTING \$81,090.00

INCLUDES HYDRO AND MAINTENANCE COSTS FOR STREETLIGHTS IN ALL 3 WARDS.

PAKENHAM BRIDGE \$820.00

HYDRO COSTS ONLY

BRIDGES AND CULVERTS \$92,820.00

BRIDGE CLEANING INCLUDING HIGH PRESSURE WASH ONCE EVERY TWO YEARS FOR EVERY BRIDGE TO WHICH THE BRIDGE DECK IS THE ROAD SURFACE, CULVERT INSPECTION ONCE PER YEAR AND REMOVAL OF BLOCKAGES OR SEDIMENT BUILDUPS, REPLACEMENT OF CULVERTS THAT ARE STRUCTURALLY DEFICIENT

HYDRANTS \$26,520.00

INSPECTION, REPAIR AND REPLACEMENT

FLOOD CONTROL \$16,625.00

MINOR MAINTENANCE ON DRAINS, BEAVER DAM REMOVALS AND REMOVAL OF SNOW IN DITCHES AS REQUIRED.

ROAD PATROL \$51,715.00

ROUTINE INSPECTION OF THE ROAD SYSTEM AND RECORDING OF CONDITIONS THAT DO NOT MEET MINIMUM MAINTENANCE STANDARDS, ALSO WINTER INSPECTION TO DETERMINE ROAD CONDITIONS INCLUDING ICY SURFACES AS PER THE MINIMUM MAINTENANCE STANDARDS

GRASS MOWING \$99,960.00

CUT ONE SWATH ON ALL ROADS TWICE PER YEAR AND TO ELIMINATE ALL NOXIOUS WEEDS BY CUTTING OR SPRAYING INCLUDING WILD PARSNIP

BRUSHING, TREE TRIM AND REMOVAL \$88,535.00

BRUSHING IS REQUIRED WHERE SNOW DRIFTING IS CAUSED BY ROADSIDE OBSTRUCTIONS OR WHERE NECESSARY TO IMPROVE DRAINAGE.

TREE TRIMMING AND REMOVAL IS REQUIRED FOR DEAD TREES OR BRANCHES TO ALLOW FOR A UTILITY CORRIDOR OR FOR DRAINAGE

DITCHING \$59,280.00

REQUIRED WHEN WATER PONDS IN THE ROADSIDE AT A HEIGHT LESS THAN 0.5 M BELOW THE EDGE OF THE SHOULDER

CATCH BASINS \$38,965.00

CLEANING OF CATCH BASIN SUMP BI-ANNUALLY TO REMOVE CONTAMINATED SEDIMENTS AND REPAIRS AS NEEDED TO ADJUST FRAMES AND COVERS

DEBRIS AND LITTER \$19,175.00

PITCH IN WEEK, ROADSIDE CLEANUP AND WEEKLY LITTER PICK UP IN ALMONTE WARD

STORM SEWERS \$16,525.00

URBAN STORM SEWER MAINTENANCE AND REPAIRS, STORM MANHOLE CLEANING, MAINTENANCE AND ADJUSTMENT OF FRAMES AND COVERS

CURBS AND SIDEWALKS \$66,730.00

SPOT REPAIRS OF CURBS AND SIDEWALKS REQUIRED FROM INSPECTIONS AS PER THE MINIMUM MAINTENANCE STANDARDS

HARDTOP MAINTENANCE

PATCHING \$109,855.00

PATCHING IS REQUIRED WHEN THE FREQUENCY OF POTHOLES CAUSES A REDUCTION IN VEHICULAR OPERATING SPEEDS AND IS REQUIRED BEFORE CRACKING BECOMES EXTENSIVE ENOUGH TO CAUSE THE ASPHALT SURFACE TO BREAK AWAY AND WHEN AN EDGE BREAKS AWAY OVER AN EXTENDED LENGTH THAT EXCEEDS .3 M

SWEEPING \$36,950.00

STREET SWEEPING THROUGHOUT THE MUNICIPALITY IN THE SPRING INCLUDING VILLAGES AND RURAL SUBDIVISIONS AS REQUIRED

SHOULDER MAINTENANCE \$26,325.00

GRADING IS REQUIRED WHEN THE SHOULDER BECOMES ROUGH AND DEPRESSIONS APPEAR AT THE PAVEMENT EDGE TO SUCH AN EXTENT THAT WATER PONDS AT THE EDGE AND THE DEPRESSION IS CONSIDERED A TRAFFIC HAZARD. GRANULAR MATERIALS ARE APPLIED WHEN NORMAL GRADING CANNOT OBTAIN SUFFICIENT MATERIAL FROM THE SHOULDERS TO REPAIR THE PAVEMENT EDGE DROP OFF.

LOOSE TOP MAINTENANCE

PATCHES & WASHOUTS \$38,630.00

APPLICATION OF GRANULAR MATERIALS TO REPAIR ROAD SURFACE

GRADING \$109,245.00

GRADING OF GRAVEL ROAD SURFACES TO ELIMINATE POTHOLES AND TO APPLY NEW MATERIALS

<u>DUST LAYER</u>	\$120,795.00
THE APPLICATION OF DUST SUPPRESSION MATERIALS ON GRAVEL ROADS	
<u>GRAVEL RESURFACING</u>	\$18,410.00
SPOT REPAIRS ON GRAVEL ROADS	
<u>WINTER CONTROL</u>	
<u>SNOWPLOWING</u>	\$253,980.00
REMOVAL OF SNOW ACCUMULATION ON THE ROADWAYS IN ACCORDANCE WITH MINIMUM MAINTENANCE STANDARDS	
<u>SNOW REMOVAL</u>	\$193,740.00
REMOVAL OF SNOW FROM PARKING AREAS AND FROM, INTERSECTIONS TO IMPROVE VISIBILITY AND TO WIDEN ROADS THAT BECOME IMPASSABLE DUE TO EXCESS SNOW STORAGE IN THE ROADS	
<u>SANDING & SALTING</u>	\$456,915.00
APPLYING SAND, SALT OR A COMBINATION TO ELIMINATE SNOW ACCUMULATION OR IMPROVE ROAD CONDITION FOR VEHICULAR TRAFFIC IN ICY CONDITIONS	
<u>PLOWING/SANDING SIDEWALKS</u>	\$40,800.00
REMOVAL OF SNOW ON SIDEWALKS AND/OR THE APPLICATION OF SAND/SALT	
<u>SAFETY DEVICES</u>	
<u>TRAFFIC SIGNS AND LINE PAINTING</u>	\$57,750.00
PROVISION OF WARNING SIGNS IN LOCATIONS THAT CONFORM WITH THE ONTARIO TRAFFIC MANUAL, TO PROVIDE CENTERLINE MARKINGS, STOP BARS, TAILS, ARROWS, PARKING BAYS AND HATCHING WHERE REQUIRED ON MUNICIPAL ROADWAYS	
<u>TRAFFIC LIGHTS</u>	\$7,595.00
MAINTENANCE AND REPAIRS OF TRAFFIC SIGNALS INCLUDING HYDRO COSTS	
<u>MUNICIPAL ADDRESSING</u>	
<u>ENTRANCES AND ADDRESSING</u>	\$5,000.00
COSTS TO INSPECT PRIVATE ENTRANCES AND INSTALL PROPERTY IDENTIFICATION NUMBER SIGNS	
<u>OTHER MAINTENANCE</u>	\$43,865.00

MAINTENANCE PERFORMED BY PUBLIC WORKS STAFF FOR OTHER DEPARTMENTS AND FOR
MUNICIPALLY OWNED PROPERTIES

VEHICLES AND EQUIPMENT

\$663,293.00

INCLUDES FUEL, MAINTENANCE, INSURANCE, LICENCES AND DEBT COSTS ON VEHICLE AND
EQUIPMENT PURCHASES

WASTE MANAGEMENT

Waste Management includes the costs of managing garbage collection, recycling and the landfill sites. The Municipality has contracts with private companies for the provision of the majority of waste management services. **The waste management budget is funded through a waste management charge on final tax bills and not through the municipal tax levy.**

Waste Management 2021 Budget

ADMINISTRATION

\$42,110.00

INCLUDES SALARIES AND BENEFITS TO ADMINISTER THE WASTE MANAGEMENT BUDGET
ALONG WITH TECHNICAL COURSES AND TRAVEL

WASTE COLLECTION

\$1,766,535.00

INCLUDES CONTRACT COSTS FOR ROADSIDE COLLECTION OF WASTE AND RECYCLING, AND
LARGE ITEM DAY

LANDFILL SITE

\$196,060.00

INCLUDES OPERATING COSTS, CAPITAL EXPENDITURES AND RESERVE ALLOCATIONS
ASSOCIATED WITH THE LANDFILL SITES INCLUDING A PAYMENT IN LIEU OF TAXES TO THE
CITY OF OTTAWA FOR THE HOWIE ROAD SITE

PAKENHAM WASTE RECYCLE DEPOT

\$8,500.00

INCLUDES ALL OPERATING COSTS ASSOCIATED WITH THE RECYCLE DEPOT IN PAKENHAM

WASTE DIVERSION

\$15,000.00

OPERATING FUNDS FOR PROMOTIONAL MATERIALS AND COSTS ASSOCIATED WITH WASTE
DIVERSION

RECREATION AND CURLING

The **Recreation** Department is responsible for overseeing the recreation facilities, programs and events for the Municipality. The department works closely with community groups, volunteers and residents to ensure that community needs are addressed. The Department is also responsible for the curling rink and has an agreement with the Curling Club for use during the curling season.

The Municipality is committed to enhancing the quality of life for its residents by promoting active living and offering quality recreational programming for all to enjoy.

AND ICE SCRAPER

CURLING BAR EXPENSES

\$8,650.00

INCLUDES ALL COSTS TO OPERATE THE BAR SUCH AS LIQUOR & BEER, FOOD, LABOUR,
ETC.

PLANNING AND BUILDING

Planning is responsible for all aspects of land use planning as mandated by the *Ontario Planning Act* including community plans and development application reviews and approvals. The department is responsible for the development and implementation of the Community Official Plan and zoning by-laws. It also deals with severances, subdivision development, minor variances and site plan control. Planning oversees the management of cultural heritage assets with support from the Municipality's Heritage Committee.

The **Building Department** oversees construction in the Municipality in accordance with the *Ontario Building Code* including issuing building permits, carrying out inspections and providing information on all aspects of building within the Municipality. The building department's expenses are offset by building permit revenue and no funding is provided through municipal taxation.

COMMUNITY AND ECONOMIC DEVELOPMENT

Mississippi Mills is a growing Municipality with over 13,000 residents. **Economic Development** is important for the Municipality in order to maintain its high quality of life, natural heritage, rural culture and small town charm. Economic Development is needed to attract and retain businesses to support the Municipality's continued growth and development. Economic Development also includes funding to support organizations through its municipal grant program.

CHILDCARE

The Municipality provides **Childcare** services for its residents to support young families who live in this community. The Daycare Centre employs highly trained qualified staff to provide care for infants, toddlers, pre-school age children and before and after school care. Summer programs are also available in July and August.

In 2019 there was an expansion of the service as a new facility constructed by the Catholic District School Board through a lease agreement with the Municipality. This arrangement allowed the Municipality to grow the program at a relatively low cost.

WATER & SEWER

Water and Sewer is an essential service provided to users connected to the municipal system which is represented by approximately 3,347 water and sewer accounts. The system is managed and maintained by the public works department responsible for providing clean and safe drinking water and the treatment of wastewater for those living and working in the serviced area of Mississippi Mills.

The operating and capital costs to provide this service is recovered fully through water billings issued every two months after applying all other water and sewer related revenues such as Federal and Provincial grants, development charges, interest on overdue accounts, etc. No funding for water and sewer services is provided through municipal taxation.

Municipality of Mississippi Mills

Water & Sewer Budget 2021 Budget

REVENUES

INTEREST & DIVIDENDS-ORPC/ORES \$26,115.00

INTEREST ON PROMISSARY NOTE AND DIVIDENDS RECEIVED FROM OTTAWA RIVER POWER CORPORATION-SHARED WITH THE MUNICIPAL BUDGET PER BY-LAW

INTEREST & DIVIDENDS-MRPC \$61,200.00

INTEREST ON PROMISSARY NOTE AND DIVIDENDS RECEIVED FROM MISSISSIPPI RIVER POWER CORPORATION-SHARED WITH THE MUNICIPAL BUDGET PER BY-LAW

WATER BILL REVENUE \$3,429,595.00

WATER AND SEWER REVENUE, INCLUDES BASE CHARGE AND CONSUMPTION CHARGE

WATERWORKS-REMOTE METERS \$43,350.00

REVENUE FROM SALE OF RADIO FREQUENCY (RF) METERS

WATERWORKS-W&S CONNECTIONS \$9,180.00

REVENUE COLLECTED ON BUILDING PERMITS FOR WATER CONNECTIONS

WATERWORKS-HYDRANT RENTAL \$3,500.00

REVENUE FROM FIRE DEPARTMENT FOR HYDRANT USAGE

WATERWORKS-OTHER FEES AND S/C \$100.00

REVENUE FROM SERVICE CHARGES IMPOSED ON WATER ACCOUNTS

INTEREST ON OVERDUE WATER ACCOUNTS \$20,000.00

INTEREST CHARGED ON PAST DUE ACCOUNTS

INTEREST INCOME \$35,000.00

INTEREST EARNED ON WATER AND SEWER RESERVE BALANCES

RESERVE FUNDS \$239,647.00

DEVELOPMENT CHARGES COLLECTED TO OFFSET DEBT ON WASTE WATER TREATMENT PLANT

EXPENDITURES**ADMINISTRATION**

SALARIES, WAGES & BENEFITS \$174,885.00

SALARIES AND BENEFITS ASSOCIATED WITH THE ADMINISTRATION OF THE WATER AND SEWER DEPARTMENT

LONG TERM DEBT CHARGES \$654,948.00

LONG TERM DEBT CHARGES ON WASTE WATER TREATMENT PLANT, SCADA EQUIPMENT, PERTH/COUNTRY/BRIDGE AND OTHER W&S PROJECTS

POSTAGE & COURIER \$500.00

AS REQUIRED

TELEPHONE \$2,500.00

CELL PHONES

AUDIT FEES \$2,000.00

ANNUAL AUDIT

OTHER PROFESSIONAL FEES \$10,500.00

AS REQUIRED FOR ENGINEERING, CONSULTANTS, ETC.

ADVERTISING \$250.00

ADVERTISEMENTS AS REQUIRED

INSURANCE \$13,712.00

INSURANCE FOR WATER DISTRIBUTION AND SEWAGE COLLECTION

PERSONNEL (CLOTHING, ETC.) \$1,500.00

BOOT AND CLOTHING ALLOWANCE

TECHNICAL COURSES \$16,000.00

THE MUNICIPALITY IS REQUIRED TO HAVE LICENSED OPERATORS UNDER THE SAFE DRINKING WATER ACT AND THE ONTARIO WATER RESOURCES ACT. STAFF REQUIRE A MINIMUM OF 40 HOURS OF TRAINING PER YEAR

PERSONNEL (COURSES/MEMBERSHIPS, ETC.) \$1,000.00

PROFESSIONAL MEMBERSHIPS, EXAM FEES, ETC.

CAPITAL EXPENDITURE \$1,285,690.00

TO RESERVES \$317,569.00

VEHICLES AND EQUIPMENT \$18,764.00

INCLUDES FUEL AND OIL, MAINTENANCE, LICENSES, INSURANCE, ETC.

SANITARY COLLECTION \$57,925.00

INCLUDES:

INSPECTION-TELEVIEW ALL SEWERS AT LEAST ONCE EVERY FOUR YEARS TO DETERMINE CONDITION OF PIPE, INSPECT MANHOLES AT LEAST EVERY FOUR YEARS TO DETERMINE CONDITION OF MANHOLE

CLEANING-FLUSHING OF SEWERS TO MINIMIZE BLOCKAGES AND REMOVE GREASE, MAINTAIN CAPACITY, REDUCE ODOURS, ETC., REMOVE DEBRIS IN MANHOLES AND PROVIDE A CONTINUOUS FLUSHING PROGRAM FOR PROBLEM AREAS

REPAIRS-MINOR STRUCTURAL PROBLEMS, ROOT REMOVAL, GREASE, PREVENTATIVE MAINTENANCE, EMERGENCY REPAIRS

WATER DISTRIBUTION \$248,360.00

INCLUDES:

INSPECTION-FIRE HYDRANTS ARE INSPECTED ANNUALLY PER THE FIRE CODE, HYDRANT FLOW TESTS ARE COMPLETED EVERY TWO YEARS TO DETERMINE THE EFFICIENCY AND ADEQUACY OF THE SYSTEM, LEAK DETECTION LOCATES ARE PERFORMED AT TIME OF HYDRANT INSPECTION, VALVE TURNING PROGRAM COMPLETED ONCE EVERY TWO YEARS

CLEANING-FLUSHING OF WATER MAINS TO REMOVE METAL OXIDES, SEDIMENT AND OTHER PRECIPITATES FROM THE PIPE NETWORK TWICE PER YEAR, CLEAN ISOLATION VALVES WHEN DEBRIS PREVENTS OR IMPEDES PROPER ACCESS TO THE OPERATING NUT WITHIN THE VALVE BOX

REPAIRS-REPLACE HYDRANTS AND VALVES THAT ARE NO LONGER FUNCTIONAL, PREVENTATIVE MAINTENANCE, EMERGENCY REPAIRS TO THE DISTRIBUTION SYSTEM

METER INSTALLATION, MAINTENANCE AND REPLACEMENT \$49,180.00

METERS SHOULD BE REPLACED AS REQUIRED (LIFE IS APPROX. 25 YEARS). OLDER METERS TEND TO BE LESS ACCURATE, NO LEAK DETECTION. METERS SHOULD BE CHECKED EVERY 10 YEARS OR AS REQUIRED WITH THE REPLACEMENT OF OLDER METERS WITH RADIO FREQUENCY METERS WHICH ARE MORE ACCURATE AND PROVIDE LEAK DETECTION AND LESS TIME TO READ BECAUSE DONE REMOTELY.

METER READING AND BILLING

\$13,605.00

STAFF TIME TO READ METERS AND COSTS OF MAILING BILLS TO RESIDENTS

PUMP HOUSE, LIFT STATION & TREATMENT PLANT

\$1,593,020.00

INCLUDES CONTRACT WITH THE ONTARIO CLEAN WATER AGENCY (OCWA) AND A GRANT IN LIEU OF TAXES FOR THE WASTE WATER TREATMENT PLANT.

THE OCWA CONTRACT INCLUDES:

THE OPERATION OF THE WASTEWATER TREATMENT PLANT INCLUDING LABOUR, CHEMICALS, ENERGY COSTS, SAMPLING OF RAW AND FINAL EFFLUENT, REVIEW OF CHEMICAL ADDITIVES, PROCESS ADJUSTMENTS, RESPONDING TO ALARMS AND COMPLIANCE REPORTING. WEEKLY EXTERNAL LABORATORY SERVICES FOR TESTING AND REPORTING OF PARAMETERS REQUIRED TO BE REPORTED UNDER THE ONTARIO WATER RESOURCES ACT ARE ALSO INCLUDED.

WEEKLY INSPECTIONS FOR MINOR SANITARY PUMP STATIONS AND THREE TIMES PER WEEK FOR THE GEMMILL'S BAY PUMP STATION, REVIEWS OF PUMP OPERATION LOGS, CLEANING OF COARSE BAR SCREENS, FACILITIES, PROCESS ADJUSTMENTS, RESPONDING TO ALARMS AND COMPLIANCE REPORTING.

INSPECTION OF ALL WELL SITES THREE TIMES PER WEEK, SAMPLING OF RAW AND TREATED WATER PARAMETERS, REVIEW OF CHLORINATION PUMP SYSTEMS INCLUDING SUPPLY OF SODIUM HYPOCHLORITE, RESIDUAL CHLORINE AND TURBIDITY ANALYZERS, FACILITIES, PROCESS ADJUSTMENTS, RESPONDING TO ALARMS, AND COMPLIANCE REPORTING INCLUDING LEGISLATED REPORTING.

REVIEW OF WATER STORAGE RECORDS FOR TRENDING AND ANOMOLIES THAT MAY INDICATE SIGNIFICANT LEAKS

WEEKLY EXTERNAL LABORATORY SERVICES FOR TESTING AND REPORTING ALL PARAMETERS REQUIRED TO BE REPORTED UNDER THE SAFE DRINKING WATER ACT.

ONTARIO ONE CALL

\$17,870.00

CALL CENTRE FOR LOCATES

LONG TERM PLANNING

The Municipality completed a water and sewer rate study several years ago which provides direction with regards to increases in water and sewer rates each year based on assumptions about growth, consumption and expected operating and capital needs. The study can be found at <https://www.mississippimills.ca/en/townhall/resources/2015-MM-W-S-Rate-Study.pdf>

The rate study incorporates a number of other documents such as the water and sewer master plan (available from the public works department) and the development charges study (<https://www.mississippimills.ca/en/townhall/developmentcharges.asp>) and is essentially the long term financial plan for the water and sewer system.

Rate changes for the last number of years have followed the direction of the Water and Sewer Rate Study as follows:

	2016	2017	2018	2019	2020
Average Consumption in gallons	32,200	32,200	32,200	32,200	32,200
Rate per 1,000 gallons	\$11.35	\$11.53	\$11.71	\$11.90	\$12.09
Average consumption charge	\$365.47	\$371.27	\$377.06	\$383.18	\$389.30
Annual base charge	\$540.90	\$562.54	\$585.00	\$608.00	\$632.00
Total average billing	\$906.37	\$933.81	\$962.06	\$991.18	\$1,021.30
Increase over previous year	\$42.37	\$27.44	\$28.25	\$29.12	\$30.12
% Increase over previous year	4.90%	3.03%	3.03%	3.03%	3.04%
Increase per month	\$3.53	\$2.87	\$2.35	\$2.43	\$2.51

The 2021 proposed rates also follow the water and sewer rate study recommendations and are calculated as follows:

Proposed 2021 Water and Sewer Rates

	2020	2021	Increase
Annual Base Charge	\$632.00	\$657.00	3.95% or \$25.00
Consumption Rate	\$12.09/1,000 gallons	\$12.28/1,000 gallons	1.57% or \$0.19/1,000 gallons
Average Annual Billing (32,200 gallons / year)	\$1,021.30 (\$85.10 per month= \$170.20 per each 2 month billing)	\$1,052.42 (\$87.70 per month= \$175.40 per each 2 month billing)	\$31.12 (3.04%, \$2.60 per month = \$5.20 per each 2 month billing)

NOTE: BILLING CYCLE EVERY TWO MONTHS

CONCLUSION

It is hoped that the contents of this document will be useful to both Council and the public in understanding all of the departments of the Municipality and what the areas of responsibility are.

Q1 Is your home or business in Mississippi Mills?

Answered: 215 Skipped: 0

ANSWER CHOICES	RESPONSES	
Yes	99.07%	213
No	0.93%	2

Answered: 100 Skipped: 115

2021 Mississippi Mills Budget Survey

#	RESPONSES	DATE
1	Increase funding to the North Lanark Regional Museum	11/10/2020 9:15 AM
2	Hwy 29 is horrible in winter. Before a serious accident occurs, please pressure Lanark County to have more equipment, more frequent passes and earlier response to winter conditions. Mississippi Mills and City of Ottawa do their job why not Lanark County	11/10/2020 8:53 AM
3	Affordable housing	11/10/2020 8:05 AM
4	Garden waste collection in areas outside Almonte ward	11/10/2020 7:55 AM
5	N/A	11/10/2020 6:11 AM
6	Nothing at this time.	11/10/2020 5:52 AM
7	Environmental protection such as alternatives to roadside spraying	11/9/2020 11:03 PM
8	Police should be per unit. Not value of your property	11/9/2020 10:24 PM
9	Ensuring that there are sufficient municipal staff with the right expertise to support the Municipality.	11/9/2020 9:51 PM
10	Responsible spending, no corruption, more effective work management. Paving busy gravel roads instead of "fixing" them.	11/9/2020 9:41 PM
11	Urban Forest Management	11/9/2020 9:19 PM
12	Make affordable housing a priority.	11/9/2020 9:14 PM
13	Current aquifers are not sufficient for the population and more and more housing is going up. You need to add at least two more or find another source. We will be in critical situations in the near future if this isn't addressed.	11/9/2020 9:09 PM
14	Youth support. Homeless funding.	11/9/2020 9:04 PM
15	Affordable housing	11/9/2020 8:23 PM
16	Recycling should go back to one bin.	11/9/2020 8:22 PM
17	Rural internet access, move the pedestrian lights from Bay Hill to the rail trail crossing on Ottawa street or across from Metcalfe park, stop spraying wild parsnip in unnecessary areas unless it is a public safety concern, long term plan to chips and tar gravel roads in Ramsay	11/9/2020 8:18 PM
18	As a Pakenham resident, I feel that I am paying too much in property taxes as I am on well and septic, extremely poor internet and cellphone reception and the gravel roads are not maintained. Can you please consider paving the gravel roads?	11/9/2020 8:16 PM
19	Na	11/9/2020 8:13 PM
20	More walking trails outside of Almonte	11/9/2020 7:56 PM
21	More yard waste to recycling pickup maybe once a month??? Pick up of large garbage items twice a year ??	11/9/2020 7:44 PM
22	Allocate taxes so that you keep your staff longer. Turnover is a detriment to good service. MM at a lower rate will continue to be a stepping stone municipality. Taxes are important. It costs money to keep up. Goals to keep taxes the same turns out to be a burden to current and future residents.	11/9/2020 7:27 PM
23	Paved shoulders on all major roads	11/9/2020 7:24 PM
24	Allocate funding to expand street sidewalks. An example would be Houston Street in Almonte.	11/9/2020 7:23 PM
25	Conversion of gravel roads to surfaced roads to reduce rock damage to vehicles and reduce maintenance costs (new gravel, regular grading)	11/9/2020 7:12 PM
26	Stop wasting money on spraying roadsides and potentially poisoning rural wells. I would rather see these funds going towards proper ditching and ditch maintenance. Our road has had poorly maintained ditches for over 5 years.	11/9/2020 7:11 PM
27	n/a	11/9/2020 7:07 PM

2021 Mississippi Mills Budget Survey

28	Internet and cell phone connectivity	11/9/2020 6:56 PM
29	N/A	11/9/2020 6:25 AM
30	No	11/8/2020 9:49 PM
31	Sidewalk clearing during winter for all areas not just some	11/8/2020 9:40 PM
32	Panmure road is terrible and needs to be repaved	11/7/2020 8:34 AM
33	Master planning and community resilience building.	11/5/2020 5:29 AM
34	I think there should be more affordable housing available.	11/4/2020 6:31 PM
35	Start fixing up the Country Roads properly. Patching up the potholes is not going to work, just supplies lifetime employment to those workers. Rae Road must be the worst of them all. Lucky there has been no major damage to our car with all those potholes.	11/3/2020 1:54 PM
36	See comments above...the condition of Rae Road past between concession 6B and Old Perth Road is in horrible condition and tar patching potholes does nothing to improve the all over condition of the road!!	11/2/2020 1:11 PM
37	The stretch of Rae Road from Con 6 to the beginning of gravel on the Old Perth Road needs to be replaced, because It is nearly impossible to drive on due to deep potholes and crumbling edges.	11/2/2020 9:50 AM
38	Cut program spending, pay off debt, reduce taxes.	10/30/2020 11:02 PM
39	MM should not entirely rely on the senior levels of government to improve internet services. The senior levels are more interested in photo ops than in seriously funding internet infrastructure. MM should fund neighbourhood fiber to the home initiatives on a shared cost project basis.	10/28/2020 2:07 PM
40	none	10/28/2020 7:44 AM
41	additional investment is required in community infrastructure including expansion of parks and parks development. Gemmill Park is significantly under maintained/developed and would benefit from a community pool. The town should consider financing to upgrade these facilities as other municipalities do.	10/28/2020 7:13 AM
42	Fixing roads	10/28/2020 2:41 AM
43	It was mentioned but the winter maintenance in some areas severely lacks. Victoria St rarely has the side walk cleared in the winter maude st has only started being maintained once the new build houses behind tim hortons was constructed. Why does the new neighborhood receive maintenance before existing areas? Also it is hard to agree to increase your tax without a value associated with it. Ottawa st also needs a turning lane into mill st.	10/27/2020 11:31 PM
44	Pakenham Municipal Park	10/27/2020 4:33 PM
45	I think the taxes are way too high for rural families. Taxes should be less and people should not expect the same infrastructure and amenities as a big city.	10/27/2020 3:00 PM
46	None	10/27/2020 2:40 PM
47	N/a	10/23/2020 1:03 AM
48	Perhaps there is a way for the municipality to attract new doctors to the area.... due to the shortage of family physicians.	10/22/2020 8:58 AM
49	Bylaw is sadly lacking. Why is there no enforcement of current rules and regulations. e.g. - boats, trailers, rv's parked in residential lanes for extended periods of times (months not days). Why do I as a tax payer have to complain before someone finally does the job they are being paid to do.	10/21/2020 1:42 PM
50	Get rid of the pothole fillers (or find other things for them to do) and repair the roads properly!	10/21/2020 7:20 AM
51	Affordable , available high speed internet to the rural sections of MM. We have been ignored.	10/20/2020 8:59 PM
52	Paramedics	10/20/2020 8:50 PM
53	N/A	10/20/2020 8:46 PM

2021 Mississippi Mills Budget Survey

54	Designate about 3 off leash dog parks and get the job done in 2021!!!	10/20/2020 8:26 PM
55	Kill the budget for cycling infrastructure. They should pay user fees to pay for this infrastructure.	10/20/2020 5:53 PM
56	N/a	10/20/2020 4:44 PM
57	Pedestrian traffic is increasing in Almonte, especially during the summer and on weekends. There needs to be better crosswalks at busy intersections, such as Almonte and Mill Streets.	10/20/2020 3:13 PM
58	Please please please put money into the 2021 budget to pave Rae Road from Ramsay Concession 6B to Old Perth Road. This road is simply terrible. Driving this route daily causes vehicle maintenance that should never be. I apologize for the rant, but in my opinion the main things that we get outside of town for our tax dollars are roads, garbage, recycling, snow removal, and fire services; and I don't think that it's too much to expect that these services be up to par or at least not below par.	10/20/2020 10:45 AM
59	Pedestrian safety (not "most", but important)	10/20/2020 7:50 AM
60	I think in the winter the roads are not taken care of properly, you can tell when you switch from Lanark county to Renfrew or Ottawa. Their roads are clear ours are not. It is not safe	10/20/2020 7:42 AM
61	Na	10/20/2020 7:33 AM
62	Pave gravel roads	10/20/2020 7:20 AM
63	Environmental changes, park maintenance, make Neilcorp install the park they promised.	10/19/2020 10:53 PM
64	Bike lanes!	10/19/2020 9:57 PM
65	None	10/19/2020 9:09 PM
66	Equipping the municipality with the resources and staffing levels required to deliver on strategic priorities is important. Over-promising and under-delivering leads to a lack of trust among the community and creates a burned-out, disengaged staff team.	10/19/2020 8:53 PM
67	Rural internet	10/19/2020 8:39 PM
68	The official plan should allow for more growth in the rural areas, then we could afford better rural roads.	10/19/2020 8:17 PM
69	Not putting in more apartment buildings and questioning a relentless growth rate	10/19/2020 8:16 PM
70	Stop spending so much. I get very very little for my extremely expensive property taxes.	10/19/2020 8:09 PM
71	Too many full time salaries at Fire Dept. Paying a Part time Administrator full time wages. Gravel road maintainance should be increased but not sure if budget needs to increase. Need increased productivity. Do not understand spending money on bike lanes when bicyclists do not pay taxes towards installation or maintainance. Also no reason there should not be at least one sidewalk on each street. Particularly the new ones. Maybe they do not get plowed 1st after a snowfall but at least be in place.	10/19/2020 8:02 PM
72	HR - staffing affects our services. This needs to be addressed with the size of the municipality growing. We cannot continue to lose good people.	10/19/2020 7:59 PM
73	Police need less funding. I dislike that #10 made no distinctions on who should get more/same/less funding. The police do not need the maximized funding when our hospitals can't offer 24/7 mental health support.	10/19/2020 7:24 PM
74	,bike lanes	10/19/2020 6:58 PM
75	Paving Ramsay Cons.12 and join us up, we are boxed in goldenline and Appleton side rd are paved.	10/19/2020 6:53 PM
76	more user pay for 'special amenities" for example the idea of a dog park, let the dog owner pay for it and not tax dollars	10/19/2020 6:40 PM
77	Broadband internet for areas outside of Almonte and the Village of Clayton. More money would be spent in Mississippi Mills if we could work from home. Storm put fibre in Clayton. What about rural/Blakeney/Pakenham and any new development. Contact them please	10/19/2020 6:32 PM
78	The money we are spending to support recreation and library facilities in Carleton Place should	10/19/2020 5:46 PM

2021 Mississippi Mills Budget Survey

	be kept here and used for our own facilities	
79	NA	10/19/2020 5:18 PM
80	Stop giving Carleton Place \$150,000 a year. Save it for repairs.	10/19/2020 4:54 PM
81	Green garbage recycling	10/19/2020 4:44 PM
82	Please consider reducing funding for law enforcement measures. The OPP contract is by far the largest expense for our township. By reducing police funding and reallocating tax dollars to initiatives that support the community (such as libraries, child care, affordable housing, and health care) we will reduce crime and make Mississippi Mills a safer place to live. Money should be allocated as well toward more community and cultural initiatives like Mississippi Mills Pride, which had a successful first year even in the face of COVID19.	10/19/2020 4:23 PM
83	We could really do with a walking route at the arena so that during the winter months seniors have a safe place to walk. Smiths Falls have one in their arena and I am sure that it is used all the time. Maybe less money sent to Carleton Place and some kept back could cover the cost for this. Seniors have nowhere to walk during the long, cold winter months when it is not safe to walk outside. This goes to recreation but also health and wellness. I am sure that seniors would be willing to pay a small surcharge to use the walking track.	10/19/2020 4:20 PM
84	A green Bin collection for compostable waste.	10/19/2020 4:17 PM

THE CORPORATION OF THE MUNICIPALITY OF MISSISSIPPI MILLS

STAFF REPORT

DATE: October 13, 2020

TO: Committee of the Whole

FROM: Tiffany MacLaren, Community Economic and Cultural Coordinator

SUBJECT: Funding for Ramsay Recreational Halls

RECOMMENDATION

THAT Committee of the Whole recommends that Council approve three year annual funding (2021-2023) for Union Hall at \$5,500;

THAT Committee of the Whole recommends that Council approve three year annual funding (2021-2023) for Clayton Hall at \$14,500;

AND FURTHERMORE, THAT Ramsay Recreation Facility Funding be conditional upon entering into formal funding agreements between the Municipality of Mississippi Mills and the respective organizations outlining financial contributions and precluding organizations from making additional funding requests for the duration of the funding agreement (end of 2023)

BACKGROUND

Clayton Hall and Union Hall are independent recreational facilities in Mississippi Mills. Dedicated volunteers run both of these organizations and raise funds through annual fundraisers, rental fees and grants. These facilities host events that cater to Mississippi Mills residents as well as visitors. Having recreational facilities in our rural communities allows residents to enjoy events and leisure activities without the need to travel far.

Union Hall

Constructed in 1857 through the efforts of local farmers and the Ramsay District Library Board, Union Hall has been used continuously for over 150 years as a library, meeting hall, place of worship, and a venue for family celebrations, memorial services, dances, children's parties, and cultural activities. It is thanks to the Union Hall Women's Institute that the hall has an expansive stage and a dance floor.

Neighbours gather for pancake breakfasts, blueberry teas, public information sessions, studio tours, a weekly farmers market, and an autumn potluck and talent show.

Clayton Hall

The Clayton Community Centre is a location for weddings, parties, meetings, family reunions, baseball tournaments and a variety of functions.

The Hall can seat a maximum of 233 people comfortably and is equipped with adequate kitchen, bar and/or canteen facilities, a stage/performance area (with piano) as well as a change room off the staged area.

DISCUSSION

Prior to 2020 Mississippi Mills provided both facilities with some annual funding through the Municipal grant process. This funding has not been guaranteed however the facilities have both received funding the past several years. In 2019 Union Hall received \$3000.000 and Clayton Hall received \$4,500. Committees were required to re-apply annually and don't receive confirmation or funding until the Municipal Budget is passed by Council. This was time consuming for organization volunteers and made advance planning difficult.

For 2020 both facilities were given funding based on 35% of their operating budgets and were asked to submit business plans for their facilities. These business plans are attached.

Annual funding from the Municipality is intended to allow these organizations to strengthen operations, make progress on capital projects and work towards sustainability. Both organizations have capital projects they would like to complete that will increase their ability to market and rent out the facility.

Through discussions with these volunteer organizations it was noted that they could use some assistance identifying and applying for grants. Staff continues to make efforts to share applicable funding announcements as they come up. A Funders Forum for 2020 did not happen due to Covid-19 restrictions but staff plan to work towards a virtual event in early 2021. This event would offer information on funding organizations, resources available as well as tips and tricks when applying for grants and would be open for all Mississippi Mills community groups.

FINANCIAL IMPLICATIONS

There is \$20,000 in the 2021 Draft Budget for Ramsay Recreation Facilities. Based on a review of their respective business plans and staff recommends splitting the funds with Union Hall receiving a grant of \$5500 and Clayton Hall receiving a grant of \$14,500 for 2021.

Union Hall is open 6 months of the year. Clayton Hall is open 12 months of the year. Clayton Hall has a considerable capital work wish list that will cost them between \$150,000-\$250,000 to execute. The Municipality recommends they use some of their operating funds to hire a professional grant writer to assist with larger capital type grants as they come up.

SUMMARY

Staff commends the Union Hall and Clayton Hall volunteers on the time and efforts they have invested in developing business plans. These plans will help guide decision making as they plan for the future of their facilities.

Staff recommends that the Municipality provide annual funding to Union Hall (\$5,500) and Clayton Hall (\$14,500) for the next three years. Annual sustainable funding for these hardworking volunteer organizations will allow them to make progress on capital projects, strengthen organization and work towards sustainability.

Respectfully submitted,

Approved by

Tiffany MacLaren

July 17, 2020

Mr. Ken T. Kelly
Chief Administrative Officer
Municipality of Mississippi Mills
P. O. Box 400
Almonte, Ontario
K0A 1A0

Dear Mr. Kelly,

Attached is a Five Year Business Plan for the Union Hall Community Centre, provided in support of the new funding model approved by Mississippi Mills Council on March 3, 2020. We have based the document on a template provided by Mississippi Mills staff.

As outlined in the Business Plan, the Union Hall Community Centre is an incorporated body and a Registered Charity. The facility has been continuously owned and operated by local community members since its construction, through volunteer labour, in 1857. Over the years, it has been almost entirely self-sustaining, through rental fees and private donations, with the welcome addition of annual grants from the municipality.

With the resurgence of interest in small halls such as ours in recent years, we have seen many similar facilities upgraded in order to bring them in line with modern standards and expectations for safety, comfort and convenience. At Union Hall, we began a similar undertaking in earnest about two years ago. We have embarked on a series of improvements, including new washrooms, one of which is accessible (completed), replacement of exterior ramp (in planning stages), as well as kitchen remodelling and additional storage (when funds permit). These improvements have been possible through the use of funds on hand, income from hall and sign rentals and money made available from grants and private donations. During this time we have continued with routine maintenance activities, including roof repairs, electrical upgrades, and so on.

We were gratified to learn of the new approach to funding Union Hall and Clayton Hall approved by Mississippi Mills Council, which will improve our ability to plan and predict revenues over a longer period of time. The grant of \$4,881.32 which we received in 2020 was much appreciated and has allowed us to proceed with confidence on planning for the completion of the ramp and other improvements during this period of reduced activity.

We understand the difficulties faced by all levels of government during this unprecedented public health crisis and are doing our part to keep the community informed on how to remain safe and healthy. With Stage 3 now in place, we are allowing for limited use of the hall while following or exceeding recommended guidelines for sanitation and physical distancing. The ongoing support of Mississippi Mills is very much appreciated as we all work together to keep up morale and engender a sense that “we are all in this together”.

Do not hesitate to contact me if you require additional information or clarification the Business Plan. If you have specific questions about the financial documents appended to the Plan, you may wish to contact our Treasurer, John Moore, directly. He can be reached at jandmmoore@yahoo.ca or 613-256-0660.

Yours sincerely,

Linda Camponi
President
Union Hall Community Centre
613-256-2277
camponi@storm.ca

UNION HALL COMMUNITY CENTRE FIVE-YEAR BUSINESS PLAN

This Business Plan has been prepared to support the request for long-term stable funding from the Municipality of Mississippi Mills. This will assist in efforts to continue and increase the use of Union Hall, contributing to the well-being and security of local residents, particularly seniors. Vibrant community hubs such as this contribute to the attractiveness of the community for newcomers seeking the rural lifestyle.

1.0 Executive Summary

Organization Profile Summary

The purpose of the organization is to own and manage the property for the use and benefit of the community. Since 1857, the hall has been providing a venue for local get-togethers and commercial and cultural activities.

Position in Local Market Summary

Well-positioned in a market where small historical halls are enjoying new-found popularity, Union Hall is upgrading its facility for continued operation, with improved safety and accessibility, while maintaining its rustic character. A strong volunteer base ensures the continued viability of Union Hall. With increased use of the hall, we are continuing to seek new volunteers to ensure ongoing maintenance of the facility in the years to come.

Marketing Summary

Priced for affordability, Union Hall is dedicated to serving the community. A detailed plan for necessary repairs and renovations is geared toward upgrading its usefulness and desirability as a venue for a variety of activities.

Financial Summary

This is a request to the Municipality of Mississippi Mills for long-term stable funding for the Union Hall Community Centre, which provides important services to Mississippi Mills residents at a modest cost. We estimate that a grant of approximately \$5,000 per year, supplementing our rental income and money raised through fundraising efforts, will allow us to maintain the facility and undertake necessary improvements so that we can continue to serve the community into the future. Financial projections are detailed in Section 6.

2.0 Organization Profile

Business Overview

Rural Mississippi Mills is home to a mix of farmers, commuters, teleworkers, retirees and those operating small businesses. The availability of the hall is an important factor in maintaining a sense of community and reducing isolation among residents. We provide a low-cost, comfortable meeting and celebration hub and provide a welcoming space for people of all ages. Regular hall-sponsored events, which include a Pancake Breakfast in the spring, a Blueberry Tea in the summer and a community Potluck and Talent Show in the fall, allow local residents to meet old friends and welcome new people into the community.

We also rent the hall at a reasonable rate for family, community, cultural and commercial events. The venue is particularly well-suited for birthday parties, anniversary celebrations, memorial services and the like. The Crown and Pumpkin Studio Tour and local members of the Ottawa Bicycle Club are regular users, as is a yoga instructor who holds weekly classes throughout the warmer months. Union Hall is also an important venue for public meetings to discuss important issues, such as proposed developments, environmental issues and connectivity.

Yearly since 2015, Union Hall has been a venue for the acclaimed Festival of Small Halls. Sold-out concerts featuring nationally-recognized performers and musicians closer to home and just launching their careers bring enthusiastic feedback from audiences and performers alike. This event draws audiences from a wide geographical area, and brings in much-needed revenue while raising the profile of the facility in the local area.

Organization History

Constructed in 1857 through the efforts of local farmers and the Ramsay District Library Board, Union Hall has been used continuously for over 160 years as a library, meeting space, place of worship, and venue for family celebrations, dances, children's parties, and cultural activities. Minute books going back generations document the work of local volunteers, notably the Union Hall Women's Institute, to keep the hall alive and in continuous use.

Management

The Union Hall Community Centre is an incorporated entity. Operations are entrusted to a volunteer Board of Directors, elected annually for a term of one year. The current Board consists of:

Linda Camponi	President	Howard Dunlop	Director
Les Humphreys	Vice-President	Glennis Harwig	Director
Mary Robinson	Secretary	Ken Kicksee	Director
John Moore	Treasurer		

Location

Union Hall Community Centre is located at 1984 Wolf Grove Road at the corner of Tatlock Road in Mississippi Mills. Its mailing address is c/o John Moore, 2581 Wolf Grove Road, Almonte, Ontario, K0A 1A0.

Legal Structure

Union Hall Community Centre (Lanark) Inc. became a Registered Charity on May 1, 1989 (Charitable Registration (BN) # 131595324RR001).

The organization was incorporated on March 7, 1990 (Ontario Corporation #0008855363).

Vision & Mission

The vision and mission statement are comprised in Section II of Union Hall's Constitution: "The purpose of this organization is to own and manage the property known as the Union Hall for the use and benefit of the community." The Board of Directors takes this declaration seriously, always mindful that the primary purpose of the hall is to serve the community. We take care to charge fees that are not out of reach for families or charitable organizations and make sure we hold spots for annual events such as the Crown and Pumpkin Studio Tour.

The same philosophy governs the outdoor sign rentals. When requests come in for commercial bookings which would tie up the sign for large blocks of time, we work with customers to make sure it continues to be available for messages publicizing regularly-scheduled church socials or the like. To date, we have found that those using the sign are appreciative and more than willing to accommodate other users.

Goals & Objectives

We strive to encourage and promote the use of the hall by families, community groups, businesses and local artists/performers. Regular maintenance as well as physical improvements to the hall will continue to be undertaken by volunteers, except when building regulations, the lack of expertise or safety concerns make it inadvisable to do so. In these cases we contribute to the local economy by hiring local contractors at commercial rates. We will continue to create and maintain partnerships with other organizations such as The Hub and MM2020 for the benefit of local residents.

Planned maintenance projects include:

1. Making necessary repairs to the building exterior and repainting the metal cladding.
2. Re-finishing the hardwood floor in the main building.

Our Renovation Fund will be used to:

1. Replace the external entrance ramp to ensure accessibility for wheel-chair visitors and facilitate moving heavy equipment.
2. Replace hand-me-down cupboards and open shelving with pest-resistant, ergonomically improved facilities for enhanced safety for volunteers and renters using the kitchen and coffee bar; and add a full-size refrigerator for safer food storage and to eliminate need for temporary coolers.
3. Build an external storage shed to store infrequently used items (ladders, mops, etc.), clearing up space in the hall. The shed will also help to improve kitchen safety and hygiene by moving large garbage/recycling containers off-site.

Claudia Smith, local historian and published author

3.0 Position in Local Market

Profile & Outlook

Small halls with visible links to our history are enjoying new-found interest throughout eastern Ontario. City-dwellers as well as those who have recently re-located to the area appreciate this connection with local history and culture. Area halls that have managed to continue in operation have seen a resurgence in popularity, reflecting the need for meaningful connections in people's lives.

Local Market

The size and construction materials of Union Hall make it ideal for family/community events, and particularly well-suited to intimate concerts due to its layout (including a stage and spotlights) and excellent acoustics. Nearby Clayton Hall is a much larger facility with a commensurate rental rate.

Target Market

We serve the entire population of Mississippi Mills and other parts of Lanark County, particularly neighbouring Lanark Highlands. Hall events such as the Pancake Breakfast, Blueberry Tea and annual Potluck and Talent Show are fun for all ages. Seniors who grew up in the area are gratified to know that the hall and its traditions are being kept up and come to reminisce about experiences at the hall in their younger days. At the same time, we make a special effort to attract new families to welcome them to the community and introduce them to their neighbours. Some visitors and users of the hall come from farther afield – for example, audience members for Small Halls concerts.

The arts community and local charities and clubs, as well as small businesses, rely on the hall and our outside sign to help them continue their work and provide an important source of income to keep the hall going.

Keys to Success

The success of the hall is grounded in the innate charm of the facility which has been lovingly maintained by generations of volunteers for more than 160 years. Knowing the importance of the hall to the local community provides motivation for volunteers to continue their work, which they see as directly benefitting their neighbourhood.

Customer Survey Summary

Instead of surveys, we rely on the old-fashioned way of calculating success: the people who approach us wanting to rent the hall, the crowds that come out to our own events and the comments on the hall's charm and ambience. Our emphasis on providing quality home-made goodies and locally roasted coffee for hall-sponsored events also keep people coming back. Our one complaint at the 2019 Pancake Breakfast: "the pancakes were too big!"

3.1 Marketing

Pricing Strategy

Our policy is to provide access to the hall to all residents of Mississippi Mills and surrounding area at the lowest cost that will allow us to maintain and operate the facility.

Marketing Strategy

Union Hall uses local media, including newspapers and The Millstone, to publicize activities and events. We also have a following of people who receive direct communication through an e-mail list.

In addition, we now have a Facebook page which keeps interested parties informed. Using this platform increases public awareness of Union Hall and brands it as a fun and vibrant local community resource with upbeat, informative and often humorous messaging. It is used to promote Union Hall events, other local events and public service messages. We are reaching a wide audience: a post made May 29 reached over 2,000 people by July 6, and a July 2 post reached over 250 people by July 6. The Facebook page had been dormant for three years until we regained administrative control in February 2020. Since then, our total page likes have increased by more than 20%.

Marketing Activities

Marketing efforts to encourage enhanced community engagement will be tailored toward promoting the use of the hall, once COVID 19 lockdowns have been eased.

- Publicity of upcoming projects to alert the community to the planned work and attract additional volunteers;
- Additional communication upon grant announcement to publicize plans and spark interest in our soon-to-be-improved facility;
- Continued fundraising efforts, including sale of volunteer-made craft items at local markets and fairs, to ensure cash flow and funds for renovation projects;
- Open house to thank volunteers/contributors toward the end of the project;
- Upon completion, publicity blitz with photos to showcase improved facility
- Regular hall-sponsored events and concerts to get people into the hall and see what we have to offer.
- Promote rental of sign and hall to ensure adequate funding for hall maintenance and operation;

Marketing Objectives

The goal is not only to bring in much-needed revenue, but to raise the profile of Union Hall in the community. The benefits to the community will be seen in maintaining or increasing the number of rentals of the hall and sign and the level of attendance at hall-sponsored events, as well as feedback from those participating in events at the hall.

Positioning Statement

The Union Hall Community Centre is unique among smaller halls in the area in that it is community-owned and self-sufficient, whereas others (such as the Cedar Hill School) are owned by the municipality, which assumes much of the responsibility for their upkeep.

Strategic Alliances

Union Hall Community Centre has a mutually supportive relationship with The Hub in Almonte, whereby we provide free use of our sign to help in publicize their efforts in appreciation for their monetary donations and assistance in marketing our craft items. On the sign and in our publicity, we also make a point of highlighting local businesses, such as Equator Coffee Roasters and Levi Home Hardware, which support us through discounted prices.

Union Hall has also worked closely with the MM/2020 organization by helping with publicity and providing free use of the hall. The Crown & Pumpkin Studio Tour, a long-time renter of the hall, has come to rely on our facility as an important link stop in their annual event. C & P affiliated artist Laurel Cook has taken a special interest in the hall and has provided enhancements through interior and exterior murals depicting the history of the Union Hall community, free of charge.

5.0 Operations

Location

The Union Hall Community Centre is located at 1984 Wolf Grove Road (corner of Tatlock Road) in Mississippi Mills.

Website/Facebook Page

Union Hall Community Centre does not have a website, but can be found on Facebook at Union Hall – Almonte.

Legal Issues

The Corporation holds title to the Union Hall property in the name of the community. Interested members of the community provide input into actions of the Board of Directors both informally and through participation at the Annual General Meeting, where past activities are reviewed, financial statements are approved and Board members are elected.

Insurance Issues

Fire insurance is provided by the Municipality of Mississippi Mills. General and Directors' Liability insurance is paid for through Union Hall's operating revenues.

6.0 Financial

Current Position

The Union Hall Community Centre is owned and operated by a registered charity, and is almost entirely self-sustaining. Operations have been supported from hall and sign rental, as well as annual grants from Mississippi Mills, prior to Council's decision to provide a separate stream of funding for independent community halls.

To ensure continued viability, the facility must be brought up to modern standards for safety, accessibility and hygiene. Through ramped-up fundraising efforts including 50/50 draws, craft sales, raffles and donations, we have added over \$5,000 to our Renovation Fund. Our Fundraising Committee has explored a number of additional sources for grants and has applied for several over the past year. We were disappointed that a submission to the Ontario Trillium Foundation, prepared with professional assistance, did not meet with success, due to their requirement that we be able to provide evidence (for example) of social isolation in the community, and of how we might be able to measure the positive outcome of our proposed modest renovations on that isolation. More encouraging is the support we have received from Almonte Community Coordinators (The Hub), the Ottawa Community Foundation and private donors.

Some important renovations have already been done, such as new washrooms, one of which is fully accessible. With the completion of some of the remaining projects, such as a reconstructed exterior ramp and improvements to the kitchen, we will be able to offer a modern facility which still retains its old-time charm. This will enable us to increase rental fees in order to keep pace with operating costs.

Income Statement

Please see the attached detailed income statement (and Exhibits A and B) for the current year and our forecast for the next five years.

Our financial statements are prepared on a cash basis.

Note 1 At the Blueberry Tea we raffle off a box of locally grown food.
The proceeds from the raffle go towards the costs of the event
The donations are in addition to the proceeds of the raffle

Note 2 In the case of the Pot Luck event, donations at the door are used to cover the costs of the event.
The 50/50 draw proceeds are allocated to the reserve fund as the draw is represented as
part of our renovation fund raising
In the past there was no raffle at the Pot Luck

Note 3 In the past, the entire amount of the grant from Mississippi Mills (\$1,700) was recorded as
operating income.

In the year ending April 30, 2019, we received \$3,000 which was \$1,300 in addition to the \$1,700

Under the new funding process, any additional funds in excess of \$1,700 will be allocated to the reserve
In the year ending April 30, 2020, of the \$4,881 received from Mississippi Mills, \$3,181 was allocated
to the reserve. In future, of the \$5,000 funding proposed, \$3,000 will be allocated to the reserve.

Executive Summary

Clayton is a small rural community located in Mississippi Mills, 40 minutes west of Ottawa. It has a diverse population consisting of aging seniors, people with disabilities, home-based businesses and young families. The Clayton Community Centre was once the hub of the Village hosting many private & public events, summer camps, etc.

The Centre should still be the automatic choice for staging local events, functions and social programs but the building is entering its 42nd year; and other than routine maintenance has seen no significant upgrades which with today's standards has resulted in a tired and uninviting venue.

Our mission is simple ...

To ensure the long-term viability of the Clayton Community Centre as a hub for local activities and community pride. Critical to this effort is promoting a small-community atmosphere, preserving historic resources, and capitalizing on Clayton's unique heritage and hospitality.

Our vision is straight forward ...

To create a community space both inside the Centre and on the surrounding property that will provide and sustain a wide range of year round social and recreational activities for our multi-generational community. We plan to achieve this by completing a series of renovation projects to change and enhance the accessibility, comfort and appearance of the Centre; thus rejuvenating and increasing community participation and reducing social isolation.

While activities may exist in nearby towns, they are generally a minimum of 20 minutes away and with no public transit; this is not a practical alternative for many citizens.

Programs and Services

Clayton Community Centre has a number of avenues to meet its mission.

Activities hosted by the Board Committee themselves include a New Years Celebration, Summer MusicFest, monthly Dinner/Dance running from October to June, our annual Christmas Bazaar and a host of other ad hoc dances like the Country Hoe Down and Fall Harvest Dance.

Many other organizations rent our space for their annual fundraising events; for example, both our local churches and many farming and agriculture groups.

The space is used as a polling station during the municipal and provincial elections and is the ideal location for community groups such as MM2020 to hold their public information sessions.

Additionally the space is rented by individuals and families for private functions such as birthday parties, bridal & baby showers, wedding receptions, anniversaries, celebrations of life and whatever other life events.

The Clayton Community Club also has a long standing association with the Clayton Ball League for use of the Centre's ball diamond.

The goal is to expand these types of events and attract new and long term activities by enhancing the facility and making it more appealing and less tired.

Of particular interest would be the addition of social & fitness activities like yoga and other types of exercise classes, Bingo, Euchre tournaments and movie nights; all of which could run annually for weeks at a time.

Bringing new activities to life would be welcomed by residents of Clayton and surrounding area. However, in order to bring these activities to life, renovations to the space are required; and in some instances, the scope of these projects is not small.

One of the biggest challenges we face is that to increase the Centre's potential we need to renovate and enhance the space; but to renovate and enhance the space we need to increase our rentals to generate enough revenues in order to have sufficient funding to complete the improvements.

Marketing Plan (Advertising and Awareness)

The public & private rentals described earlier rely on event specific advertising. It is the event that is advertised. While this is important for both the Centre and its renters, it is equally important to advertise the Centre in its own right as a viable event space.

Our aim is to enhance the Clayton Ontario website (www.claytonontario.ca) to provide more current and meaningful information.

Websites are not visited if the information on them does not regularly change and stay current.

At face value this is straightforward, but it is not. The website can be “enhanced” but unless the content is kept current and interesting, it slips back into a stale web page and the intended audience loses interest.

A few initiatives are evolving including monthly newsletters, local business/artist support and advertising; both aimed at the community of Clayton in particular but have the potential of reaching the wider public as well.

In parallel with the website, our Facebook page provides similar content to a different and maybe younger audience.

We also have a Mailchimp account which allows us to broadcast pertinent information to our list of subscribers.

The Centre runs on volunteers and this is one example where a social media expert together with individuals with a marketing and advertising background could raise the awareness of Clayton Community Centre.

Operational Plan

The Clayton Community Centre is located at 147 Linn Bower Lane in the Village of Clayton, ON.

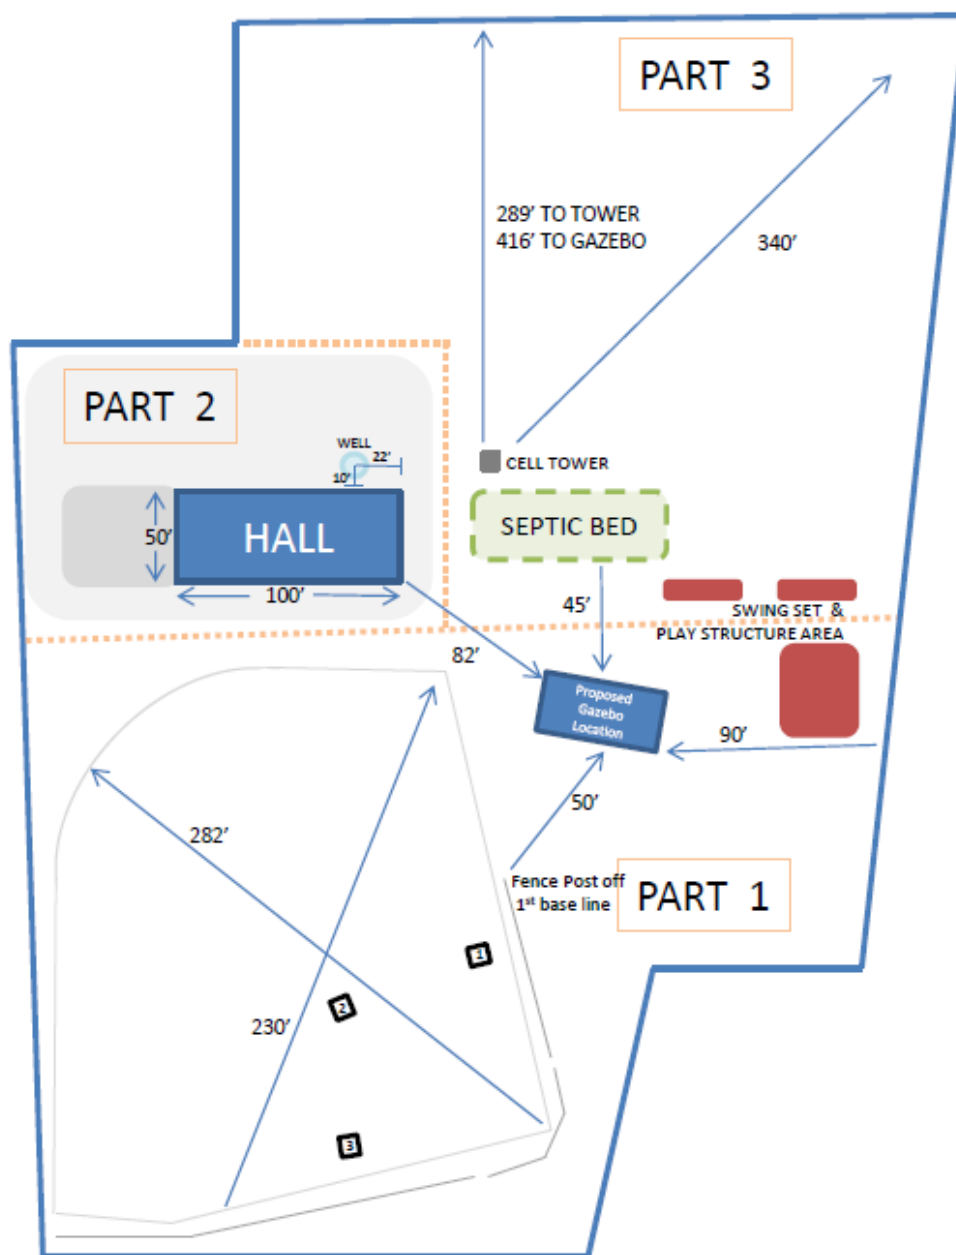

The Centre is approximately 100' L x 50' W and has a seating capacity for 233 people.

The space is equipped with a spacious hall area, an adequate kitchen, bar and/or canteen facility, a stage/performance area (with piano) and side change room. The surrounding property features an active baseball field, picnic space and a children's swing & play structure area.

CLAYTON COMMUNITY CENTRE

PART 1, 26R680 - TOWN OF MISSISSIPPI MILLS

Organizational Structure

Clayton Recreation Club is an incorporated not for profit organization managed by a volunteer Board of Directors and its Officers.

The Role of the Board is to provide overall management and direction of tasks required so that the Clayton Community Centre can fulfil its mandate.

Currently the Board of Directors consists of eight volunteer members, many of whom have regular full-time jobs.

President	Karen Nichols
Treasurer	Vacant (Karen Nichols acting)
Secretary	Graham Jones
Director	Christine McNeely
Director	Tracy Bowden
Director	Anne McCartney
Director	Nancy Stead
Director	Cheryl Regimbald
Director	Mike McManus

President: Provides overall guidance and initiatives

Treasurer: Looks after day-to-day finances and preparation of financial documentation

Secretary: Looks after the legalities of the corporation, administers all meetings, deals with correspondence and maintains custody of all pertinent documentation

Ideally we would like to see Director roles be more focused, for example:

Director, Marketing & Communication: Promotes and advertises the Centre

Director, Administration: Takes bookings and issues rental contracts for the events

Director, Event Planning: Organizes and oversees events

Director, Facilities: Maintains the facility and grounds

The Directors would then form and oversee sub-committees for each of their respective areas of responsibility. These sub-committees would be made up of further volunteers. However, since the volunteer base is relatively small, we are experiencing an overlap of duties across the board. Increasing our volunteer base would provide us with additional manpower to cover the basics at events such as kitchen and bar help, and cleaning & maintenance. We would also like to add experience to the Board in the areas such as Social Media, website maintenance, funding awareness and Grant submissions.

Impact and Project Plan

The 42 year old facility looks tired. Its concrete floor and cinder block walls are uninviting in terms of attracting events.

The kitchen, bar and toilet facilities, although adequate are dated and in need of update.

Improvements to the grounds would provide an opportunity to relocate the ball diamond to the property at the rear of the Centre to allow inclusion of a ¾ pitch soccer field. The addition of a 2nd playing field would increase the number of teams using the grounds and open the possibility of running a weekly canteen to bring in additional revenue.

Projects have been identified, and many have plans drawn up; however, unsuccessful grant applications (Trillium Grant and Shade Structure Initiative) have stalled progress.

Self Funded Project Plan	Completed	Trillium Grant Project Plan	Completed	Post Renovation Project Plan	Completed

Donated	✖
Design / Drawing Stage	✖

A series of renovation projects would change and enhance the accessibility, comfort and appearance, thus rejuvenating the centre, increasing community participation and reducing social isolation. Our long term objective is to transform the Centre from an uncomfortable, inaccessible, unappealing hall to an accessible, safe and appealing Community Center that local area residents can use on a daily basis.

Financial Plan

Clayton Recreation Club's fixed costs are approximately \$20,000 per year. This covers operating expenses including Hydro (heating), Property Taxes, Telephone, Building & Director's Insurance and maintenance (i.e. snow removal).

Annual equipment & building maintenance costs typically run around \$5,000.

Other expenses are largely event driven.

Revenue sources include rentals, bar proceeds, ticket sales, donations and grants.

Although the organization's recent applications for a Trillium and Shade Structure Grant were unsuccessful, the Municipality of Mississippi Mills has always been supportive with its annual municipal grant and now more recently with its new annual funding model, which includes in-kind grant writing guidance.

Summaries of our 2019 & 2020 Cash Flows, Balance sheets and Income Statements are attached; together with a list of estimated expenses to the end of 2020.

THE CORPORATION OF THE MUNICIPALITY OF MISSISSIPPI MILLS

STAFF REPORT

DATE: October 13, 2020
TO: Committee of the Whole
FROM: Tiffany MacLaren, Community Economic and Cultural Coordinator
SUBJECT: 2021 Funding for Mississippi Mills Museums

RECOMMENDATION

THAT Committee of the Whole recommends that Council approve a loan for the North Lanark Regional Museum (NLRM) in the amount of \$13,500, repayable over 3 years;

AND FURTHERMORE THAT if annual loan payments are not made funds be withheld from the North Lanark Historic Society's annual municipal grant until such time as the loan has been repaid in full;

THAT Committee of the Whole recommends that Council approve funding for the North Lanark Regional Museum (NLRM) the Mississippi Valley Textile Museum (MVTM) and the Mill of Kintail Museums (JNM & RTMM) at current budgeted amounts for 2021, which was formulated based on their 2020 allotment plus a 2% CPI Increase;

AND FURTHERMORE THAT NLRM funding past 2021 be considered after a review of strategic changes made by the North Lanark Historic Society board demonstrating consideration of recommendations from the *Towards Sustainability for Mississippi Mills Museum* report as well as information from other municipalities that currently share a staffing;

AND FURTHERMORE THAT Municipal funding for all Mississippi Mills Museums be reconsidered once the Conservation Authority's working group has developed and announced future plans for the Museum operations;

AND FURTHERMORE THAT all 2021 museum funding be conditional upon entering into formal funding agreements between the Municipality of Mississippi Mills and the respective museums outlining financial contributions and in-kind services from the Municipality and identifying specific objectives and performance measures required of the museums, including annual reporting on visitors.

BACKGROUND

Mississippi Mills Museums are independent organizations. They are not Municipal departments. They operate under the direction of volunteer boards. While the

Municipality can make recommendations on Museum operations, we cannot tell Museum boards how to run their organizations. Similarly, museum staff and expenses are not municipal responsibilities. Museums play a critically important role in collecting, preserving and sharing our heritage. Heritage artifacts and stories are a source of pride and contribute to our sense of identity. They help us understand our place, our history and our society. The Municipality provides annual funding to our community museums because we value the role they play and understand the importance of protecting our history.

In a letter received on August 24, 2020 Ed Wilson, President of the North Lanark Historic Society requested \$13,500 to cover the expense of a new roof for the museum. The roof was installed before the letter was received prohibiting the Municipality from making recommendations or asking for three quotations, in keeping with our procurement policy.

In a second letter dated September 23, 2020 Ed Wilson, President of the North Lanark Historic Society requested a change to the current funding model for the North Lanark Historic museum resulting in an annual allotment of \$47,000 for the North Lanark Regional Museum. This is a \$20,212 or 75% increase over the amount in the current draft 2021 budget.

Prior to 2016 the North Lanark Regional Museum received a municipal grant of \$5000 a year (plus 2% cpi annually). Their 2015 amount was \$5355. In 2015 the Municipality of Mississippi Mills partnered and split costs with the four museums -North Lanark Regional Museum(NLRM), Mississippi Valley Textile Museum(MVTM), Dr. James Naismith Museum(JNM) and the R Tait McKenzie Museum(RTMM) on a fulsome review of the Museums by third party consultant Sagum Communications. This review included individual Museum Profiles as well a "Towards Sustainability for Mississippi Mills Museums" report listing 10 recommendations towards sustainability. The 2015 profiles and report are attached.

Recommendations #6 and #7 referenced Municipal funding to Museums. #6 - Establish Formal Funding Agreements #7 - Increase Municipal Funding to Museums

After this review the funding structure was revisited and the North Lanark Regional Museum's funding increased. The newly created museum profiles made it clear the individual functions of these museums along with their visitor numbers and site usage are very different and difficult to compare. In order to treat the museums similarly a percentage-based approach was adopted. The new funding model adopted in 2016 was to preclude additional capital requests. Prior to 2016 Capital Improvements from the Museums were considered on a case by case basis.

Since this model was adopted the North Lanark Regional Museum(NLRM) and Mississippi Valley Textile Museum (MVTM) receive annual funding based on a 30% of their respective 2014 operating budgets. Council approved a gradual increase in funding starting in 2016 at 20% of operating, 2017 25% of operating and 2018 30% of operating. At that time 2014 audited numbers were used. For 2019 and 2020 their individual 2018 grant amounts were used with a 2% CPI increase.

Funding the Mill of Kintail Museums (JNM & RTMM) did not change at that time. It was determined that since the museums fell under the jurisdiction of the Conservation Authority the existing model of a 2% cpi increase would still meet needs.

This change in funding formula was implemented from recommendation #5 of the 2015 Museum Sustainability Report. It was recommended that annual funding would help museums be sustainable by making them eligible for more grants from other levels of government.

It is important to note this funding was never specifically attached to a curator's salary. The Municipality's allotment is to be used towards operating costs. This allows flexibility for the Museum boards to determine how the funds are spent. The Municipality is not responsible for ensuring the museums have staff.

The 9 strategic recommendations of the Towards Sustainability for MM Museums Report:

- #1 – Rethink the Role of Museums and How to Engage People
- #2 - Tell a Complete Story of Mississippi Mills
- #3 – Increase and Formalize Joint Actions and Initiatives
- #4 - Improve Collections Management
- #5 - Create a Shared Pool of Museum Staff
- #6 - Establish Formal Funding Agreements
- #7 - Increase Municipal Funding to Museums
- #8 - Develop Capital Investment Plans
- #9 - Strengthen Museum Organizations from the Inside Out

2016 - 2020 Municipal Funding for Museums

Year	MOK (JNM & RTMM)	MVTM	NLRM
2016	11,040.00	43,393.00	16,756.00
2017	11,240.00	54,241.00	20,945.00
2018	11,464.00	65,089.00	25,134.00
2019	11,716.00	66,520.00	25,687.00
2020	11,974.00	67,983.00	26,252.00

DISCUSSION

Roof Funding Request NLRM

In a letter received on August 24th Ed Wilson, President of the North Lanark Historic Society requested \$13,500 to cover the expense of a new roof for the museum. Considering the current funding model adopted in 2016 specifically precludes additional capital requests and that the roof was installed before the letter was received staff recommends that funding be given in the form of an interest free loan. Our understanding is that this happened quickly because the contractor had an opening in his schedule, however, this means the Municipality was unable to consult on the type of roof or to request three quotations as is standard with our procurement. The museum chose to go with a very expensive roof type, based on Museum board members recommendations. It is staffs' estimation that this type of roof, while attractive, costs two

to three times the price of other suitable roof options. This expense is not in the 2021 draft budget and would need to be added if Council agreed to a grant instead of a loan. The loan could be repaid over two to three years and if the museum was unable to make payment then the funds could be withheld from their annual funding allotment. In the past similar loan arrangements to pay for capital expenses have been made with the North Lanark Agricultural Society and the Mississippi Valley Textile Museum. In both cases loans were repaid in full.

NLHS Request for Funding to Pay for a Curator

In a second letter dated September 23rd Ed Wilson, President of the North Lanark Historic Society requested a change to the current funding model for museums resulting in an annual allotment of \$47,000 for the North Lanark Regional Museum. This is a \$20,212 or 75% increase over the budgeted allotment for 2021. This increase is not in the current draft budget for 2021.

In order to assist Council in the consideration of this request staff requested updated information from all MM museums – information is based on their individual numbers from 2019. For the purpose of this review the RTMM and JNM are looked at together as the Mill of Kintail Museums. This updated information is attached.

Staff can appreciate that Mr. Wilson's letter comes from a place of need. The North Lanark Historic Museum continues to struggle with sustainability. They operate by virtue of an extremely dedicated and hard-working board – in particular the Historic Society President and Museum Manager, Ed and Doreen Wilson. In order to keep their doors open and full-time curator employed all year, they hold multiple small events that require their own time and funds. They clean, paint, make food and work the events.

In the 2015 "Towards Sustainability for Mississippi Mills Museums" report there were recommendations that have not yet been considered. In particular **#5 - Create a Shared Pool of Museum Staff**. Staff feel it is time this model be seriously considered. The North Lanark Regional Museum had only 255 visitors in all of 2019. A model could exist where NLRM is open May to October. This would mirror the existing schedule of the Mill of Kintail Museums. One suggestion is that the Curator from the MVTM or that of the Mill of Kintail Museum be retained to oversee the museum operations during the winter, they could be responsible for grant applications, paying bills and hiring seasonal staff. A museum studies student could be hired as museum manager each spring. This would result in a huge cost saving for the museum. The North Lanark Historic Society could then concentrate on the Museums' vision and collections. A shorter season would help focus their efforts on the time of year that is most attractive to visitors. The museum sits on a beautiful park like setting, concentrating on welcoming visitors Spring, Summer and Fall would be much more attainable.

In the response to the letters from Mr. Wilson staff also requested comparison information from five neighbouring Municipalities (Carleton Place, Smiths Falls, Perth, Arnprior and Merrickville) regarding their museums. This information is also attached. All museums receive some funding from their Municipalities. Smiths Falls is the only municipality in the list that has more than one museum. Currently their museums are not open during the winter months. These two museums also share staff. The Heritage House Museum is owned by the Municipality and the Railway Museum is owned by an independent board. One administrator divides her time between the two museums and

is paid by the Railway Museum to manage the museum, apply for grants and hire seasonal staff. The Town of Smiths Falls gives the Railway Museum an annual \$20,000 grant which is used to pay staff, or match grants etc. This model has resulted in a huge savings over the past three years. These museums are thriving. The Heritage House welcomes approxitmaely 5,000 visitors a year and the Railway Museum close to 10,000 visitors.

In comparing museums across the region, it is clear they each operate and are funded differently. Mr. Wilson's letter indicated that other Municipalities operate their museums with municipal staff and cover operating expenses. This is the case with Perth and Arnprior. They also receive all museum revenues and oversee museum decisions. Perth and Arnprior each spend over \$175,000 annually on one museum. However, Carleton Place, Smiths Falls and Merrickville each give their museums annual grants and their boards oversee the staff and expenses. Their grants are not directly tied to curator's salaries. Merrickville Museum is operated entirely by volunteers with students hired in the summer.

In Kind Museum Support

A complete review of Museum funding should also incorporate current in-kind support for Museums. The North Lanark Historic Society benefits from some additional cost saving support that in accounted for in other municipal budget accounts.

Mill of Kintail Museums	Mississippi Valley Textile Museum	North Lanark Regional Museum
<ul style="list-style-type: none"> -Inclusion in promotional campaigns -Highway tourism signage 	<ul style="list-style-type: none"> -Inclusion in promotional campaigns -Highway tourism signage -Property tax waivers -Building Insurance -Summer students training via Lanark County 	<ul style="list-style-type: none"> -Grass cutting by Municipal Staff (\$1125 plus hst value) -Snow removal by Municipal Staff -No charge Garbage & Recycling -Inclusion in promotional campaigns -Highway tourism signage -Property tax waivers -Building Insurance -Summer students training via Lanark County

Mill of Kintail Museums Current Status

In 2019 funding for the Mill of Kintail museums came into question due to changes at the provincial level surrounding Bill 108. As a result, the Conservation Authority created the “Mill of Kintail Museum Special Advisory Committee” with the goal of working out future plans for museum operations and funding. In recognition of the important role the Mill of Kintail museums play in Mississippi Mills, Council directed the Mayor and staff to work with the Mississippi Valley Conservation Authority, the Mill of Kintail Special Advisory Committee, the Provincial Government, and other private parties to develop an independent and sustainable model for the R. Tait McKenzie and Dr. James Naismith Collections. They also allocated \$10,000 to support the professional legal advice for a governance structure. The process is being led by the Conservation Authority and the Municipality will continue to follow the situation closely.

Funding for 2021 for MVTM, NLRM and MOKM

Considering visitor numbers and comparison of neighbouring municipalities staff does not recommend a change in Museum funding from the current draft budget. A percentage approach allows for a fair comparison and takes into consideration very different visitor numbers, expenses and other fundraising efforts.

Looking at the most recent audited numbers provided by the museums the amounts currently in the 2021 draft budget for the North Lanark Regional Museum is actually 35% of their 2019 Operating Budget and the budgeted amount for the Mississippi Valley Textile Museum represents only 24% of their 2019 Operating Budget. If we were to bring these numbers forward the amount for the NLRM would be \$22,942 and the MVTM would receive \$85,669.80. In a similar formula the amount for the Mill of Kintail museums would be \$35,697.

Considering that Mississippi Mills has four distinct and valuable museums in three separate locations and that the future is unclear for the Mill of Kintail Museums staff does not recommend changing budgeted numbers for Museum funding at this time. Taking into account the continuing struggles of the NLHS in maintaining a viable operating budget for their museum, staff recommend that the Historic Society use this time to examine the recommendations from the Towards Sustainability for Mississippi Mills Museums Report and consider more cost-effective way of operating. The role of the North Lanark Regional Museum is a very important one. The preservation and curation of our regions rural history and artifacts is a valuable service. Since the NLHS is an independent organization the Municipality can only suggest they review operations, however Council can take any positive and progressive changes into account when making future museum funding decisions.

FINANCIAL IMPLICATIONS

If a loan of \$13,500 is granted to the North Lanark Historic Society this amount could come from reserves. The Historic Society would need to agree to pay back the loan over 3 years. Annual payments could be withheld from annual NLRM funding until the loan is repaid in full.

Recommended 2021 funding the museums is as follows (2% increase over 2020 Budget).

Mississippi Valley Textile Museum	\$69,345.00
North Lanark Regional Museum	\$26,780.00
Mill of Kintail Museums	\$ 6110 (JNM) + \$ 6110 (RTMM) = \$12,220.00
Total for 2021	\$108,345.00

SUMMARY

Staff recommends that the Municipality retain the existing funding model for 2021. Mississippi Mills has four community museums in three separate locations. Each museum has its own unique strengths. However, they also have very different locations, collections, operations and budgets.

In 2015 the Municipality and the Museums partnered on a review resulting in some recommendations for sustainability. Since this time the North Lanark Historic Society has continued to struggle despite receiving a significant increase in funding over the past five years. In 2019 they had only 255 visitors to the museum but remained open all 12 months. The role of the North Lanark Regional Museum is a critically important one. The preservation and curation of our regions rural history and artifacts is a valuable service that is appreciated. However full-time dedicated staff may not be required. Their visitor numbers and low door revenues make this clear. Staff recommend that the Historic Society take a closer look at previous recommendations towards sustainability and consider a more efficient use of their own time and money as well as the Municipal funding they receive.

The future funding and operation model for the Mill of Kintail museums is undecided. The Conservation Authority is in the process of undertaking a review. For these reasons staff feel this is not the time to undergo any dramatic changes to Municipal Museum funding.

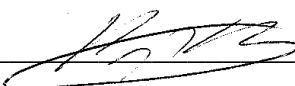

Funding for the Museums was reviewed and redeveloped in 2016 at that time it was recommended that the new funding model specifically preclude additional capital requests. In addition, the request to the Municipality came after the roof was installed and a procurement process was not followed. For these reason staff recommend that the North Lanark Historic Society be offered a loan, repayable over three years, in response to their request for funding towards the cost of their new roof.

Respectfully submitted,

Approved by

Mississippi Mills Museum Profiles

April 27, 2015

Prepared by:
Kristi Farrier
Sagum Corporation

GOVERNANCE SUMMARY - All four museums are owned and operated by separate non-profit organizations. Varying degrees of organizational capacity exist across the museum organizations.			
North Lanark Regional Museum	<p>The North Lanark Regional Museum, established in 1970, is owned and operated by the North Lanark Historical Society (NLHS) and is operated as a heritage, tourism and education destination. The NLHS was established in 1965 and was incorporated as a not-for-profit organization in 1982. The NLHS is governed by a Board of Directors which annually appoints a Museum Manager and Museum Committee to operate the Museum.</p> <p>In 2014 the NLHS developed and implemented governance, finance, collections and research policies. The North Lanark Historical Society aims to develop four additional policies in 2015 and begin development of a strategic plan for the NLRM. Board succession planning has also been identified as an area to be enhanced. Operating plans and a multi-year capital plan for the museum building and pioneer cabin also remain to be developed.</p> <p>COUNCIL REPRESENTATIVE: At the time of this report the Town of Mississippi Mills Council representative for the NLRM was Alex Gillis.</p>	<p>The Mississippi Valley Textile Museum was established in 1985 and is owned and operated by the non-profit Mississippi Valley Textile Museum Corporation. A volunteer Board of Directors manages the corporation. A strategic plan for the MVTM has been developed as well a multi-year capital plan for upgrading and maintaining the museum building complex. Museum policies and procedures have recently been reviewed and updated. Continual and active recruitment maintains a strong Board of Directors.</p> <p>COUNCIL REPRESENTATIVE At the time of this report, the Town of Mississippi Mills Council representative for the MVTM was Jill McCubbins.</p>	Mississippi Valley Textile Museum
James Naismith Museum	<p>The James Naismith Museum collection is owned and managed as one element of the work of the non-profit Dr. James Naismith Basketball Foundation which was established in 1989. The Foundation strives to increase awareness of the values and legacies in sport, theology and medicine of Dr. James Naismith – the inventor of the game of basketball. The Foundation is operated by a volunteer Board of Directors.</p> <p>Recently developed strategic directions clearly reconfirm the museum as a significant core activity of the Foundation. The Foundation has Trillium Grant funding for 2014-16 to build the organizational capacity of the museum.</p> <p>COUNCIL REPRESENTATIVE: At the time of this report there was no Town of Mississippi Mills Council representative for the JNM.</p>	<p>The R. Tait McKenzie Memorial Museum is owned and operated by the non-profit Mississippi Valley Conservation Authority (MVCA). Although a conservation authority (CA) is primarily responsible for watershed management (MVCA is responsible for both the Mississippi and Carp River watersheds), Section 21 of the Conservation Authorities Act provides CAs with the authority to own and operate a museum.</p> <p>The MVCA is governed by a Board of Directors comprised of elected and appointed members representing each of the 11 municipalities in the watershed: City of Ottawa, the Towns of Carleton Place and Mississippi Mills, the Townships of Addington Highlands, Tay Valley, Beckwith, Central Frontenac, Drummond/North Elmsley, Greater Madawaska, Lanark Highlands, and North Frontenac.</p> <p>At the time of this report Councilors Duncan Abbot and Alex Gillis were the Town of Mississippi Mills representatives on the Board of Directors. The MVCA's Mill of Kintail Advisory Committee also includes local community members and the two municipal councilors.</p> <p>The RTMMM s included in the MVCA's Mill of Kintail Master Plan.</p>	R. Tait McKenzie Memorial Museum

MANDATE AND COLLECTION SUMMARY - While the mandates of the four museums are diverse, there are thematic gaps and overlaps that hinder the sharing of a comprehensive and integrated local history (e.g., women's history). A primary concern for collection management for all four museums is limited space for collection storage and in some cases climate control of existing storage space is a challenge.			
North Lanark Regional Museum	<p>THE NLRM mandate is to collect, preserve and display the history of Mississippi Mills. The museum collection includes local history related artifacts, photographs, documents and books. The research library contains local history books, family histories and some original copies of the Almonte Gazette. Exhibits include seasonal exhibits, permanent local history exhibits, and a pioneer log cabin. Recently, updates have been made to the Blacksmith and General Store exhibits and interpretation binders have been developed.</p> <p>The collection consists of approximately 15,000 artifacts of which approximately half are currently catalogued. A catalogued Reference Library is available on the NLRM website. Collection acquisition and management policies are in place.</p> <p>New shelving units for collections storage were built in 2013 and 2014 have improved the organization of the collection significantly; however the space is at maximum capacity. A climate controlled environment is a challenge for NLRM collection management.</p>	<p>The MVTM mandate is to represent the history of the Mississippi Valley and the textile industry. The museum collection focuses on the region's heritage, culture and role of the textile industry in the development of Canada. Exhibitions range from early woolen mill history and period mill equipment to cottage industry and eclectic modern fibre art exhibitions.</p> <p>The collection includes woolen mill and textile related artifacts, a research library and an archive of digitized copies of the Almonte Gazette (from 1861 to 1989). The research library includes textile related documents and is an extension of the Almonte Library. The entire collection consists of 4912 artifacts of which all are catalogued. This includes 2500 artifacts for preservation, 2360 artifacts available for research and 52 artifacts used for education. Collection acquisition and management policies are in place. Recent collection management activities included collection cataloguing/digitizing and the online installation of a digital artifact/research collection.</p> <p>The MVTM collection is stored on-site in a climate controlled space. This space is at maximum capacity.</p>	Mississippi Valley Textile Museum
James Naismith Museum	<p>The mandate of the James Naismith Museum is to promote the values and life of James Naismith – the inventor of basketball. James Naismith was federally designated as a Historic Person in June 1976.(A National Historic Sites and Monuments Board plaque regarding the designation is mounted on the wall of the home now located on the original homestead of James Naismith locate at 4968 County Road 29.)</p> <p>The JNM collection consists of artifacts and photographs focusing on the four major stages of James Naismith's' life including his birth in Eastern Ontario, his time at McGill university in Montreal, his invention of basketball at Springfield College and his later years. The collection consists of ~12,000 artifacts (~10,000 photographs and ~2,000 objects). At present, approximately 10% of the collection has been catalogued/digitized. The Foundation is currently working to develop acquisition and collection management policies.</p> <p>From 1989 until 2009 the early collection of Naismith artifacts was known as the Naismith Museum and Hall of Fame. Since 2009, the Hall of Fame artifacts have been in the possession of Canada Basketball. The JNM is now co-located at the Mill of Kintail with the R. Tait McKenzie Memorial Museum.</p>	<p>The mandate of the R. Tait McKenzie Memorial Museum is to promote the values and life of R. Tait McKenzie - surgeon, educator and sculptor. Robert Tait McKenzie was federally designated as a Historic Person in June 1958. (A National Historic Sites and Monuments Board plaque regarding the designation is located at the Mill of Kintail.)</p> <p>The RTMMM has the largest collection of R. Tait McKenzie sculptures and memorabilia in Canada, consisting of 5000 artifacts, and showcases the life and works of Robert Tait McKenzie in the mill he used in the 1930's as his summer home and sculpture studio. The museum also hosts special exhibits and artisan demonstrations. Collection acquisition and management policies are in place.</p> <p>JNM and RTMMM collections are housed together in a climate controlled location off-site of the Mill of Kintail museum building. This storage facility is currently at its maximum capacity.</p>	R. Tait McKenzie Memorial Museum

PROPERTY AND CAPITAL ASSETS SUMMARY – Three of the four local museums own and operate real property as part of their museum operation, the exception being the JNM collection which is co-located at the Mill of Kintail with the R. Tait McKenzie Memorial Museum.

North Lanark Regional Museum	<p>The NLRM is located in the Village of Appleton between Almonte and Carleton Place at the corner of Appleton Side road and River Road. The ~2000 sq ft museum building and a pioneer cabin are owned by the North Lanark Historical Society. The ~2 acre parcel of land on which the museum sits is owned by the Town of Mississippi Mills. The NLRM was originally housed in the old Appleton School House, from 1970 to 1979, which was located on the property until it burned down in 1979. The school house (and the associated property) was an Ontario designated property. There is a lack of clarity between Town of Mississippi Mills and the NLHS as to whether the pioneer log cabin that has been relocated to the museum site has a heritage status. This should be resolved.</p> <p>The NLHS does not pay municipal taxes on the NLRM property. The Town of Mississippi Mills covers the museum building insurance while the NLHS covers liability insurance. The NLHS is responsible for on-going maintenance and grounds keeping for the NLRM however the Town of Mississippi Mills also provides some grounds maintenance (e.g., lawn mowing. The Town of Mississippi Mills has also provided periodic capital contributions to the NLRM to address emergency maintenance situations and to assist in meeting building code requirements (i.e, In 2008, NLRM received \$5,200 for emergency repairs). The NLHS is currently raising funds to build a ramp to increase accessibility to the museum.</p>	<p>The MVTM is housed in a complex consisting of the former Warehouse (constructed in 1872) and Counting House (constructed in 1904) of the Rosamond Woolen Company Mill located two blocks from Almonte's downtown core. The mill was federally designated as a National Historic Site in 1986. The building was also designated as an Ontario Designated Property in 1981. The 12,952 square foot building now includes an office, gift shop, exhibit space, permanent exhibit space, reference library, storage space and a workshop room. The property is owned by the Mississippi Valley Textile Museum Corporation following the waiving of the mortgage on the property by the Town of Mississippi Mills. Significant capital repairs and upgrades have been completed over the past 8 years through capital investments enabled through grants, fundraising and donations. These repairs and upgrades included: interior work on the foundation and windows, re-pointing of walls, floor replacement, ceiling improvements, extensive work to meet safety and accessibility requirements, installation of heating and cooling systems, creation of a multi-use gallery/exhibit space, construction of a new education room, installation of an elevator, and installation of new lighting as well as exterior landscaping and paving of the parking lot. The building complex is now a fully accessible site. The MVTM does not pay municipal taxes and building insurance is covered by the Town of Mississippi Mills.</p>	Mississippi Valley Textile Museum
James Naismith Museum	<p>The Dr. James Naismith Basketball Foundation does not own or operate any real property. In 2011, the Naismith collection found permanent residence at the Mill of Kintail which is a shared space with the R.Tait McKenzie Memorial Museum. The co-location of the two museums is a natural fit as the two men were childhood friends known as the Brothers of the Wind.</p> <p>Through a contractual agreement between the Foundation and the Mississippi Valley Conservation Authority (MVCA) the James Naismith Museum receives exhibition space, curatorial services and outreach and programming services through the curator responsible for the R.Tait McKenzie Memorial Museum. The partnership benefits both parties with a source of revenue for the MVCA and a new home for the JNM. The partnership also enables efficiencies in joint promotion and marketing, human resources administration and training for JNM summer students.</p> <p>No municipal taxes are paid by the JNM.</p>	<p>The RTMMM is located north west of Almonte between Almonte and Pakenham at the Mill of Kintail Conservation Area. The museum collection is housed in the renovated grist mill that was a summer home and studio to R. Tait McKenzie. The building now known as the Mill of Kintail, and previously known as Woodside Mill, was designated as an Ontario Designated Property in 1981. The three-storey, ~3600 square foot building is located on the 154 acre site and surrounded by grounds and gardens that extend the museum experience.</p> <p>Building insurance and maintenance, as well as grounds maintenance are covered by the MVCA. The MVCA pays municipal taxes to the Town of Mississippi Mills on the property which amounted to ~\$5100 in 2014.</p>	R. Tait McKenzie Memorial Museum

FINANCIAL SUJMARY – All four museums receive funding from the Town of Mississippi Mills; however, the percent of operating budget that Town funding represents varies from museum to museum. Budget size varies significantly between the four museums. The JNM has the smallest operating budget in 2014 at \$33,414. The NLRM 2014 operating budget was \$83,780. This is significantly higher than previous years’ budgets as a result of successful grant applications. The average budget for NLRM over the past four years is ~\$40,000. The MVTM had an operating budget of \$216,956 in 2014 however the MVTM also made a \$135,400 investment in capital upgrades to the museum complex in 2014. The 2013 operating budget for the RTMMM was \$236,500. (2014 budget information was not provided nor was information regarding capital investments at the Mill of Kintail.)			
North Lanark Regional Museum	<p>2014 BUDGET: \$83,780 (In 2014, NLRM received \$5,355 from the Town of Mississippi Mills which represented approximately 6% of the NLRM operating budget.)</p> <p>Budget levels have increased significantly in recent years due to successful grant applications as is demonstrated by operating budget levels from the previous three years: 2011 – \$37,455; 2012 - \$18,330; 2013 - \$20,664. The average budget over the past 4 years = \$40,057.</p> <p>FEES: Admission is by donation at the suggested amount of \$3/person.</p> <p>FUNDRAISING: Teas, special events, genealogy workshops, children’s summer camps, memberships and member donations.</p>	<p>2014 BUDGET: \$216,965 (In 2014, MVTM received \$40,000 from the Town of Mississippi Mills which represented approximately 18% of the MVTM operating budget.)</p> <p>As well, in 2014 MVTM applied an additional \$135,400 in capital grants toward the installation of an elevator. The museum also established a small endowment fund in 2014.</p> <p>FEES: General Admission \$5 (Children under 12 free); members admitted free with a single membership of individual (\$25); family (\$40); Corporate (\$100)</p> <p>FUNDRAISING: Fibrefest and Soup for Thought continue to be major fundraisers. Other fundraising includes room rental, workshops, gift shop sales and special events.</p>	Mississippi Valley Textile Museum
James Naismith Museum	<p>2014 BUDGET: \$33,414 (In 2014, JNM received \$5,355 from the Town of Mississippi Mills which represented approximately 16% of the JNM operating budget.)</p> <p>The JNM operating budget is usually in the \$25,000 range however the 2014 budget is larger due to hiring two summer students (normally one student) in 2013 and cataloguing services during the 2013-14 winter.</p> <p>FEES: No fees charged to access James Naismith Museum.</p> <p>FUNDRAISING: Nevada Ticket Sales (45% of gross revenue) sold at Almonte Mac’s Milk through a license renewed annually with Town of Mississippi. The Ontario Alcohol and Gaming Commission outlines what the license allows raised funds to be used for. Staffing, curatorial services, displays, collection and promotion are eligible expenses that the Nevada funds. General administration, rent and insurance are not allowable expenses.</p>	<p>2013 BUDGET: \$236,756 (In 2014, RTMMM received \$5,355 from the Town of Mississippi Mills which represented approximately 2% of the NLRM operating budget. The RTMMM received approximately 74% of its operating budget from other municipalities.)</p> <p>NOTE: MVCA’s ~\$2.5million budget is funded through a tax levy from member municipalities. ~90% of funding comes from the City of Ottawa. In 2014, with a levy of \$60,700, the Town of Mississippi Mills contributed ~2.5% to the overall MVCA budget.</p> <p>FEES: No admission fee is charged to enter the Mill of Kintail museums. Rather, admission is included in the fees charged to access the Mill of Kintail Conservation Area which are set at: \$5.00 per vehicle; \$3.00 per person for buses and tour groups; Seasonal vehicle pass \$30 for single/ \$50 for family</p>	R. Tait McKenzie Memorial Museum

SEASON, HOURS, ATTENDANCE SUMMARY – The MVTM is the only museum of the four local museums to operate with regular public hours year round. The other three museums have seasonal operations. The NLRM is open regularly from May to November and by appointment through the winter months. The RTMMM and JNM are open May to mid-October. Attendance data demonstrates that museums are reaching audiences both through direct visits to museums and as well through a variety of outreach events and activities.			
North Lanark Regional Museum	<p>OPERATING SEASON: Open Daily May 1 to August 31. Open Wednesday to Saturday 1pm to 4pm September through November or by appointment. Winter 2014/15 – open by appointment and for special events. The research library and museum collection are available year-round by appointment.</p> <p>2014 AUDIENCE REACH: 1223 on-site visitors to the museum plus 2472 people engaged through special events, education outreach, fundraising events for total reach of 3695.</p> <p>Since 2012 total audience reach by the NLRM has increased by over 2 ½ times from 1398 people. With these increases a new audience segment of families with young children are engaging with the museum.</p>	<p>OPERATING SEASON: Open Year Round. October to March - Tuesday to Saturday: 10 am to 4 pm. April to September – Tuesday to Saturday: 10 am to 4 pm and Sunday: 1 pm to 4 pm.</p> <p>2014 AUDIENCE REACH: 4189 on-site visitors to the museum plus 8580 people engaged through special events, education outreach, fundraising events for total reach of 12,769.</p> <p>Total audience reach for the MVTM increased from 20% from 2013 (10568 people) to 2014 (12,769 people).</p>	Mississippi Valley Textile Museum
James Naismith Museum	<p>RTMMM and JNM share a location at the Mill of Kintail.</p> <p>OPERATING SEASON: The Mill of Kintail is open from May to Thanksgiving weekend. Hours are: Monday to Friday 9 am to 3:30 pm, Saturday & Sunday 10:30 am to 4:30 pm.</p> <p>2014 AUDIENCE REACH: 8,460 visitors to the museum plus ~2700 people engaged through special events, education outreach, fundraising events for total reach of over 11,000 people annually.</p> <p>Since 2011, when the James Naismith Museum co-located with the R. Tait McKenzie Memorial Museum, there has been an increase in teenage and young adult visitors.</p> <p>A strategy of the JNM is to increase year round access is through an enhanced online presence.</p>		R. Tait McKenzie Memorial Museum

STAFF AND VOLUNTEERS SUMMARY - The JNM does not have any full-time staff, rather, the Foundation contracts curatorial services for the JNM through the RTMMM. Over the past 2 ½ years, the NLRM has funded a full-time Project Coordinator through grant money. The MVTM has a full-time Director/Curator and a full-time Administrative Assistant. The RTMMM has a full-time Curator/Manager position and periodically the full-time Educator position with the Mill of Kintail Conservation Area provides some support to museum related activities. The NLRM, RTMMM, and JNM all hire temporary seasonal (student) employees typically through the spring/summer months. These positions are funded through grants. The MVTM does not hire any additional seasonal staff at any point through the year.

Mississippi Mills museums have high levels of volunteer commitment with a ratios ranging from a ten volunteers to one employee and higher, even with temporary staff included.

<p>North Lanark Regional Museum</p>	<p>STAFF: 1 full-time Project Coordinator (trained museum professional) at a salary of \$34,300 since 2012 funded through grants. Depending on available grant funding the museum hires 4 summer students who work between 3 to 5 days per week.</p> <p>VOLUNTEERS: 30-40 volunteers; 2357 volunteer hours; 11 volunteer board of director members.</p>	<p>STAFF: 1 full-time Executive Director/Curator at a salary of \$46,800 (trained museum professional) plus 1 full-time administration assistant at a salary of \$33,300.</p> <p>VOLUNTEERS: 3000 volunteer hours in 2014 by the Friends of the MVTM with 60 volunteers. (This is up from 2100 hours in 2013.) 9 volunteer board of director members.</p>	<p>Mississippi Valley Textile Museum</p>
<p>James Naismith Museum</p>	<p>STAFF: No year round full-time staff. Through grant funding the Foundation hires 2 full-time summer students who work on collection management and interpretation through the summer months. In 2015 the Foundation aims to hire an intern for a period of 8 months dependent upon approved grant funding through Young Canada Works.</p> <p>VOLUNTEERS: 7 volunteer board of director members.</p>	<p>STAFF: 1 full-time Museum Manager (trained museum professional) at a salary between \$42,633 and \$53,291. Typically the museum hires 2 students who work from May to October.</p> <p>The Mill of Kintail also has a full-time Educator position who periodically provides some support museum activities.</p> <p>VOLUNTEERS: 10 volunteers; Mill of Kintail Advisory Committee consists of 6 local community volunteers.</p>	<p>R. Tait McKenzie Memorial Museum</p>

PROGRAMMING AND EDUCATION SUMMARY – A variety of on-site and off-site programming is offered by the four museums.		
North Lanark Regional Museum	<p>PROGRAMMING: Programming includes special events and children’s camps that focus on the collection as well as a local history speaker’s series. Newly established events and revenue generating activities include: Student Day Camp for PA days, March Break Children’s Camp, Family Valentine’s Day event, and a Santa’s Christmas Tea for families;</p> <p>OUTREACH EDUCATION: 2 outreach programs (one for Kindergarten and one for Grade 3 students) are provided to 8 classes in local area schools. These programs have been jointly delivered with the R. Tait McKenzie Memorial Museum. Staff and volunteers also make presentations to various groups in the greater area community.</p> <p>NLRM also participates in the local Seniors Expo, Mississippi Mills at a Glance, Beckwith Heritage Days, Pakenham Frost Festival, Pakenham and Almonte Fairs and the Lanark County Harvest Festival.</p>	<p>PROGRAMMING: The museum supports fibre arts by mounting demonstrations and workshops that complement its exhibitions and events. Children’s Summer Camps with a focus on learning related crafts are offered. Workshops for both adults and children provide opportunities for participants to learn new skills.</p> <p>A highlight of 2014 programming was an international exhibit from Japan curated by Alan Elder of the Canadian Museum of History that was hosted at the MVTM. The MVTM has also developed a mill worker memory project and new science based educational programming.</p> <p>OUTREACH EDUCATION: MVTM school-aged education programs offer 10 different modules for Grades 4 through 6 and Grades 8 through 10 and have been designed to complement and enhance the school curriculum.</p>
James Naismith Museum	<p>PROGRAMMING: Museum programming and education outreach for both the JNM and RTMMM is done through the Manager of the RTMMM.</p> <p>OUTREACH EDUCATION: 3 outreach programs are delivered in local area schools. The two separate programs aimed at Kindergarten and Grade 3 students have recently been delivered jointly with the NLRM. A third program is delivered independently and is focused on Grade 5 students. The RTMMM also participates in Mississippi Mills Seniors Expo and Mississippi Mills at a Glance.</p>	
	Mississippi Valley Textile Museum	R. Tait McKenzie Memorial Museum

PARTNERSHIPS and COLLABORATION SUMMARY - The four museum organizations participate to varying degrees in partnerships and collaborative initiatives. All have established some partnerships and collaborations with local businesses or organizations. The MVTM has been very effective in this respect and has built partnerships at the local, regional, provincial, national and international level

Toward Sustainability for Mississippi Mills Museums

FINAL REPORT

April 27, 2015

Prepared by:
Kristi Farrier
Sagum Corporation

Executive Summary

Mississippi Mills has four community museums: the James Naismith Museum (JNM); the Mississippi Valley Textile Museum (MVTM); the North Lanark Regional Museum (NLRM); and the R. Tait McKenzie Memorial Museum (RTMMM). A recent review of these museums resulted in the development of:

- *Mississippi Mills Museum Profiles*, a document providing an overview of the current status of each of the four museums; and
- *Toward Sustainability for Mississippi Mills Museums*, a report summarizing issues faced by local community museums, presenting data on recent academic thinking and approaches with respect to museum sustainability, and recommending actions on how local community museums can move toward sustainability.

The project methodology included consultations with staff and board members from the four local museums and as well as with staff from the Town of Mississippi Mills. Financial, planning and other administrative documents from the museums were reviewed. Recent academic literature, government reports and other documents related to museum sustainability were also reviewed. Discussions with four other Ontario museums provided additional insights on addressing sustainability challenges.

While each local museum has its unique strengths, they share several sustainability challenges including: limited staffing; lower than average staff compensation levels; limited time and resources to develop innovative and participative programming and to manage collections; lack of collection storage space; and financial constraints compounded by lower than average municipal funding. In fact, cultural spending by the Town of Mississippi Mills is below both national and provincial averages.

An analysis of consultation input, together with literature and document reviews, point to the need for museums to: 1) be relevant; 2) collaborate and partner up; 3) secure adequate resources; and 4) take individual action in the face of sustainability challenges. Specific recommended actions in these areas include:

- #1 – Rethink the Role of Museums and How to Engage People
- #2 - Tell a Complete Story of Mississippi Mills
- #3 – Increase and Formalize Joint Actions and Initiatives
- #4 - Improve Collections Management
- #5 - Create a Shared Pool of Museum Staff
- #6 - Establish Formal Funding Agreements
- #7 - Increase Municipal Funding to Museums
- #8 - Develop Capital Investment Plans
- #9 - Strengthen Museum Organizations From the Inside Out

NOTES:

1. Information included in this report on the four museums has been provided by museum representatives or taken from official museum documents. Opportunities were provided to museum organizations to review and verify the information. As well, information and data related to the Town of Mississippi Mills was provided by Town staff or taken from official Town of Mississippi Mills documents. Town staff were provided with the opportunity to verify the information included in the report.
2. Recommendations were developed based on information gathered between the beginning of February 2015 and the end of March 2015. Any changes in the status of museums after the end of March 2015 (e.g., changes in staffing levels) are not reflected in this report or the accompanying recommendations.
3. Financial data is based on 2014 museum budgets with the exception of the RTMMM which provided detailed financial information for 2013. No 2015 core or capital funding contributions from the Town of Mississippi Mills to museums is included in this report.
4. The following individuals participated in consultations that informed the development of this report and recommendations.

Stephanie Kolsters - R. Tait Memorial Museum (Mill of Kintail)

Michael Rikley-Lancaster - Mississippi Valley Textile Museum

Kathy Priddle - Mississippi Valley Textile Museum

Sarah Chisholm – North Lanark Regional Museum

Doreen Wilson – North Lanark Regional Museum

Ed Wilson – North Lanark Regional Museum

Kathy Stewart – James Naismith Museum

Clem Pelot – James Naismith Museum

Tiffany MacLaren – Town of Mississippi Mills

Diane Smithson – Town of Mississippi Mills

Rhonda Whitmarsh – Town of Mississippi Mills

Anne Shropshire – Railway Museum of Eastern Ontario

Cathy Molloy – Markham Museum

Henriette Riegel – Diefenbunker

Shane Edwards – Carleton Place and Beckwith District Museum

Marilyn Snedden – Pakenham “pop-up” museum collection

PART I: BACKGROUND

PURPOSE AND METHODOLOGY

This report was commissioned by the four Mississippi Mills museums with support from the Town of Mississippi Mills. The four museums include: the James Naismith Museum (JNM); the Mississippi Valley Textile Museum (MVTM); the North Lanark Regional Museum (NLRM); and the R. Tait McKenzie Memorial Museum (RTMMM). This report summarizes issues faced by local community museums, presents recent thinking and current approaches with respect to museum sustainability, and recommends actions on how local community museums can move toward sustainability. The document *Mississippi Mills Museum Profiles* provides an overview of the current status of each of the four local museums and should be read as background to this report.

The methodology for this project included consultations with staff and board members from the four museums of Mississippi Mills and staff from the Town of Mississippi Mills. Financial and planning reports as well as other administrative documents provided by each museum were reviewed. Recent academic literature on museum sustainability and other related documents such as museum sustainability plans from Ontario municipalities, museum association publications and other related government reports and surveys were reviewed. Additional discussions were undertaken with four other Ontario museums (the Railway Museum of Eastern Ontario, the Diefenbunker, the Carleton Place and Beckwith Museum and the Markham Museum) to gain additional perspectives on addressing sustainability challenges.

INTRODUCTION

Cultural heritage is a collective resource. Heritage artifacts and stories are often a source of pride in communities and contribute to a sense of identity, belonging, and understanding of a place and its culture. They are also valuable resources that invite learning, questioning and reflection.

Museums play a key role in collecting, preserving and sharing cultural heritage and are a large part of Canadian culture. In 2010, 13.4 million Canadians, representing nearly half the population (47.8%), visited a museum (Hill Strategies Research Inc., 2012).

A museum is defined as “a non-profit, permanent institution in the service of society and its development, open to the public, which acquires, conserves, researches, communicates and exhibits the tangible and intangible heritage of humanity and its environment for the purposes of education, study and enjoyment. (International Council of Museums, 2007).

Museums fill many roles and make many contributions to communities and society. In their most traditional role, they function as public trusts that collect, preserve, and share artifacts and stories of our heritage in a professional and ethical manner.

They undertake research and educate citizens on our history and heritage, which leads to learning and understanding. By linking the past to the present, museums provide opportunities to translate lessons of the past into solutions for the future.

Museums make direct contributions to the economy through jobs for trained museum professionals and skill development opportunities for volunteers and students. They function as tourism destinations, and can be significant drivers of cultural tourism in communities. Museums are also part of vibrant local cultural scenes that attract individuals and businesses to settle in a community. As well, museums are beginning to offer business type services within communities. (e.g., space rental, workshops).

The social contributions of museums to communities and society are significant and are emerging as increasingly important in facilitating understanding among community members and building community cohesion. Through museums we celebrate our heritage, and museums provide entertainment and special event opportunities. Through exhibits, education and outreach programming, museums can give voice to traditionally silenced or marginalized groups in society, as well as provide neutral ground for addressing contemporary social/political issues. Museums can also facilitate collective transition or grieving within a community (i.e., through the interpretation of a loss of a way of life/industry or of tragic events). They function as gathering places for community and as safe public indoor spaces (indoor versions of parks), and more and more frequently, museums are becoming sites for community social programming and service delivery.

MISSISSIPPI MILLS MUSEUMS

Mississippi Mills is a community with a population of 12, 385 (Statistics Canada, 2011) and consisting of rural lands, small villages (Pakenham, Blakeney, Clayton and Appleton) and the urban centre of Almonte. The 2014 municipal budget for the Town of Mississippi Mills was \$13.5 million. That the citizens of Mississippi Mills value culture is demonstrated through the community's many festivals, events, artists, and the fact that there are four local non-profit museums. However, consultations with museum staff and board members, as well as with staff of the Town of Mississippi Mills staff, pointed to numerous challenges for the local community museums.

- Museums of Mississippi Mills receive lower than average levels of municipal funding compared to national and provincial averages of support to heritage institutions
- Municipal funding support representing different proportions of local museum operating budgets creates tension in the museum community through both real and perceived inequity, causes distrust, and hinders collaboration.
- Compensation for full-time staff positions at Mississippi Mills museums tend to be below national and provincial averages.

- Limited municipal funding results in museum staff expending significant efforts to self-generate revenue and limiting time available for engaging users, developing exhibitions, programming and outreach, and researching and managing collections.
- Significant competition for fundraising dollars exists between museums and with the many other non-profit organizations in the local community.
- Museums have little to no reserve funds for matching grants, dealing with emergencies, or for taking advantage of opportunities.
- No overarching vision exists for museums in Mississippi Mills lead by either the Town of Mississippi Mills or by the museums as a united group.
- Gaps and overlaps in museum mandates and themes results in a lack of an integrated and comprehensive presentation of the history of Mississippi Mills.
- Museums are functioning with limited full-time staff.
- Although there are some, collaborative initiatives between museums are limited.
- Collections storage space for all museums is at capacity.
- Local museum access is limited during the winter months as the MVTM is the only local museum is currently open for regular hours year round. As well, the MVTM is also the only museum that has direct access and can accessed by foot from the downtown core of Almonte, the urban centre of Mississippi Mills. The NLRM and RTMMM (with the co-located JNM) have the benefit of larger grounds in rural areas of the community that serve as attractions and venues for associated outdoor programming; however the need exists for transportation to access these sites.

TOWN OF MISSISSIPPI MILLS SUPPORT FOR MUSEUMS

The Town of Mississippi Mills supports local museums through policy positions, in-kind services, contributions to annual operating budgets and, in some cases, periodic capital funding. However, the degree of municipal support varies from museum to museum and is based, to a large degree on an evolution of relationships and circumstances of each museum over time, as opposed to a deliberate and specific vision for museum funding by the municipality.

POLICY POSITION TOWARD LOCAL MUSEUMS

Local museums have been a matter of consideration for the Town of Mississippi Mills since at least 2005 when the Town Council struck a Museums Rationalization Committee. This committee produced the 2006 *Report of the Museums Rationalization Committee* which included recommendations to: resolve issues with respect to the James Naismith Museum; build capacity within museum organizations, increase collaboration between museums; to gather information on museum funding in the region; and develop broader heritage strategies for the municipality. Following the report, the James Naismith Museum moved out of the Old Town Hall to its eventual current co-location with the R. Tait McKenzie Memorial Museum. However, the degree to which other recommendations were actioned is unclear.

In 2011, following lobbying by local museums, the Town of Mississippi Mills agreed to make funding to all museums part of on-going core budget funding (as opposed to part of the municipal grant process). Funding levels were set at \$5000 for the JNM, NLRM,

and RTMMM, and \$40,000 for the MVTM, and it was agreed that funding would be annually adjusted in accordance with the rate of inflation (as budgets allowed). 2011 Council motions (see Appendix A) also included various funding conditions and required annual reporting on: attendance from local and out of town visitors; the amount of fees collected; quality (meaning financially determined value) of the museum collection; amount of money fundraised; and whether museums applied and received CMOG grant funding and if so, the amount of grant funds received. The degree to which the funding conditions and reporting criteria have been adhered to since 2011 is unclear as no formally documented funding agreements exist between the Town and the museums.

The 2014 Town of Mississippi Mills Cultural Plan demonstrated continued interest and support of culture by the municipality. The Cultural Plan emphasized the importance of museums in the community and the need to present both urban and rural local history and heritage. The Cultural Plan also made specific reference to both the role of the MVTM and NLRM in sharing local history (Miller Dickinson Blais, 2014)

Notwithstanding the demonstrated recognition of the importance of museums through various municipal policy positions and actions, the Town of Mississippi Mills lacks an overarching vision or explicit objective statement with respect to community museums.

IN-KIND SUPPORT FOR LOCAL MUSEUMS

The Town of Mississippi Mills provides in-kind services to museums, including:

- Inclusion of museums in promotional campaigns (All museums)
- Highway tourism signage (All museums)
- Property tax waivers (NLRM; MVTM)
- Building Insurance (NLRM; MVTM)
- Some grounds maintenance (NLRM)

DIRECT FUNDING TO LOCAL MUSEUMS

The table below shows Town of Mississippi Mills museum funding from 2008 to 2015.

Year	JNM	MVTM	NLRM	RTMMM	Total
2008	2,500	35,000	5,000*	5,000	47,500
2009	2,000	35,000	3,000	5,000	45,000
2010	5,000	35,000	3,500	3,100	46,600
2011	5,000	37,500	5,000	5,000	52,500
2012	5,125	38,450	5,125	5,125	53,825
2013	5,250	39,219	5,250	5,250	54,969
2014	5,355	40,000	5,355	5,355	56,065
2015 Proposed	5,410	40,400	5,410	5,410	56,630

*In 2008, the Town of Mississippi Mills provided an additional \$5,200 to NLRM for emergency property maintenance.

Although not direct funding, the Town of Mississippi Mills also has a Municipal Heritage Property Tax Refund Program and a Heritage Property Grant Program to which eligible museums can apply.

NOTE ON COMPARATIVE DATA:

National and provincial level comparisons are provided in this report as comprehensive and detailed data related to cultural spending for smaller municipalities is not readily available.

Equally, little comprehensive and detailed data is published on municipal funding specifically to museums. However, it should be noted that the Ontario Museum Association is currently undertaking a museum sustainability project that includes gathering data on museum budgets. As such more detailed and accurate comparisons should be possible in the future. (The Director-Curator of the MVTM is part of the provincial committee coordinating this study.)

CULTURAL SPENDING AND SOURCES OF MUSEUM OPERATING FUNDS

Municipal funding is critical for the operation of local museums and enables museums to leverage additional funding from provincial and federal governments, and from foundations, corporations, and private donors. However, the following data demonstrates that the Town of Mississippi Mills cultural funding is somewhat low in comparison to total cultural spending by other municipalities, and significantly lower than other municipalities with respect to the proportion of municipal funding making up community museums operating budgets.

Total cultural spending by the Town of Mississippi Mills in 2014 equaled to \$769,197, or \$62 per capita. This figure factors in cultural spending as follows: \$14,715 - Heritage Committee; \$38,000 - Other Cultural; \$20,950 - Events Almonte; \$34,850 - Events Pakenham; \$56,065 - Museums; \$125,000 - Estimated Related Salary/Benefits; and \$479,617 - Library.

In 2009, the national average for municipal cultural spending (including libraries) was \$87 per capita and in Ontario average municipal spending on culture was \$92 per capita (Statistics Canada, 2013). Five years later, at \$62 per capita, Town of Mississippi Mills cultural spending is lower than both the 2009 national and provincial averages.

Town of Mississippi Mills spending on libraries alone equaled 62% of total cultural spending or \$38.50 per capita. In turn, spending on all other cultural activities (excluding libraries) equaled 38% of total cultural spending or \$23.50 per capita. Spending on museums represented only 7% of total cultural spending or \$4.53 per capita.

2009 cultural investments (excluding libraries) by five Canadian big cities demonstrated an average big city cultural investment equaling \$35 per capita and the following individual city per capita levels of cultural spending: Montréal - \$55 per capita; Vancouver - \$47 per capita; Calgary - \$42 per capita; Ottawa - \$28 per capita; and Toronto - \$19 per capita (Hill Strategies Research Inc., 2012).

At \$23 per capita, current Town of Mississippi Mills cultural spending (excluding libraries) was lower than average big city cultural spending, and all individual city per capita spending with the exception of Toronto.

SOURCES OF MUSEUM REVENUES

In 2011, Canadian heritage institutions received 50% of operating revenues from government, 35% from earned revenues and 14% from the private sector (e.g.,

donations, sponsorship, etc.) (Canadian Heritage, 2014). Similarly, 2008 research into the sustainability of Ontario's community museums demonstrated that, on average, for museums receiving the provincial Community Museum Operating Grant (CMOG), 51% of funding was received from municipalities (Ontario Museum Association, 2008).

The chart below demonstrates that on average, in recent years, Ottawa community museums received 50% or more of operating revenues from the City of Ottawa. It should be noted that in 2005 the City of Ottawa developed and implemented a Museum Sustainability Plan that included increased operating and capital funding of community museums (City of Ottawa, 2005).

% Operating Revenue from Various Sources for City of Ottawa Community Museums

# of Museums	Year	Source of Operating Funds			
		City of Ottawa	Earned	Private	Other Government
8	2008	57.56%	18.17%	6.01%	18.26%
8	2009	64.81%	17.86%	4.65%	12.68%
7	2010	56.36%	5.23%	5.23%	33.18%
7	2011	57.51%	19.34%	4.90%	18.25%
6	2012	50.72%	21.35%	9.13%	18.80%
Note: The Diefenbunker receives about 25% of its total operating revenue from the City of Ottawa with about 70% earned. This outlier brings the average percent of funding received down considerably. As such, it is likely that some museums received closer to 60% of operating funding from the City of Ottawa.					

In comparison, the chart below shows that the Town of Mississippi Mills contributes significantly less than 50% of operating funds to local community museums with support ranging from 2% to 18% of local museum operating budgets in 2014.

Note: Although the Town of Mississippi Mills only contributed 2% to the RTMMM, the RTMMM received 74% of its funding through municipal levy on 11 municipalities within the Mississippi Valley Conservation Area (MVCA) watersheds. Although, the RTMMM does not face the same challenges with respect to a low percentage of municipal funding, nonetheless, the museum has faced internal budget cuts in recent years and sustainability challenges.

Operating Revenue of Mississippi Mills Museums***

		Core/Permanent Funding		Self-Generated and Applied For Funding													
		All Core/Permanent Funding				Total Self Generated and Applied For		Other Government Revenue (Require successful completion applications)						Self-Generated Revenue

*JNM figures reflect the 2013 contribution from the Town of Mississippi Mills because the JNBF recently changed fiscal years and 2014 funding from the Town of Mississippi Mills is included in the current fiscal year Jun/14 to May/15 to cover off the 2014 museum season.

**RTMMM figures are based the 2013 operating budget.

***Percentages may not equal exactly 100 due to rounding.

VOLUNTEERS

It should also be noted that Mississippi Mills museums have high levels of volunteer commitment. Data from the 2011 Government of Canada Survey of Heritage Institutions indicated that volunteers typically outnumbered staff members by about a three-to-one ratio in heritage organizations (Canadian Heritage, 2014). With respect to the museums of Mississippi Mills, the ratio is significantly higher, ranging from ten volunteers to one employee, and up, even with temporary staff included.

MUSEUM STAFF COMPENSATION

The chart below shows 2011 average salaries for three position types that are most similar to the full-time positions found in museums of Mississippi Mills. These positions include Curator-Director; Educator and Administrative Assistant. (Descriptions for the museum positions can be found in Appendix B - Position Descriptions.)

Excerpt of Findings from the CMA 2011 National Compensation Survey Results			
Annual Base Salary (By Various Criteria)			
	Director-Curator	Administrative Assistant	Educator
National	\$68,559	\$38,111	\$41,944
Regional - Ontario	\$77,922	\$38,620	\$58,899
Annual Organization Budget			
under \$100,000	\$44,819	\$31,620	\$33,352
\$100,000 - \$499,999	\$54,739	41,734	\$41,941
1-3 Full-time Employees	\$48,284	no data avail.	no data avail.
Institution Type -Community Museum			
	\$59,516	\$38,429	\$46,888
Governing Body			
Provincial	\$109,642	\$46,970	\$51,931
Municipal	\$77,144	\$40,123	no data avail.
Incorporated body	\$50,652	\$31,755	\$36,054
Other	\$49,901	no data avail.	no data avail.

In comparison, data below on current salaries/salary ranges for full-time museum staff at Mississippi Mills museums indicates that compensation levels, in almost all cases, is lower than averages identified in the 2011 CMA report.

Full-Time Employee Compensation Levels for Mississippi Mills Museums				
Museum	Position	Full-Time Staff Compensation	# Full-Time Employees	Operating Budget
JNM	N/A	N/A	0	\$33,414
MVTM	Director/Curator	\$47,500	2	\$207,475
MVTM	Administrative Assistant	\$33,300	2	\$207,475
NLRM	Project Coordinator	\$32,400	1	\$83,780
RTMMM	Manager/Curator	\$42,633 - \$53,291	1	\$236,756

2014 data from the Lanark County Museums Network further demonstrates the trend of lower than average compensation levels for museum staff in Lanark County.

Full-Time Employee Compensation Levels for Other Museums in Lanark County	
Other Lanark County Museums	Full-Time Staff Compensation
Archives Lanark	\$0
Carleton Place and Beckwith Heritage Museum	\$40,000
Hall of Remembrance	\$0
Heritage House Museum	data not provided
Lanark and District Museum	data not provided
Middleville Museum	\$0
Railway Museum of Eastern Ontario	\$40,000

PART II: RECOMMENDATIONS FOR SUSTAINABILITY

In consultations with local museum representatives, participants most often referenced the need for more resources (human and financial) as the solution to museum sustainability challenges. While resources are key, sustainability also requires adaptability, flexibility and a strong base of community support.

Addressing sustainability challenges will require museums to: 1) be relevant; 2) collaborate and partner up; 3) secure adequate Resources; and 4) take individual action. Recommendations in these areas include:

- #1 – Rethink the Role of Museums and How to Engage People
- #2 - Tell a Complete Story of Mississippi Mills
- #3 – Increase and Formalize Joint Actions and Initiatives
- #4 - Improve Collections Management
- #5 - Create a Shared Pool of Museum Staff
- #6 - Establish Formal Funding Agreements
- #7 - Increase Municipal Funding to Museums
- #8 - Develop Capital Investment Plans
- #9 - Strengthen Museum Organizations From the Inside Out

BE RELEVANT

“Learn what the community needs and fit the museum to those needs.”
John Dana Cotton, Founder of the Newark Museum established in 1909

A great deal of time is spent focusing on financial resources of museums while an equally critical element of long term sustainability is museum relevance within the community. If what a museum is collecting, preserving and presenting, and how it is being shared does not matter to people then long term sustainability will be limited.

Museums are relevant when the museum experience engages people and creates a connection to things that are meaningful in a person’s life. Contemporary thinking on museum sustainability emphasizes rethinking and expanding the traditional roles of museums which in turn provides opportunities for museums to contribute to community building. Museums are being encouraged to “...reconsider [their] direct relationship with [their] community” and to become facilitators of civic dialogue through a “shift from solely disseminating information to encouraging purposeful exchange around civic issues (Schaffer Bacon, Korza, & Williams, 2002).

Museums can increase their relevance in communities by becoming more like “piazzas” - open public gathering spaces within communities that are used on a regular basis for both formal and informal activities - as opposed to “stadium” type venues that primarily

remain empty other than when a special event or exhibit is on display (Friedman, 2007) (Bradburne, 2001).

Getting people to feel welcome, and eager to spend time in museums, also involves shifting from the idea of museum “visitors” to museum “users” as using something implies direct and active engagement (Bradburne, 2001). Reorienting the purpose and vision of a museum to create connections with people means developing participative experiences that invite interaction with the artifacts and stories collected, preserved and shared by museums and that put people in positions of “active agents” rather than “passive beneficiaries” (Carter, Castle, & Soren, 2011) . Participative programming will deepen connections with the heritage and ideas the museum is sharing. This connection will increase museum relevance and support within the community (Simon, 2012).

In this respect, however, a lack of contemporary elements in a museum collection can be a barrier to attracting new museum users because traditional collections may not represent groups or issues that have been overlooked or marginalized in the past (Smith, 2012). As a result, contemporary audiences simply may not be able to relate to traditional collections and therefore be unable to develop any connection the museum. Invigorating and re-inventing existing exhibits with the introduction of related contemporary artifacts or linking existing collections to contemporary issues and ideas can facilitate broader engagement with new groups of museum users.

Finally, while working to address community needs through innovative programming and engagement opportunities will increase museum relevance, it can at the same time, be an effective strategy for gaining financial support from non-traditional foundations and granting agencies that focus on meeting social needs (Heumann Gurian, 2001).

RECOMMENDATION #1 – RETHINK THE ROLE OF MUSEUMS AND HOW TO ENGAGE PEOPLE

It is recommended that:

- People and their experiences be put at the centre of visioning, planning and programming for museums. Museum boards must lead in this paradigm shift and move beyond entrenched ideas and methods. They must ask the hard questions about current mandates. Are the themes important today? Are the artifacts and stories relevant? How do themes, artifacts and stories connect to contemporary society?
- Museum boards and staff determine the roles a museum can fulfill, ranging from the traditional roles of collecting, preserving and sharing heritage to more contemporary roles as agents of social change. Where each museum lands on this spectrum will be influenced by organizational culture, mandates and themes, location, resources and partnerships.
- Museum boards and staff examine how museum collections, stories and spaces can be used to create connections for museum users and develop programming that invites active participation and results in meaningful experiences.
- The Town of Mississippi Mills determine the roles it envisages museums playing within the community. This exercise would ideally be pursued through dialogue

with museum organizations and could form the basis of a municipal museums strategy to guide Town Council and staff in decision-making related to museums.

RECOMMENDATION #2 – TELL THE COMPLETE STORY OF MISSISSIPPI MILLS

It is recommended that:

- The four museums work with the Town of Mississippi Mills to identify and address gaps and overlaps in the themes and stories currently presented by the museums to ensure a holistic representation of the history of Mississippi Mills. This would involve museums building on elements of existing programming themes or introducing new themes that have natural links to their existing mandates. [This approach was effectively used by the cities of Ottawa and Brantford in their Museum Sustainability Plans (City of Ottawa, 2005) (City of Brantford, 2007).]
- The museums identify together how ways to engage individuals in the community that have artifact collections that might help tell parts of the story of Mississippi Mills and who may be willing to exhibit these artifacts on a temporary basis.
- Proposed themes be considered to build on or link to existing museum mandates. The themes could be adopted as is or serve as a springboard for discussion of this approach.

Potential Model of Expanded Themes

COLLABORATE AND PARTNER UP

Collaboration, or working together, is a tide that can “raise all boats together” through common approaches and promotion of shared interests. Collaboration, however, cannot be forced. It must stem from understanding, trust, and common ground that stems from on-going communication and open information sharing.

Building on collaboration, partnerships even more effectively address sustainability issues through formalized relationships that focus on achieving specific mutual objectives or undertaking specific initiatives based on clearly identified roles, responsibilities and expectations. Partnerships have, in fact been highlighted as the first element in determining an non-profit organization’s capacity to respond to sustainability challenges (Centre for Research and Education in Human Services and Social Planning Council of Cambridge and North Dumfries, 2004).

Through collaboration and partnering financial and human resources can be leveraged and create results that would not be possible alone. Funders favor collaborative efforts and partnership because more areas of need are addressed and service duplication can be limited.

RECOMMENDATION #3 – INCREASE AND FORMALIZE JOINT ACTIONS AND INITIATIVES

It is recommended that:

- The four Mississippi Mills museums collaborate as the Mississippi Mills Museums Network (MMMN) to work together on joint initiatives at both staff and board levels of museums (e.g., board to board engagement; staff to staff training and development for both full-time and summer staff; sharing of policies/procedures and collections management approaches; development of joint temporary exhibits and a portable multi-museum exhibit that could be set up at various events).
- As well, through the MMMN,
 - museums access and/or join other collaborative initiatives to take advantage of information sharing, communications and training opportunities and to broaden the overall web of social capital for museums. For example, connecting with existing Mississippi Mills Festivals Consortium will strengthen the overall community cultural network;
 - museums investigate opportunities to work with local libraries and archives organizations;
 - museums develop joint grant applications (e.g., the celebration of Canada’s 150th anniversary in 2017 may include opportunities to access cultural legacy funding grants);
 - museums work together to develop a local tourism package centered on the four museum experiences (e.g., museums passport project); and
 - museums work together, and potentially with other culture and heritage organizations, to generate innovative joint revenue approaches (e.g., such Toronto’s BeautifulCity initiative (BeautifulCity.ca) where the Arts community successfully lobbied to have a charge on billboards go toward funding for art in the public sphere).

- The Town of Mississippi Mills provide matching funds up to \$5000 annually to the MMMN in support of joint initiatives. This municipal funding would be matched collectively through contributions from each museum.
- Museums work together to “extend the operating season” and increase public access to the collections of the NLRM, JNM and RTMMM by having MVTM host jointly curated temporary exhibits from these collections during the winter months when the NLRM, JNM, and RTMMM are closed or have limited public hours.
- The Town of Mississippi Mills Cultural Coordinator reinstate regular joint meetings with museums representatives.
- Museums work with the Town of Mississippi Mills to take advantage of continued joint marketing efforts that include museums and to participate in Town coordinated volunteer recruitment initiatives.
- The Town of Mississippi Mills take a lead role in hosting an annual roundtable or summit of museums and other cultural/heritage organizations in the community to facilitate information sharing and encourage idea generation and action implementation strategies to advance cultural activities in Mississippi Mills.

RECOMMENDATION #4 – IMPROVE COLLECTIONS MANAGEMENT

It is recommended that:

- The four Mississippi Mills museums establish a joint acquisitions committee that would meet periodically to share information on acquisitions and work together to determine the best location for artifacts in order to reduce overlap in collections.
- The museums determine if there is any existing available storage space that could be shared.
- In the longer term, museums investigate the possibility of an off-site shared location for collections storage and processing of artifacts. Private and corporate partners and sponsors should be sought out for such an undertaking (e.g., an existing business warehouse that could be retrofitted). A joint capital fundraising campaign should be considered. The development of a business case for such an undertaking would position museums to be ready to apply for possible infrastructure funding that may come available in the future.

RECOMMENDATION #5 - CREATE A POOL OF SHARED MUSEUM STAFF

It is recommended that:

- A pool of shared full-time museum staff be created within the following parameters:
 - MVTM and NLRM have a full-time staff to enable CMOG eligibility
 - MVTM and NLRM be responsible for staffing the respective positions
 - The shared museum staff would also provide support to RTMMM and JNM through MM Museum Network collaborative initiatives.
- A potential model of shared full-time museum staff is presented below. The proposed model could be adopted as presented or could serve as a springboard for discussion of this approach and to determine the most appropriate complement of skills and positions to meet the combined needs of the museums.

Potential Model of Shared Museum Staff

SECURE ADEQUATE RESOURCES

In 2011, staff compensation, at 43% of all expenditures, accounted for the largest area of expenditure in heritage organizations (Canadian Heritage, 2014). Adequate compensation is a key element in recruiting and retaining trained, professional museum staff. Competent and committed staff are key to the success of museums. They are essential for the development of effective participative programming, engaging exhibits, and sound collections and organizational management. In addition to human resources, capital resources are critical for on-going maintenance and upgrades to museum real property.

RECOMMENDATION #6 – ESTABLISH FORMAL FUNDING AGREEMENTS

It is recommended that:

- Formal funding agreements be established between the Town of Mississippi Mills and individual museums to outline financial contributions and in-kind services from the municipality and identify specific objectives and performance measures. These agreements would increase the transparency of the funding process and provide an accountability mechanism to the municipality and ultimately to tax payers
- Funding agreements have multi-year terms (e.g., three years) and involve annual reporting to the municipality followed by a thorough review and evaluation of

performance against set objectives at the end of the set term. A multi-year approach will enable longer-term planning for museums and enable museums to leverage other multi-year funding grants and partnerships.

- A condition of multi-year agreements be that museums must demonstrate that future oriented strategic and operational planning has taken place and that a clear direction for the museum exist for the next three to five years exists.
- Annual reporting processes and standards for performance measures be defined to better enable year over year comparisons for individual museums as well as comparisons between museums.
- The Town of Mississippi Mills expand the performance measures for museums beyond financial impacts and attendance figures as identified in the 2011 funding conditions passed by Council. Measures of success for museums should also include information on programming, education initiatives, collection condition (versus monetary value of the collection), and community engagement or community building.

RECOMMENDATION #7 – INCREASE FUNDING TO MUSEUMS

It is recommended that:

- For local museums currently receiving less than 50% of operating funds from any municipal sources,
 - the Town of Mississippi Mills increase core funding, to a minimum of 33% and a maximum of 50% of each museum's 2014 operating budget, for a period of three years. These funds would be directed to meeting sustainability challenges through developing participative programming, engaging exhibits, ensuring sound collections and organizational management, and through elevating staff compensation to be on par with average Ontario compensation levels for museum staff.
 - increased funding levels (between 33% and 50% of current operating budgets) for three years, be determined based on the existence of museum strategic and operational plans and the development of a costed, three year sustainability plan outlining specific actions to be achieved.
 - the Town of Mississippi Mills, after three years of increased funding, continue on-going museum funding at no less than 33% of 2014 museum operating budgets adjusted for inflation.
- Museums, through the MMMN, and the Town of Mississippi Mills, through Council representatives on the Board of the MVCA, lobby for the MVCA to increase compensation for the Mill of Kintail Museum Manager position to be on par with average Ontario compensation levels.

RECOMMENDATION #8 – DEVELOP CAPITAL INVESTMENT PLANS

It is recommended that:

- Museums operating museum buildings develop long term, costed capital investment plans for their museum buildings, including all real property plans such as, sale, relocation or additions to buildings.
- Museums, based on capital investment plans, engage in negotiations to develop agreements for capital funding from the Town of Mississippi Mills based on the municipality matching funds (dollar for dollar) that are fundraised by a museum for capital projects.
- Town of Mississippi Mills adopt a policy to waive building permits for museum capital projects.

TAKE INDIVIDUAL ACTION

In addition to efforts to increase relevance, to collaborate and form partnership, and to secure adequate resources, museum organizations can take many individual actions address sustainability challenges.

RECOMMENDATIONS #9 –STRENGTHEN MUSEUM ORGANIZATIONS THE INSIDE OUT

It is recommended that:

- Museums develop and/or maintain a strong volunteer base through active recruitment and recognitions activities including engaging youth as volunteers
- Museums identify key organizations, businesses and institutions with shared objectives and seek to develop partnerships.
- Museums ensure branding and marketing communicates clear and consistent messages and information about the museum.
- Museums continue to meet or strive to meet standards and requirements and apply for the Ontario Community Museums Operating Grant.
- Employ diverse fundraising approaches including, but not limited to, membership programs, corporate sponsorship, establishing foundations, bequest programs, on-line crowd source funding, and special events.
- Museums use facilities to generate revenue (e.g., room rental, workshops, weddings, gift shops, sale of unique/related products)
- Museums develop sustainability plans guided by recommendations in this report.

PART III: CONCLUSION

The role of museums in contemporary society is evolving. Museum sustainability is directly tied to changing with the times. This means museums must find ways to actively engage museum users in experiences that will create meaningful connections with heritage collections and stories. Sustainability challenges can also be addressed through greater collaboration and partnering efforts. Adequate resources to attract and retain professional and competent staff and maintain museum real property are also critical and require increased support at the municipal level as well as concerted effort by organizations to take individual actions to generate social capital and additional revenues.

The recommendations presented in this report point to actions that will contribute to ensuring the sustainability of the museums of Mississippi Mills as they firmly establish and maintain their roles as significant and vital contributors to building a vibrant and connected community.

APPENDIX A: 2011 TOWN OF MISSISSIPPI MILLS RESOLUTIONS
REGARDING MUSEUM FUNDING

COUNCIL RESOLUTION

No. 101 - 11

March 7, 2011

MOVED BY: *[Signature]*

SECONDED BY: *[Signature]*

BE IT RESOLVED THAT the Council of the Corporation of the Town of Mississippi Mills consider base funding for museums in 2011 based on the following:

Mississippi Valley Textile Museum	\$37,500
R. Tait McKenzie Museum (Mill of Kintail)	5,000
Naismith Museum	5,000
North Lanark Regional Museum	5,000
Total	\$52,500

AND FURTHERMORE THAT these amounts be increased by the cost of living percentage established by Statistics Canada for Ontario as at December (subject to the availability of funding each year) except that no cost of living increase be provided to any museums until the Provincial Community Museum Operating Grant (CMOG) criteria have been completed and submitted for the North Lanark Regional Museum and the Naismith Museum or alternatively that an implementation schedule is provided to Council outlining the work still required to meet CMOG standards.

COUNCIL RESOLUTION

March 7, 2011

No. 097 - 11

MOVED BY:

[Signature]

SECONDED BY:

[Signature]

BE IT RESOLVED THAT the Council of the Corporation of the Town of Mississippi Mills require the four Mississippi Mills Museums to report annually by December 31 each year on the following factors in order to be considered for base funding by the municipality in the following fiscal year:

1. Attendance figures by local and out of town visitors to the museums including the amount of attendance fees collected
2. Quality (value) of the collection which can be reported on in terms of the assessed insurance value of the collection or any other means of determining the value of the collection
3. The fundraising capacity of the museum i.e. how much fundraising was completed in the current fiscal year
4. Provincial grant eligibility – has the museum completed the Community Museum Operating Grant application and if so, what amount if any was received in the current fiscal year

APPENDIX B: POSITION DESCRIPTIONS

(Excerpt of Findings from the Canadian Museums Association - 2011 National Compensation Survey Results)

Director-Curator (p.59)

Usually found in smaller institutions, this top management position is responsible for directing all curatorial affairs and select administration /operational activities, such as finance and accounting, purchasing and office administration. Scope of responsibilities may include public and donor relations, developing and controlling the implementation of curatorial and operational policies and procedures, and coordinating the activities of curatorial and operational staff.

Administrative Assistant (p. 62)

The position responsible for providing administrative support to an individual or group. Scope of responsibilities may include generating memos, agendas and reports, coordinating meetings and travel arrangements, and providing broad administrative support.

Educator (p.65)

The position responsible for coordinating and administering/conducting educational programs. Scope or responsibilities may include planning and teaching program curricula in the museum and /or in the classroom and preparing learning materials for teachers and students.

THE COUNTY OF LANARK

ECONOMIC DEVELOPMENT COMMITTEE

October 28th, 2020

Report #CAO-20-2020

Last Mile Broadband Internet

1. STAFF RECOMMENDATIONS:

“THAT, Lanark County Council accept the report CAO-20-2020 “Last Mile Broadband” for Information

AND THAT, County Council support moving this project to the draft 2021 budget;

AND THAT, a copy of this report be sent to the local municipalities.”

Prepared and Recommended By:

Kurt Greaves
Chief Administrative Officer

2. PURPOSE

To begin a discussion about developing a joint County/Local Municipal program for Last Mile Broadband Internet.

3. BACKGROUND

Lanark County has been involved in several projects to bring high speed internet and mobile broadband to the County.

Rural Connections Broadband program was completed in June 2012.

Lanark County is a member of the Eastern Ontario Warden's Caucus (EOWC). The EOWC is the owner of the Eastern Ontario Regional Network (EORN). The first EORN project, \$260 million, completed in 2015 brought a fibre optic backbone across Eastern Ontario with 160 points of presence (POPs) for connection to local networks. This project allows high speed networks to build off the backbone. These networks are a mixture of fibre optics and fixed wireless internet solutions. As the networks build out from the POPs to areas of low-density housing there is a diminishing return on investment for internet providers. Some locations due to topography and vegetation etc. have only satellite service.

Lanark County is also part of EORN's cell project that will bring improved coverage and capacity to Eastern Ontario. This \$213 million dollar project will begin construction in 2021 and will cover 99% of homes, business and arterial roads. This system also builds off the EORN fibre backbone from the first project.

EORN has announced a third proposed project to bring fibre service to every home in Eastern Ontario. This project has been costed at \$1.2 to \$1.6 billion and is subject to major investment from all levels of government.

4. DISCUSSION

The supply of high-speed internet to rural residents is constantly growing. All the Internet Service Providers are building out their networks adding fibre optics and extra towers.

There are however always areas where topography and density do not allow a business case to make sense for an economical solution. Fixed wireless and satellite options can provide basic service but as demand for higher speeds and improved capacity grows it is outpacing supply for many residents.

The emphasis today on online services for education, work and health is placing many residents with slow service at a disadvantage.

These areas need a helping hand to allow for higher capacity solutions to be economical.

The suggested plan would be to do a request for proposal where we ask the ISPs to submit plans by municipality for improved internet service.

The municipalities could identify areas where service is requested or leave it to the ISP to identify the areas they could upgrade.

The evaluation metrics will be predetermined to create a consistent template. Criteria could include company experience, proposed download and upload speeds, customer pricing ranges, timelines to completion etc.

Potential Cost Sharing Formula

Lanark County (17%)
Local Municipality (17%)
Customer (17%)
Internet Service Provider (50%)

The initial County budget is recommended at \$125,000 which would leverage a \$750,000 investment.

5. FINANCIAL IMPLICATIONS

The County's initial investment is suggested at \$125,000. The recommendation would be to pull this amount from reserves.

6. LOCAL MUNICIPAL IMPACT

The local municipalities have an opportunity to partner in this project.

7. CONCLUSIONS

High speed internet has quickly become an essential service in today's world. In order to help full enhanced infrastructure all levels of government are taking an active approach.
